

Prevention and Treatment (SAPT) Block Grant, SAMHSA/CSAT uses TCE to target specific local needs that address national treatment priorities. Eligibility is restricted to local governmental entities in recognition of the local governments' responsibility for and interest in providing for the needs of their citizens, and because the success of the program will depend upon their authority and ability to broadly coordinate a variety of resources.

Grants will be awarded only to local and tribal governments and their major organizational units with broad planning, policy, and service coordination responsibilities. Hospitals, community health centers, school systems, or court systems are not eligible for TCE grants.

Community-based organizations (CBOs), including not-for-profit and faith based organizations, are not eligible to apply directly for these grants, even if providing services under contract to a unit of government. However, CSAT encourages local government applicants to develop partnerships with these organizations for the provision of treatment services as part of their proposed TCE projects.

Potential applicants who are unsure of eligibility should contact the person responsible for program issues listed below.

Availability of Funds: CSAT anticipates that approximately \$28 million will be available for approximately 56 awards in FY 2003. The total funds available and the actual funding levels will depend on the receipt of an appropriation. Additional funding for new grants may be available in future fiscal years. Applicants may request up to but not more than \$500,000 in total costs (direct and indirect) per year. Because TCE is intended to be a national program benefitting the maximum possible number of communities, CSAT will reserve up to one third of TCE funds for applicants within States and communities that have no active TCE grants at the time awards are made.

Period of Support: Awards may be requested for up to 3 years.

Criteria for Review and Funding:
General Review Criteria: Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

Award Criteria for Scored Applications: Applications will be considered for funding on the basis of

their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criteria. Additional award criteria specific to the programmatic activity may be included in the application guidance materials.

Catalog of Federal Domestic Assistance Number: 93.243.

Program Contact: For questions concerning program issues, contact: James M. Herrell, Ph.D., Division of Practice and Systems Development, CSAT/SAMHSA, Rockwall II, Suite 740, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-2376, E-Mail: jherrell@samhsa.gov

For questions regarding grants management issues, contact: Steve Hudak, Division of Grants Management, OPS/SAMHSA, Rockwall II, 6th floor, 5600 Fishers Lane, Rockville, MD 20857, (301) 443-9666, E-Mail: shudak@samhsa.gov

Public Health System Reporting Requirements: The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements. Application guidance materials will specify if a particular FY 2003 activity is subject to the Public Health System Reporting Requirements.

PHS Non-use of Tobacco Policy Statement: The PHS strongly encourages all grant and contract recipients to provide a smoke-free workplace and promote the non-use of all tobacco

products. In addition, Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities (or in some cases, any portion of a facility) in which regular or routine education, library, day care, health care, or early childhood development services are provided to children. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Executive Order 12372: Applications submitted in response to the FY 2003 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Division of Extramural Activities, Policy, and Review Substance Abuse and Mental Health Services Administration, Parklawn Building, Room 17-89, 5600 Fishers Lane, Rockville, Maryland 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. SAMHSA does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: June 18, 2002.

Richard Kopanda,

Executive Officer, SAMHSA.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4739-N-18]

Notice of Proposed Information Collection: Comment Request; Survey of Neighborhood Networks Centers

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* August 23, 2002

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposed by name and/or OMB Control Number and should be sent to: Wayne Eddins, Reports Management Officer, Department of Housing and Urban Development, 451 7th Street, SW, L'Enfant Plaza Building, Room 8003, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT:

Delores A. Pruden, Director, Neighborhood Networks, Office of Housing Assistance and Grant Administration, Multifamily Housing Programs, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410, telephone (202) 708-4135 (this is not a toll free number) for copies of the proposed forms and other available information.

SUPPLEMENTARY INFORMATION: The Department is submitting the proposed information collection to OMB or review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Survey of Neighborhood Networks Centers.

OMB Control Number, if applicable: None.

Description of the need for the information and proposed use: Launched by HUD's Office of Multifamily Housing Programs in September 1995, Neighborhood

Networks is a community-based program that encourages the development of resource and community technology centers in HUD insured and assisted housing. Common factors have contributed to overall program success and sustainability. Likewise, there are common obstacles to starting and maintaining successful Neighborhood Networks Centers. HUD's Office of Multifamily Housing Programs is planning to conduct surveys of Neighborhood Networks Center Directors to document Center characteristics in five key areas: (1) Center and user demographics, (2) Center capacity, (3) programs offered, (4) overall progress, and (5) obstacles or barriers to success. The surveys will identify commonalities and trends that will guide the future of the Neighborhood Networks Program.

Agency form numbers, if applicable: None.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: Based on a starting sample of approximately 1,000 Directors and Coordinators of Neighborhood Networks Centers, and an estimated 80 percent response rate, the survey will be administered to approximately 800 respondents. For the current data collection, the frequency of response will be on occasion and annually, with an estimated response time of 25 minutes per respondent. The estimated total annual burden is 336 hours.

Status of the proposed information collection: New Collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C., Chapter 35, as amended.

Dated: June 13, 2002.

Sean G. Cassidy,

General Deputy Assistant Secretary for Housing-Deputy Federal Housing Commission.
