Navigation and Navigable Waters—Technical Amendments, Organizational Changes, Miscellaneous Editorial Changes and Conforming Amendments; Delay of Effective Date for Certain Amendments Relating to the Marine Inspection Zones and Captain of the Port Zones for Hampton Roads and Wilmington (NC)

AGENCY: Coast Guard, DOT.

ACTION: Final rule; delay of effective date for certain amendments.

SUMMARY: We are revising the effective date of two sections of a technical amendments rule published June 18, 2002, that will become effective June 28, 2002. That rule makes technical and organizational amendments to Coast Guard navigation and navigable waters regulations. The two sections of the rule that revise the boundaries between Hampton Roads Marine Inspection/Captain of the Port Zone and the Wilmington Marine Inspection/Captain of the Port Zone, will not become effective until October 1, 2002. This rule changes the effective date for just those two sections.

DATES: The effective date for the revisions to 33 CFR 3.25-10(b) and 3.25-20(b), published at 67 FR 41331, June 18, 2002, is delayed from June 28, 2002, until October 1, 2002.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call Robert Spears, Project Manager, Standards Evaluation and Development Division, (G-MSR-2), Coast Guard, at 202-267-1099. If you have questions on viewing, or submitting material to the docket, call Dorothy Beard, Chief, Dockets, Department of Transportation, at 202-366-5149.

SUPPLEMENTARY INFORMATION: On June 18, 2002, in Volume 67 of **Federal Register** Number 117, pages 41329-41334, the Coast Guard published a final rule entitled "Navigation and Navigable Waters—Technical Amendments, Organizational Changes, Miscellaneous Editorial Changes and Conforming Amendments." The final rule made editorial and technical changes throughout title 33 of the Code of Federal Regulations (CFR) to update the title before recodification on July 1, 2002. The final rule updated organization names and addresses, and made conforming amendments and technical corrections.

Two revisions changed the boundaries between the Hampton Roads Marine Inspection/Captain of the Port Zone (33 CFR 3.25-10(b)) and the Wilmington Marine Inspection/Captain of the Port Zone (33 CFR 3.25-20(b)) (67 FR 41331). We anticipate that Coast Guard Marine Safety Office Wilmington will have a fully staffed, operation-ready detachment in place to serve the public

in this new area of responsibility by September 2002. Therefore, we are making the revisions to 33 CFR 3.25-10(b) and 33 CFR 3.25-20(b) effective October 1, 2002.

Dated: June 21, 2002.

Joseph J. Angelo,

Director of Standards, Marine Safety, Security and Environmental Protection.

Drawbridge Operation Regulations; Atlantic Intracoastal Waterway, Mile 1074.0 at Hallandale Beach, Broward County, FL

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Seventh Coast Guard District, has approved a temporary deviation from the regulations governing the operation of the New Hallandale Beach Boulevard bridge, mile 1074.0 at Hallandale Beach, Florida. This deviation allows this bridge to only open a single-leaf from July 1, 2002, to August 29, 2002. This action is necessary to facilitate workers' safety during construction of the new bridge.

DATES: This deviation is effective from 12:01 a.m. on July 1, 2002, until 11 p.m. on August 29, 2002.

ADDRESSES: Material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at Commander (obr), Seventh Coast Guard District, 909 SE. 1st Avenue, Room 432, Miami, FL 33131 between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Lieberum, Project Officer,

Seventh Coast Guard District, Bridge Section at (305) 415-6744.

SUPPLEMENTARY INFORMATION: The Hallandale Beach Boulevard (SR 824) bridge, mile 1074.0 at Hallandale Beach, Broward County, Florida will continue to operate on schedule. The existing operating regulations in 33 CFR 117.261 (kk) require the bridge to open on signal; except that, from 7:15 a.m. to 6:15 p.m., the draw need open only on the quarter hour and three-quarter hour. The new Hallandale Beach Boulevard bridge, mile 1074.0 at Hallandale Beach, Broward County, Florida will be erected in the down position. When the first leaf is installed it will provide a horizontal clearance of 60 feet between the down span and the fender system.

The contractors notified the Coast Guard on May 28, 2002, that the work on the new bascule leaves would start on July 1, 2002, and due to a safety issue involving welding deck plates, and pouring concrete, they requested that the new bascule bridge be able to only open a single-leaf of the bridge from July 1, 2002 until August 29, 2002. This action will not significantly hinder navigation, as a horizontal clearance of 60 feet will be available during the construction.

The District Commander has granted a temporary deviation from the operating requirements listed in 33 CFR 117.5 to construct the new drawbridge. Under this deviation, the New Hallandale Beach Boulevard bridge, mile 1074.0 at Hallandale Beach, need only open a single-leaf from 12:01 a.m. on July 1, 2002, until 10 p.m. on August 29, 2002.

Dated: June 18, 2002.

Greg Shapley,

Chief, Bridge Administration Branch, Seventh Coast Guard District.

36 CFR Parts 1228, 1250, and 1254

RIN 3095-AB15

NARA Regulations; Technical Amendments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Final rule.

SUMMARY: NARA is correcting references to NARA Web sites in its regulations. References to NARA Web sites are currently in our records management regulations and in our public

availability and use of records regulations. This final rule will affect Federal agencies and the public.

EFFECTIVE DATE: June 27, 2002.

FOR FURTHER INFORMATION CONTACT: Kim Richardson at telephone number 301-837-2902, or fax number 301-837-0319.

SUPPLEMENTARY INFORMATION: NARA has redesigned its public Web site and its Web site address is changed from *www.nara.gov* to *www.archives.gov*. Parts 1228, 1250, and 1254 contain references to the NARA Web site. These references need to be corrected to reflect the new Web site address. This final rule contains technical amendments such as references to NARA Web sites.

This rule is effective upon publication for “good” cause as permitted by the Administrative Procedure Act (5 U.S.C. 553(d)(3)). NARA believes that delaying the effective date for 30 days is unnecessary as this rule represents minor technical amendments. Moreover, as the public benefits immediately being provided with accurate Web site addresses for NARA’s public Web site, any delay in the effective date would be contrary to the public interest.

This final rule is not a significant regulatory action for the purposes of Executive Order 12866 and has not been reviewed by the Office of Management and Budget. As required by the Regulatory Flexibility Act, I certify that this final rule will not have a significant impact on a substantial number of small entities. This regulation does not have any federalism implications.
