

Federal Assistance. Hard copies of Small Grant instructions (booklets) are no longer provided, except under special circumstances. However, the NAWCA Program website, <http://birdhabitat.fws.gov>, contains instructions for completing and submitting a Small Grant application, as well as forms and instructions for the Standard Form 424.

Small Grant proposals may be submitted prior to the due date but must be postmarked no later than Friday, November 29, 2002. Address submitted proposals as follows: Division of Bird Habitat Conservation, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Suite 110, Arlington, VA 22203, Attn: Small Grants Coordinator.

Applicants must submit *complete* grant request packages to the Division of Bird Habitat Conservation (DBHC), including *all* of the documentation of partners (partner letters) with funding pledge amounts. Information on funding in partner letters, i.e., amounts and description regarding use, must correspond with budget amounts in the budget table and any figures provided in the narrative.

With the volume of proposals received, we are not usually able to contact proposal sources to verify and/or request supplemental data and/or materials. Thus, those proposals lacking required information or containing conflicting information are subject to being declared ineligible and not further considered for funding.

For more information, call the DBHC office secretary at 703.358.1784, facsimile 703.358.2282, or send e-mail to R9ARW_DBHC@FWS.GOV. Small Grant application instructions may be available by E-mail as a WordPerfect® file, upon special request.

In conclusion, we require that, upon arrival in the DBHC, proposal packages must be: complete with regard to the information requested, presented in the format requested, and be presented according to the established deadline.

The Service has submitted information collection requirements to the Office of Management and Budget (OMB) for review and approval under the Paperwork Reduction Act of 1995, Public Law 104-13. On May 26, 1999, OMB gave its approval for this information collection and confirmed the approval number as 1018-0100. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The information collection solicited: is necessary to gain a benefit in the form of a grant, as determined by the North American Wetlands

Conservation Council and the Migratory Bird Conservation Commission; is necessary to determine the eligibility and relative value of wetland projects; results in an approximate paperwork burden of 80 hours per application; and does not carry a premise of confidentiality. The information collections in this program will not be part of a system of records covered by the Privacy Act (5 U.S.C. 552(a)).

SUPPLEMENTARY INFORMATION:
Title: Form MMS-128, Semiannual Well Test Report.

OMB Control Number: 1010-0017.
Abstract: The Outer Continental Shelf (OCS) Lands Act (Act), as amended (43 U.S.C. 1331 *et seq.* and 43 U.S.C. 1801 *et seq.*), authorizes the Secretary of the Interior to prescribe rules and regulations to administer leasing of the

OCS. Such rules and regulations will apply to all operations conducted under a lease. Operations on the OCS must preserve, protect and develop oil and natural gas resources in a manner which is consistent with the need to make such resources available to meet the Nation's energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

This notice pertains to a form used to collect information required under 30 CFR 250, subpart K, on production rates. Section 250.1102(b) requires respondents to submit form MMS-128. Responses are mandatory. No questions of a "sensitive" nature are asked. MMS will protect proprietary information according to 30 CFR 250.196 (Data and information to be made available to the public), 30 CFR part 252 (OCS Oil and Gas Information Program), and the Freedom of Information Act (5 U.S.C. 552) and its implementing regulations (43 CFR 2). Regional Supervisors use information submitted on form MMS-128 to evaluate the results of well tests to find out if reservoirs are being depleted in a way that will lead to the greatest ultimate recovery of hydrocarbons. We designed the form to present current well data on a semiannual basis to allow the updating of permissible producing rates and to provide the basis for estimates of currently remaining recoverable gas reserves. We are proposing no changes to the data elements on form MMS-128. However, we are reducing the number of copies respondents must submit to only an original and "one" copy.

Frequency: Semiannual.

Estimated Number and Description of Respondents: Approximately 130 Federal OCS oil and gas lessees.

Estimated Reporting and Recordkeeping "Hour" Burden: The burden for submitting semiannual well test reports does not include the time to test the well or the pre-stabilization period. Respondents generally conduct tests even more frequently than required by our regulations. We only consider the burden to be the time to submit the information to MMS. We estimate respondents submit the results of approximately 13,000 well tests each year in the GOMR and about 600 in the POCSR, with an estimated annual hour burden of 1,336 hours. Based on \$50 per hour, the hour burden cost to respondents is \$66,800. The burden varies only slightly for electronic versus

paper form submission, and is calculated as follows:

In the Gulf of Mexico OCS Region:
25% of 13,000 well tests via electronic submission = 3,250 reports x 5 minutes/60 = 271 hours.

75% of 13,000 via paper form/average 5 wells/form = 1,950 forms x 30 minutes/60 = 975 hours.

In the Pacific OCS Region:
100% of 600 well tests via paper form/average 20 wells/form = 30 forms x 3 hours = 90 hours.

Estimated Reporting and Recordkeeping "Non-Hour Cost" Burden: We have identified no "non-hour cost" burdens associated with the subject form.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *."

Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

To comply with the public consultation process, on April 1, 2002, we published a **Federal Register** notice (67 FR 15408) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, 30 CFR 250.199 and the PRA statement on the form explain that the MMS will accept comments at any time on the information collection burden of our regulations and associated forms. We display the OMB control number and provide the address for sending comments to MMS. We have received no comments in response to these efforts.

If you wish to comment in response to this notice, you may send your comments to the offices listed under the **ADDRESSES** section of this notice. OMB

has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by August 7, 2002.

Public Comment Policy: Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

MMS Information Collection Clearance Officer: Jo Ann Lauterbach, (202) 208-7744.

Dated: June 5, 2002.
