

It is important to be aware that VA places great emphasis on responsibility and accountability. VA has procedures in place to monitor services provided to homeless veterans and outcomes associated with the services provided in grant and per diem-funded programs. VA is also implementing new procedures to further this effort. Interested faith-based and community-based organizations should be aware of the following:

- Each per diem-funded program will have a liaison appointed from a nearby VA medical facility to provide oversight and monitor services provided to homeless veterans in the per diem-funded program.
- Monitoring will include at least an annual review of each per diem program's progress toward meeting internal goals and objectives in helping veterans attain housing stability, adequate income support, and self sufficiency as identified in each per diem program's original application.
- Each per diem-funded program will participate in VA's national program monitoring and evaluation system administered by VA's Northeast Program Evaluation Center (NEPEC).
- It is the intention of VA to develop specific performance targets with respect to housing for homeless veterans. NEPEC's monitoring procedures will be used to determine successful accomplishment of these housing outcomes for each per diem-funded program.

VA encourages all eligible and interested entities to review this NOFA and consider applying for funds to provide service for homeless veterans.

Authority: VA's Homeless Providers Grant and Per Diem Program is authorized by Public Law 107-95 and has been extended through FY 2005. The program is implemented by the final rule codified at 38 CFR 17.700. The final rule was published in the *Federal Register* on June 1, 1994, and February 27, 1995, and revised February 11, 1997. The regulations can be found in their entirety in 38 CFR, Volume 1, Sec. 17.700 through 17.731. Funds made available under this Notice are subject to the requirements of those regulations.

Allocation: Approximately \$13.5 million is available for the per diem component of this program. This funding is expected to be available for

a maximum of 36 months from the date of award, subject to the availability of funds. In later years, continued payment is subject to availability of funds.

Application Requirements: The specific per diem application requirements will be specified in the application package. The package includes all required forms and certifications. Conditional selections will be made based on criteria described in the application. Applicants who are conditionally selected will be notified of the additional information needed to confirm or clarify information provided in the application. Applicants will then have approximately one month to submit such information. If an applicant is unable to meet any conditions for per diem award within the specified time frame, VA reserves the right to not award funds and to use the funds available for other applicants. Grant recipients who received prior year funding for acquisition, renovation or new construction need not reapply for per diem for those portions of their programs that were created with grant funds. Per diem for these programs is requested in the grant application and paid at the time of grant project completion. However, if such entities desire per diem for programs not funded by a grant award under VA's Homeless Providers Grant and Per Diem Program, an application responding to this NOFA is required.
