

ACTION: Notice of proposed information collection requests.

SUMMARY: The Leader, Regulatory Information Management, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. chapter 3507 (j)), since public harm is reasonably likely to result if normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by July 12, 2002.

ADDRESSES: Written comments regarding the emergency review should be addressed to the Office of Information and Regulatory Affairs, Attention: Karen Lee, Desk Officer: Department of Education, Office of Management and Budget; 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner, (3) is the estimate

of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on respondents, including through the use of information technology.

Dated: June 20, 2002.

John Tressler,

Leader, Regulatory Information Management, Office of the Chief Information Officer.

Office of Elementary and Secondary Education

Type of Review: Revision of a currently approved collection.

Title: Indian Education Discretionary Grant Applications (KI).

Abstract: Application for funding for Indian Education discretionary programs of Demonstration Grants for Indian Children and Professional Development. The information is used to determine applicant eligibility and amount of awards for projects selected for funding.

Additional Information

An emergency clearance is necessary to enable the Department to allow potential grantees the opportunity to apply for funding this fiscal year under these discretionary grant programs and begin funded programs early in the coming school year. The regulations for the program are being published as a final rule with request for comments. This allows the Department to implement the programs without delay, but still provides the public with an opportunity to comment on the regulatory provisions. A delay in the clearance of these information collection requirements will mean that the program will be unable to make awards this year and funds would lapse. Further the selected funded projects will be unable to recruit the most qualified staff or training participants and successfully begin implementation of their programs early in the 2002-03 school year. In our view harm to the public would occur if this clearance is not approved.

Although OMB will provide provisional clearance of this information collection in order to get awards out this year, the public will have another chance to comment on the information collection requirements of the final rule when the final regulation is published in mid-July, 2002.

Frequency: Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs (primary).

Reporting and Recordkeeping Hour Burden:

Responses: 100.

Burden Hours: 5840.

Florida Gas Transmission Company; Notice of Compliance Filing

June 20, 2002.

Take notice that on June 17, 2002, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets:

Fifth Revised Sheet No. 119
Fifth Revised Sheet No. 120A
Original Sheet No. 135B
Fourth Revised Sheet No. 162
Fifth Revised Sheet No. 165A
Sixth Revised Sheet No. 166
First Revised Sheet No. 166A
Fifth Revised Sheet No. 167
Third Revised Sheet No. 175

FGT states On February 9, 2000, the Commission issued its final rule regarding the regulation of interstate natural gas transportation services in Docket Nos. RM98-10-000 and RM98-12-000 (Order No. 637). Among other things, Order No. 637 required pipelines to demonstrate compliance or make conforming tariff changes related to scheduling equality, released capacity, capacity segmentation, pipeline imbalance services, operational flow orders (OFOs) and penalties. The Commission further clarified these requirements in Order Nos. 637-A and 637-B.

On July 14, 2000, FGT submitted pro forma tariff sheets proposing changes to comply with Order No. 637 (July 14, 2000 Filing). Subsequently, on May 16, 2002 the Commission issued its order on FGT's July 14, 2000 Filing. The May 16 Order accepted FGT's proposal on several issues while requiring FGT to make tariff revisions and to file actual

tariff sheets within thirty (30) days consistent with the discussion in such order. Additionally, the May 16 Order directed that such tariff sheets not be placed into effect before further order of the Commission.

FGT states that in the instant filing, FGT addresses each of the Commission's directives and is proposing corresponding tariff changes. However, FGT requests that the Commission defer acting on certain tariff sheets related to issues for which FGT has requested rehearing. With respect to those tariff sheets, FGT reserves the right to propose modifications to the tariff provisions proposed herein as a result of future Commission orders resulting from FGT's Request for Rehearing and Clarification of the Commission's May 16 Order. In addition, FGT reserves the right to propose modifications to these tariff sheets as a result of Commission orders which are a result of underlying challenges to Order No. 637 in *Interstate Natural Gas Association of America v. F.E.R.C.*, No. 98-1333, et al., 2002 WL 506850 (D.C. Cir. April 5, 2002).

All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations.
