ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[Docket ID–15–6995b; FRL–7232–2]

Approval and Promulgation of Sandpoint, ID, Air Quality Implementation Plan

AGENCY: Environmental Protection Agency (EPA or “we”).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency proposes to approve a State Implementation Plan (SIP) revision submitted for the Sandpoint nonattainment area in the State of Idaho.

Sandpoint was classified as nonattainment for particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers (PM10) with an aerodynamic diameter less than or equal to a nominal 10 micrometers (PM10) pursuant to the Clean Air Act Amendments of 1990. As a result, Idaho was required to submit a plan for bringing the area into attainment. This action proposes to approve the plan for Sandpoint submitted on August 16, 1996.

In the Final Rules section of this Federal Register, the EPA is approving the State’s SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comments on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the Direct Final rule which is located in the Rules section of this Federal Register.

Ron Kreizenbeck, Acting Regional Administrator, Region 10.
