### Final Results of Changed Circumstances Review

Pursuant to section 751(d) of the Act, the Department may partially revoke an antidumping duty order based on a review under section 751(b) of the Act. Section 782(h)(2) of the Act and § 351.222(g)(1)(i) of the Department’s regulations provide that the Secretary may revoke an order, in whole or in part, based on changed circumstances if “{p}roducers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) \* \* \* pertains have expressed a lack of interest in the order, in whole or in part. \* \* \*” In this context, the Department has interpreted “substantially all” production normally to mean at least 85 percent of domestic production of the like product (*see Oil Country Tubular Goods From Mexico: Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 64 FR 14213, 14214 (March 24, 1999)).

No domestic producers of tin mill products have expressed opposition to the partial revocation of the tin mill products order following the *Initiation Notice* and the *Preliminary Results*. For these reasons the Department is partially revoking the order on tin mill products from Japan, effective August 1, 2001, with respect to all unliquidated entries for consumption of tin-free steel which meets the specifications detailed above in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216. We will instruct the U.S. Customs Service (“Customs”) to liquidate without regard to antidumping duties, as applicable, and to refund any estimated antidumping duties collected for all unliquidated entries of certain tin mill products (*i.e.*, certain tin-free steel)

meeting the specifications indicated above.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(b)(1) and 777(i)(1) of the Act and section 351.216 of the Department’s regulations.

Dated: June 14, 2002.

#### Certain Stainless Steel Flanges from India; Extension of Time Limit For Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (the Department) is extending the time limits for the final results of the administrative review of the antidumping duty order on certain stainless steel flanges from India.

**EFFECTIVE DATE:** July 1, 2002.

**FOR FURTHER INFORMATION CONTACT:**

Thomas Killiam or Robert James, AD/CVD Enforcement, Office 8, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482–5222, or (202) 482–0649, respectively.

**SUPPLEMENTARY INFORMATION:**

#### Background

On March 7, 2002, the Department published in the Federal Register the preliminary results of administrative review of the antidumping duty order on certain stainless steel flanges from India, covering the period February 1, 2000 through January 31, 2001 (*Certain Forged Stainless Steel Flanges From*

*India; Preliminary Results of Antidumping Duty Administrative Review*, 67 FR 10358). The final results are currently due no later than July 5, 2002. The respondents are: Isibars, Ltd., Panchmahal Steel Ltd., Patheja Forgings & Auto Parts, Ltd., and Viraj Forgings, Ltd.

#### Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Tariff Act) requires the Department of Commerce (the Department) to make a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Tariff Act allows the Department to extend the time limit for the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

#### Extension of Final Results Deadline

The Department has determined that because this review involves complex issues, including affiliation allegations in regards to a U.S. customer, disputed duty drawback adjustments, and the correctness of major input pricing on raw materials purchased from affiliated suppliers, it is not practicable to complete the final results of review within the original 120 day time limit mandated by section 751(a)(3)(A) of the Tariff Act and section 351.213(h)(1) of the Department’s regulations. Therefore, the Department is extending the time limit for completion of the final results until September 3, 2002, in accordance with 19 CFR 351.213(h)(2).

**SUPPLEMENTARY INFORMATION:**

**The Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930, as amended, (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations refer to the regulations codified at 19 CFR part 351 (April 2001).

**Scope of Order**

For purposes of this order, the products covered are all gauges of raw, pretreated, or primed PET film, whether extruded or coextruded. Excluded are metallized films and other finished films that have had at least one of their surfaces modified by the application of a performance-enhancing resinous or inorganic layer of more than 0.00001 inches thick. Imports of PET film are classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under item number 3920.62.00. HTSUS subheadings are provided for convenience and Customs purposes. The written description of the scope of this order is dispositive.

**Countervailing Duty Order**

In accordance with section 705(d) of the Act, on May 16, 2002, the Department published in the **Federal Register** its final affirmative determination in the countervailing duty investigation of PET film from India (67 FR 34905). On June 24, 2002, the International Trade Commission (ITC) notified the Department of its final determination, pursuant to section 705(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of PET film from India.

Therefore, countervailing duties will be assessed on all unliquidated entries of PET film from India entered, or withdrawn from warehouse, for consumption on or after October 22, 2001, the date on which the Department published its preliminary countervailing duty determination in the **Federal Register**, but before February 19, 2002, the date the Department instructed the U.S. Customs Service to discontinue the suspension of liquidation in accordance

with section 703(d) of the Act, and on all PET film from India entered or withdrawn from warehouse for consumption on or after the date of publication of this countervailing duty order in the **Federal Register**. Section 703(d) of the Act states that the suspension of liquidation pursuant to a preliminary countervailing duty determination may not remain in effect for longer than four months. Thus, entries of PET film made on or after February 19, 2002, and prior to the date of publication of this order in the **Federal Register** are not liable for the assessment of countervailing duties due to the Department's discontinuation, effective February 19, 2002, of suspension of liquidation, pursuant to section 703(d) of the Act.

In accordance with section 706 of the Act, the Department will direct U.S. Customs officers to reinstate the suspension of liquidation effective the date of publication of this notice in the **Federal Register** and to assess, upon further advice by the Department pursuant to section 706(a)(1) of the Act, countervailing duties for each entry of the subject merchandise in an amount based on the net countervailable subsidy rate for the subject merchandise.

On or after the date of publication of this notice in the **Federal Register**, U.S. Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the countervailable subsidy rates noted below. The "All Others" rate applies to all producers and exporters of PET film from India not specifically listed below. The cash deposit rates are as follows: BOXHD≤

Producer/Exporter	Cash Deposit Rate
Ester Industries Ltd. ....	18.43% <i>ad valorem</i>
Garware Polyester Ltd. ...	24.48% <i>ad valorem</i>
Polyplex Corporation Ltd.	18.66% <i>ad valorem</i>
All Others .....	20.40% <i>ad valorem</i>

This notice constitutes the countervailing duty order with respect to PET film from India, pursuant to section 706(a) of the Act. Interested parties may contact the Central Records Unit, room B-099 of the main Commerce building, for copies of an updated list of countervailing duty orders currently in effect.

This countervailing duty order is published in accordance with section 706(a) of the Act and 19 CFR 351.211.
