

(3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act.¹⁴ and Rule 19b-4(f)(6).¹⁵ thereunder.

The Exchange has requested that the Commission waive the five-day pre-notice requirement and the 30-day operative delay, to permit the Exchange to implement the proposal immediately. Under Rule 19b-4(f)(6)(iii), a proposed “non-controversial” rule change does not become operative for 30 days after the date of filing, unless the Commission designates a shorter time.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Acceleration of the operative date will allow for the continued operation of PCX’s Auto-Ex Incentive Pilot Program without interruption.¹⁶ For these reasons, the Commission designates the proposed rule change, as amended, to be effective and operative upon filing with the Commission. The Commission also waives the five-business day pre-filing requirement. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹⁷

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies

¹⁴ 15 U.S.C. 78s(b)(3)(A).

¹⁵ 17 CFR 240.19b-4(f)(6).

¹⁶ For the purposes only of accelerating the operative date of this proposal, the Commission has considered the proposed rules impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

¹⁷ For purposes of calculating the 60-day abrogation period, the Commission considers the period to commence on June 21, 2002, the date that the Exchange filed Amendment No. 1.

thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission’s Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to the File No. SR-PCX-2002-34 and should be submitted by July 23, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁸

Margaret H. McFarland,

Deputy Secretary.

[Public Notice 4060]

Determination Regarding Export-Import Bank Financing of Certain Defense Articles and Services for the Government of Venezuela

Pursuant to section 2(b)(6) of the Export-Import Bank Act of 1945, as amended, Executive Order 11958 of January 18, 1977, as amended by Executive Order 12680 of July 5, 1989, and State Department Delegation of Authority No. 245 of April 23, 2001, I hereby determine that:

(1) The defense articles and services for which the Government of Venezuela has requested Export-Import Bank (Ex-Im Bank) financing, spare parts for the maintenance of 12 OV-10 aircraft, are being sold primarily for anti-narcotics purposes.

(2) The sale of such defense articles and services is in the national interest of the United States.

(3) The requirement for a determination that the Government of Venezuela has complied with all U.S.-imposed end use restrictions on the use of defense articles and services previously financed under the Act is inapplicable at this time because the six previous transactions involving Ex-Im Bank financing of defense articles and services for Venezuela have not been completed. Ex-Im Bank approved financing in support of six prior transactions involving Venezuela, but neither delivery of the defense article nor provision of the defense services have been completed in any of the six cases. The six previous transactions financed in part by Ex-Im Bank include:

(1) Two cases involving the maintenance and refurbishment of the OV-10 aircraft in which the service has not yet been performed; (2) one case involving two 150-foot logistic support vessels that have not yet been delivered; (3) one case involving parts for the modification of four frigates that have not yet been installed; and (4) two cases involving reverse osmosis water purification and air conditioning and engine overhaul equipment for four Landing Ship, Tank (LST) vessels that have not yet been delivered or installed.

(4) The requirement for a determination that the Government of

Venezuela has not used defense articles or services previously provided under the Act to engage in a consistent pattern of gross violations of internationally recognized human rights Act is inapplicable at this time because the six previous transactions have not been completed. As stated above, Ex-Im Bank financing has been used in connection with six defense articles or services transactions involving the Government of Venezuela. Two transactions involved maintenance and refurbishment of OV-10 aircraft for which the service has not yet been completed. A third transaction involved the delivery of two vessels, a fourth the modification of four frigates, and the fifth and sixth the modification of four Landing Ship, Tank (LST) naval vessels. None of these transactions have been completed.

This determination shall be reported to Congress and shall be published in the **Federal Register**.

Dated: March 12, 2002.

Deputy Secretary of State, Department of State.
