

**FOR FURTHER INFORMATION CONTACT:**

Kalven L. Trice, State Conservationist, Natural Resources Conservation Service, Room 3416 Federal Building, 700 West Capitol Avenue, Little Rock, Arkansas 72201, Telephone (501) 301-3100.

**SUPPLEMENTARY INFORMATION:** Due to the preliminary anticipated Federal cost of this project, NRCS policy requires that an environmental impact statement be prepared.

The project concerns a plan to address groundwater declines and measures to increase water use efficiency. Alternatives under consideration to reach this objective include the construction of on-farm water storage reservoirs, underground pipelines, tailwater recovery systems, and improved irrigation management.

A draft environmental impact statement will be prepared and circulated for review by agencies and the public. The Natural Resources Conservation Service invites participation and consultation of agencies and individuals that have special expertise, legal jurisdiction, or interest in the preparation of the draft environmental impact statement. NRCS held a combined public hearing and scoping meeting with the Arkansas Soil and Water Commission on February 1, 2001 at Weiner, Arkansas to discuss this watershed. Comments were received at and following this meeting. In order to comply with the National Environmental Policy Act of 1969 (NEPA), additional comments from the public and interested agencies will be accepted until July 15, 2002. Further information on the proposed action or future public meetings may be obtained from Kalven L. Trice, State Conservationist, at the above address and telephone number.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904—Watershed Protection and Flood Prevention—and is subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials.)

Dated: June 5, 2002.

BILLING CODE 3210-16-P

**DEPARTMENT OF AGRICULTURE****Rural Utilities Service:****Louisa Generation L.L.C.; Notice of Finding of No Significant Impact**

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice of finding of no significant impact.

**SUMMARY:** Notice is hereby given that the Rural Utilities Service (RUS) has made a finding of no significant impact with respect to the construction and operation of a 490-megawatt electric generation plant in Louisa County, Virginia. RUS may provide financing for the project to Louisa Generation L.L.C. (a subsidiary of Old Dominion Electric Cooperative).

**FOR FURTHER INFORMATION CONTACT:** Bob Quigel, Engineering and Environmental Staff, RUS, Stop 1571, 1400 Independence Avenue, SW., Washington, DC 20250-1571, telephone (202) 720-0468, e-mail at [bquigel@rus.usda.gov](mailto:bquigel@rus.usda.gov).

**SUPPLEMENTARY INFORMATION:** Old Dominion Electric Cooperative would be the agent to construct and operate the proposed plant. The preferred plant site is located just east of the Louisa/ Albemarle County line at the intersection of Klockner Road and a CSX Railroad track. The site is approximately 90 acres. About 30 acres of the site would be developed for the plant. The plant would be made up of one 170 megawatt, GE Frame 7FA and four 80 megawatt, 7EA combustion turbines. The nominal output of the plant will be 490 megawatts. The primary fuel will be natural gas. Low sulfur fuel oil will be used as a back-up fuel.

The plant will be a peaking facility. It is anticipated that each of the five turbines would operate for no more than 1,800 hours per year. This would be during periods of high-energy demand in Virginia. Columbia Gas of Virginia will provide the natural gas for the plant by constructing the natural gas distribution pipeline in an existing gas pipeline right-of-way. No new electric transmission lines are required to be constructed for the proposed plant. A water pipeline and storage tank to be owned and constructed by the Louisa County Water Authority will be built to provide water to the generation plant. The length of the 12-inch water pipeline is approximately 2.5 miles and will require a permanent 20-foot easement for maintenance and operation. The water storage tank will have a capacity of 80,000 gallons and will be approximately 38 feet high and 20 feet in diameter. The tank will be constructed on an approximately 1/4 acre parcel owned by Louisa County.

Copies of the finding of no significant impact are available from RUS at the address provided herein or from Mr. David Smith, Old Dominion Electric

Cooperative, Insbrook Corporate Center, 4201 Dominion Boulevard, Glen Allen, Virginia 23060, telephone (804) 968-4045. Mr. Smith's E-mail address is [dsmith@odec.com](mailto:dsmith@odec.com).

Dated: June 20, 2002.

**Blaine D. Stockton,**

**DEPARTMENT OF COMMERCE****International Trade Administration****Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of initiation of antidumping and countervailing duty administrative reviews and request for revocation in part.

**SUMMARY:** The Department of Commerce has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with May anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews. The Department of Commerce also received a request to revoke one antidumping duty order in part.

**EFFECTIVE DATE:** June 25, 2002.

**FOR FURTHER INFORMATION CONTACT:** Holly A. Kuga, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4737.

**SUPPLEMENTARY INFORMATION:****Background**

The Department has received timely requests, in accordance with 19 CFR 351.213(b) (2001), for administrative reviews of various antidumping and countervailing duty orders and findings with May anniversary dates. The Department also received a timely request to revoke in part the antidumping duty order on Ball Bearings from Germany.

*Initiation of Reviews:* In accordance with 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings.

We intend to issue the final results of these reviews not later than May 31, 2003.

During any administrative review covering all or part of a period falling between the first and second or third and fourth anniversary of the publication of an antidumping duty order under § 351.211 or a determination under § 351.218(f)(4) to continue an order or suspended investigation (after sunset review), the Secretary, if requested by a domestic interested party within 30 days of the date of publication of the notice of initiation of the review, will determine whether antidumping duties have been absorbed by an exporter or producer subject to the review if the subject merchandise is sold in the United States through an importer that is affiliated with such exporter or producer. The request must include the name(s) of the exporter or producer for which the inquiry is requested.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305.

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 USC 1675(a)), and 19 CFR 351.221(c)(1)(i).

Dated: June 19, 2002.

**Holly A. Kuga,**  
Senior Office Director, Group II, Office 4,  
Import Administration.

### Notice of Amended Final Antidumping Duty Administrative Review: Stainless Steel Plate in Coils from the Republic of Korea; Correction

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of amended final results of antidumping duty administrative review of stainless steel plate in coils from the Republic of Korea.

**EFFECTIVE DATE:** June 25, 2002.  
**SUMMARY:** On April 23, 2002, the Department issued its amended final results for the administrative review of the antidumping duty order on stainless steel plate in coils from the Republic of Korea for the period of review November 4, 1998, through April 30, 2000. See *Notice of Amended Final Antidumping Duty Administrative Review: Stainless Steel Plate in Coils From the Republic of Korea ("Amended Final Results")*, 67 FR 19734 (April 23, 2002).

Our *Amended Final Results* erroneously stated that the case number was A-580-841. However, the correct case number is A-580-831. No other changes have been made to the *Amended Final Results*.

**FOR FURTHER INFORMATION CONTACT:** Brandon Farlander and Robert Bolling, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230; telephone: (202) 482-0182 and (202) 482-3434, respectively.

DATED: June 14, 2002

**Faryar Shirzad,**  
Assistant Secretary for Import Administration.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

**[I.D. 061402F]**

### Endangered and Threatened Species; Take of Anadromous Fish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of applications for Incidental Take Permits 1391, 1392, and 1393 with Habitat Conservation Plans and availability for public comment.

**SUMMARY:** Notice is hereby given that NMFS has received three revised applications for incidental take permits (Permits) from the Public Utility District (PUD) No. 1 of Douglas County (Wells application) and PUD No. 1 of Chelan County (Rocky Reach and Rock Island applications), in the State of Washington pursuant to the Endangered Species Act (ESA). Each PUD has revised its application(s) to include a revised Anadromous Fish Agreement and Habitat Conservation Plan (HCP), as required by the ESA, designed to minimize and mitigate any such take of endangered and threatened species. The revised Anadromous Fish Agreements and HCPs are also intended to serve as agreements to satisfy the PUDs obligations under the Federal Power Act and related federal and state laws governing effects on anadromous fish and their habitat. The PUDs seek authorization for the incidental take of listed species associated with the operation of three hydroelectric projects located on the Columbia River between river mile 453.4 and 515.8 near the city of Wenatchee, Washington. These projects impact anadromous fish primarily by impeding up and downstream passage of fish and inundating riverine habitat. NMFS published notice of a Draft Environmental Impact Statement (DEIS) pursuant to the National Environmental Policy Act (NEPA) on December 29, 2000 and received public comment through May 1, 2001. The DEIS evaluated the previous version of the Anadromous Fish Agreements and HCPs. The revised permit applications and Anadromous Fish Agreements and HCPs, which are the subject of this notice, reflect revisions developed to address comments received on the DEIS and to clarify the PUDs responsibilities. NMFS will publish a final EIS which addresses comments received on the DEIS and additional comments received pursuant to this notice. All comments received will become part of the public record and will be available for review pursuant to the ESA.
