

(2) *Oakland International Airport Security Zone*. This security zone extends approximately 200 yards seaward from the shoreline of the Oakland International Airport and encompasses all waters in San Francisco Bay within an area drawn from the following coordinates beginning at a point latitude 37°43'35"N and longitude 122°15'00"W; thence to 37°43'40"N and 122°15'05"W; thence to 37°43'34"N and 122°15'12"W; thence to 37°43'24"N and 122°15'11"W; thence to 37°41'54"N and 122°13'05"W; thence to 37°41'51"N and 122°12'48"W; thence to 37°41'53"N and 122°12'44"W; thence to 37°41'35"N and 122°12'18"W; thence to 37°41'46"N and 122°12'08"W; thence to 37°42'03"N and 122°12'34"W; thence to 37°42'08"N and 122°12'32"W; thence to 37°42'31"N and 122°12'35"W; thence to 37°42'35"N and 122°12'30"W; thence to 37°42'40"N and 122°12'06"W, and along the shoreline back to the beginning point.

(b) *Effective period*. This section is in effect from 5 p.m. (PDT) on June 21, 2002 to 4:59 p.m. (PST) on December 21, 2002. If the need for these security zones ends before the scheduled termination time, the Captain of the Port will cease enforcement of these security zones and will also announce that fact via Broadcast Notice to Mariners.

(c) *Regulations*. In accordance with the general regulations in § 165.33 of this part, no person or vessel may enter or remain in either of these security zones established by this temporary section, unless authorized by the Captain of the Port, his designated representative or the official patrol consisting of Coast Guard commissioned, warrant or petty officers onboard vessels and patrol craft of the Coast Guard or of any government agency or entity that has agreed to assist the Coast Guard in the performance of its duties. All other general regulations of § 165.33 of this part apply in the security zones established by this temporary section.

Dated: June 21, 2002.

L.L. Hereth,

Captain, Coast Guard, Captain of the Port, San Francisco Bay, California.

BILLING CODE 4910-15-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 622

[I.D. 062702B]

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Reef Fish Fishery of the Gulf of Mexico; Closure of the Spring Commercial Red Snapper Component

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of closure.

SUMMARY: NMFS closes the commercial fishery for red snapper in the exclusive economic zone (EEZ) of the Gulf of Mexico. NMFS has determined that the spring portion of the annual commercial quota for red snapper will be reached on July 7, 2002. This closure is necessary to protect the red snapper resource.

DATES: Closure is effective noon, local time, July 7, 2002, until noon, local time, on October 1, 2002.

FOR FURTHER INFORMATION CONTACT: Phil Steele, telephone 727-570-5305, fax 727-570-5583, e-mail Phil.Steele@noaa.gov.

SUPPLEMENTARY INFORMATION: The reef fish fishery of the Gulf of Mexico is managed under the Fishery Management Plan for the Reef Fish Resources of the Gulf of Mexico (FMP). The FMP was prepared by the Gulf of Mexico Fishery Management Council and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act by regulations at 50 CFR part 622. Those regulations set the commercial quota for red snapper in the Gulf of Mexico at 4.65 million lb (2.11 million kg) for the current fishing year, January 1 through December 31, 2002. The red snapper commercial fishing season is split into two time periods, the first commencing at noon on February 1 with two-thirds of the annual quota (3.10 million lb (1.41 million kg)) available, and the second commencing at noon on October 1 with the remainder of the annual quota available. During the commercial season, the red snapper commercial fishery opens at noon on the first of each month and closes at noon on the 10th of each month, until the applicable commercial quotas are reached.

Under 50 CFR 622.43(a), NMFS is required to close the commercial fishery for a species or species group when the quota for that species or species group

is reached, or is projected to be reached, by filing a notification to that effect in the **Federal Register**. Based on current statistics, NMFS has determined that the available spring commercial quota of 3.10 million lb (1.41 million kg) for red snapper will be reached when the fishery closes at noon on July 7, 2002. Accordingly, the commercial fishery in the EEZ in the Gulf of Mexico for red snapper will remain closed until noon, local time, on October 1, 2002. The operator of a vessel with a valid reef fish permit having red snapper aboard must have landed and bartered, traded, or sold such red snapper prior to noon, local time, July 7, 2002.

During the closure, the bag and possession limits specified in 50 CFR 622.39(b) apply to all harvest or possession of red snapper in or from the EEZ in the Gulf of Mexico, and the sale or purchase of red snapper taken from the EEZ is prohibited. In addition, the bag and possession limits for red snapper apply on board a vessel for which a commercial permit for Gulf reef fish has been issued, without regard to where such red snapper were harvested. However, the bag and possession limits for red snapper apply only when the recreational quota for red snapper has not been reached and the bag and possession limit has not been reduced to zero. The 2002 recreational red snapper season opens on April 21, 2002, and closes on October 31, 2002. The prohibition on sale or purchase does not apply to sale or purchase of red snapper that were harvested, landed ashore, and sold prior to noon, local time, July 7, 2002, and were held in cold storage by a dealer or processor.

Classification

This action is taken under 50 CFR 622.43(a) and is exempt from review under Executive Order 12866.

Dated: June 27, 2002.

John H. Dunnigan,

Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
