

OFFICE OF GOVERNMENT ETHICS**Review of Criminal Conflict of Interest Statutes; Opportunity for Comment**

AGENCY: Office of Government Ethics (OGE).

ACTION: Notice.

SUMMARY: The Office of Government Ethics is conducting a review of the criminal conflict of interest statutes, 18 U.S.C. 202–209. This notice provides the public and agencies an opportunity to comment.

DATES: July 29, 2002.

ADDRESSES: Send any comments to the Office of Government Ethics, Suite 500, 1201 New York Avenue, NW., Washington, DC 20005–3917, Attention: Mr. Stuart D. Rick. Comments also may be sent electronically to OGE's Internet E-mail address at usoge@oge.gov. For E-mail messages, the subject line should include the following reference—"Comments Regarding Criminal Conflict of Interest Law Review."

FOR FURTHER INFORMATION CONTACT: Stuart D. Rick, Deputy General Counsel, Office of Government Ethics; Telephone: 202–208–8000; TDD: 202–208–8025; FAX: 202–208–8037.

SUPPLEMENTARY INFORMATION: In a report to Congress last year, the Office of Government Ethics announced its intention to examine whether the criminal conflict of interest laws could be simplified or otherwise improved without sacrificing the necessary protection they provide for a fair and impartial Government process. Office of Government Ethics, *Report on Improvements to the Financial Disclosure Process for Presidential Nominees 21–22* (April 2001) (available on OGE's website, www.usoge.gov, under "Forms, Publications & Other Ethics Documents"). Pursuant to its authorities under section 402 of the Ethics in Government Act of 1978, as amended (5 U.S.C. appendix), the Office of Government Ethics is now conducting a review of these statutes, which are codified at 18 U.S.C. 202–209.

The Office of Government Ethics is evaluating whether the conflict of interest laws are adequately tailored to their legislative purposes, in light of the realities of modern Government. The conflict of interest statutes have existed in more or less their current form for nearly 40 years, and the last comprehensive examination of the conflict of interest statutes occurred in 1989. See *To Serve With Honor: Report of the President's Commission on*

Federal Ethics Law Reform (March 1989). Since that time, a number of developments have occurred, including, among others: sustained Government efforts toward privatization of certain functions; a growing emphasis on commercialization of Government-developed products; ever-increasing reliance on personnel with scientific and technological expertise; and a series of decisions by the courts that have called into question the appropriate scope of certain restrictions on the outside activities of Federal employees, e.g., *Van Ee v. EPA*, 202 F.3d 296 (D.C. Cir. 2000). The Office of Government Ethics' own experience in applying these laws over the years has led us to question whether some of the current restrictions may be unnecessarily broad. At the same time, we also believe there may be areas in which the current laws are too narrow to address real conflicts.

As part of its review, OGE invites members of the public to express their views concerning the need for change to the criminal conflict of interest statutes. Interested persons may submit written comments to OGE by July 29, 2002. Although numerous agency ethics officials already have provided comments concerning this matter in written submissions and/or meetings with OGE, any interested agencies also are invited to submit any additional comments they may have in response to this notice.

Approved: June 20, 2002.

Amy L. Comstock,

Director, Office of Government Ethics.

BILLING CODE 6345–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**National Committee on Vital and Health Statistics: Meeting**

Pursuant to the Federal Advisory Committee Act, the Department of Health and Human Services announces the following advisory committee meeting.

Name: National Committee on Vital and Health Statistics (NCVHS), Subcommittee on Populations.

Time and Date: 8:30 a.m. to 5 p.m., July 18, 2002.

Place: Hubert H. Humphrey Building, Room 705A, 200 Independence Avenue SW., Washington, DC 20201.

Status: Open.

Purpose: The Subcommittee on Populations, NCVHS, is holding a hearing to discuss issues relating to statistics for the

determination of health disparities in racial and ethnic populations. The focus will be on State related issues in the collection and use of data on race and ethnicity. Invited panelists will address State and local collection of data and race and ethnicity, use of mixed race data, measurement of ethnic identity and perspectives on variables beyond race and ethnicity needed to determine health disparities in racial and ethnic groups.

Notice: In the interest of security, the Department has instituted stringent procedures for entrance to the Hubert H. Humphrey building by non-government employees. Thus, persons without a government identification card will need to have the guard call for an escort to the meeting.

Contact Person for More Information: Substantive program information as well as summaries of meetings and a roster of committee members may be obtained from Susan G. Queen, Ph.D., Deputy Director, Division of Information and Analysis, Health Resources and Services Administration, Room 11–05, 5600 Fishers Lane, Rockville, MD 20857, telephone: (301) 443–1129; or Marjorie S. Greenberg, Executive Secretary, NCVHS, National Center for Health Statistics, Centers for Disease Control and Prevention, Room 1100, Presidential Building, 6525 Belcrest Road, Hyattsville, Maryland 20782, telephone: (301) 458–4245. Information also is available on the NCVHS home page of the HHS Web site: <http://www.ncvhs.hhs.gov/> where an agenda for the meeting will be posted when available.

Dated: June 18, 2002.

James Scanlon,

Director, Division of Data Policy, Office of the Assistant Secretary for Planning and Evaluation.

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To

request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call the CDC Reports Clearance Officer on (404) 498-1210.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Send comments to Anne O'Connor, CDC Assistant Reports Clearance Officer, 1600 Clifton Road, MS-D24, Atlanta, GA 30333. Written comments should be received within 60 days of this notice.

Proposed Project: Assisted Reproductive Technology (ART)

Program Reporting System, (OMB No. 0920-0556)—Extension—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background: Section 2(a) of Pub. L. 102-493 (known as the Fertility Clinic Success Rate and Certification Act of 1992 (FCSRCA), 42 U.S.C. 263a-1(a)) requires that each assisted reproductive technology (ART) program shall annually report to the Secretary through the Centers for Disease Control and Prevention—(1) pregnancy success rates achieved by such ART program, and (2) the identity of each embryo laboratory used by such ART program and whether the laboratory is certified or has applied for such certification under this act.

The Centers for Disease Control and Prevention (CDC) is seeking to extend approval of a reporting system for Assisted Reproductive Technology (ART) Program from the Office of Management and Budget (OMB). This reporting system has been designed in collaboration with the Society for

Assisted Reproductive Technology (SART) to comply with the requirements of the FCSRCA. The reporting system includes all ART cycles initiated by any of the approximately 400 ART programs in the United States, and covers the pregnancy outcome of each cycle, as well as a number of data items deemed important to explain variability in success rates across clinics and across individuals. Data is to be collected through computer software developed by SART in consultation with CDC.

In developing the definition of pregnancy success rates and the list of data items to be reported, CDC has consulted with representatives of SART, the American Society for Reproductive Medicine, and RESOLVE, the National Infertility Association (a national, nonprofit consumer organization), as well as a variety of individuals with expertise and interest in this field. The average annual cost to the respondent, including data entry labor and fees, is estimated to be \$2,140.

Respondents	Number of respondents	Number of responses/respondent	Average burden/response (in hours)	Total burden (in hours)
ART Clinics	400	220	5/60	7,333
Total	7,333

Dated: June 20, 2002.

Nancy E. Cheal,

Acting Deputy Director for Policy, Planning and Evaluation, Centers for Disease Control and Prevention.
