International Trade Commission

The Department has notified the International Trade Commission (ITC) of its intent to terminate the suspension agreement and resume the LTFV investigation. If the Department makes a final affirmative determination, then the ITC is scheduled to make its final determination concerning injury within 45 days after publication of the Department's final determination (by approximately January 27, 2003). If both the Department's and the ITC's final determinations are affirmative, the Department will issue an antidumping duty order.

Suspension of Liquidation

The Department will instruct the U.S. Customs Service (Customs) to suspend liquidation of entries of fresh tomatoes from Mexico that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the termination of the suspension agreement, which is July 30, 2002. Customs shall require antidumping duty cash deposits or bonds for entries of the subject merchandise based on the preliminary dumping margins, which range from 4.16 to 188.45 percent.

Administrative Protective Order Access

Administrative protective orders previously granted in the original investigation will remain in effect. Any necessary amendments for changes in staff must be submitted promptly.

This determination is issued and published in accordance with section 733(f) of the Act (19 U.S.C. 1673b(f)) and 19 CFR 353.15(1996).

Dated: June 19, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.

ACTION: Notice of Extension of Final Determination of Sales at Less Than Fair Value.

SUPPLEMENTARY INFORMATION:

Time Limits

Statutory Time Limits

Section 735(a)(1) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue (1) the final determination regarding sales at less than fair value (LTFV) in this investigation within 75 days after the date of its preliminary determination. However, section 735(a)(2) of the Act states that the Department may postpone the final determination until not later than 135 days after the date of publication of the preliminary determination if, in the case of a proceeding in which the preliminary determination by the administering authority under section 733(b) was affirmative, a request in writing for such a postponement is made by an exporter which accounts for a significant portion of the exports of the merchandise which is subject to the investigation. Section 351.210 of the Department's regulations further states that the exporter must also request that the Department extend the provisional measures from a four month period to a period of not more than 6 months. Alternatively, in the case of a proceeding in which the preliminary determination by the administering authority under section 733(b) was negative, the request for postponement may be made in writing by the petitioner.

Background

On May 9, 2002, the Department published the preliminary

determination regarding sales at LTFV in this investigation (67 FR 31268). We preliminarily determined that certain cold-rolled carbon steel flat products (cold-rolled steel) from the Netherlands are being, or likely to be, sold in the United States at LTFV, as provided in section 733(b) of the Tariff Act of 1930, as amended. On May 1, 2002, Corus Staal BV, the sole respondent in this investigation, requested that the Department postpone the final determination to 135 days after the publication of the preliminary determination and requested that the Department extend the provisional measures period from four months to a period not longer than 6 months.

Postponement of Final Determination

Given the fact that the Department made an affirmative preliminary determination and the largest exporter/producer of imports during the period of investigation requested postponement and also asked that the Department extend the provisional measures from a four month period to a period of not more than six months, as required by the Department's regulations, we are postponing the final determination until no later than September 23, 2002 (i.e., 135 days after the publication of the preliminary determination).

This extension is in accordance with section 735(a)(2)(A) of the Act.

Dated: June 19, 2002.

Faryar Shirzad,

Assistant Secretary for Import Administration.
