

term of sale changed on November 29, 2001, and, because this date is subsequent to the date of shipment, we find that the date of sale is November 7, 2001.

This date is outside of the POR for the new shipper review. Under 19 CFR 351.214(g), a new shipper review will normally cover entries, exports, or sales during the twelve-month period preceding the anniversary month of the order if the new shipper review was initiated in the month immediately following the anniversary month. The anniversary month in this proceeding is November, since the antidumping duty order was published on November 16, 1994. We initiated the new shipper review on December 28, 2001. Consequently, the POR covers entries, exports, or sales of merchandise by Hongda from November 1, 2000, until October 31, 2001. Because no sales or entries of merchandise occurred during this period, we are rescinding this review in accordance with 19 CFR 351.214(f)(2), which permits the Department to rescind a new shipper review when we conclude that no entry and sale of subject merchandise to an unaffiliated customer in the United States took place during the period of review.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under the APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

#### Initiation of New Shipper Review

As indicated in the "background" section above, we found in our *Initiation Notice* that Hongda's November 30, 2001, request for a new shipper review complied with the content requirements set forth under 19 CFR 351.214(b)(2). Therefore, we are initiating a new shipper review for shipments of fresh garlic from the People's Republic of China produced and exported by Hongda. This review will cover entries, exports, and sales during the period of November 1, 2001, through April 30, 2002, as defined under 19 CFR 351.214(g). We intend to issue final results of this review no later than 270 days after the date on which the new shipper review was initiated. See 19 CFR 351.214(i).

We previously instructed the Customs Service to allow, at the option of the

importer, the posting of a bond or security in lieu of a cash deposit for each entry of the merchandise exported by Hongda in accordance with 19 CFR 351.214(e). These instructions will remain in effect until the completion of the new shipper review.

The interested parties should submit applications for disclosure under APO in accordance with 19 CFR 351.305 and 351.306 of the Department's regulations.

This rescission, initiation, and notice are in accordance with section 751(a)(2)(B)(ii) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i) of the Department's regulations.

##### Request for Technical Input—Standards in Trade Workshops

**AGENCY:** National Institute of Standards and Technology, Department of Commerce.

**ACTION:** Request for workshop recommendations.

**SUMMARY:** The National Institute of Standards and Technology (NIST) invites interested parties to submit suggestions for workshops covering specific sectors and targeted countries or regions of the world where training in the U.S. system of standards development, conformity assessment, and metrology may facilitate trade. Prospective workshops may be scheduled for one or two week periods. This notice is not an invitation for proposals to fund grants, contracts or cooperative agreements of any kind. Because there are a limited number of workshops that NIST can offer and NIST has limited resources, NIST will consider recommendations in the context of which workshops would be most useful to intended audiences. Additional information about the NIST Standards in Trade Workshops is available at <http://ts.nist.gov/ts/htdocs/210/216/216.htm>.

**DATES:** All recommendations must be submitted no later than July 31, 2002.

The workshops are designed to provide timely information to foreign standards officials on U.S. practices in standards and conformity assessment.
