BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Notice of Availability of Solicitation

AGENCY: Albuquerque Operations Office, Department of Energy.

ACTION: Notice of availability of solicitation-research and development of the Nevada Solar Dish Power Project.

SUMMARY: The U.S. Department of Energy (DOE), Albuquerque Operations Office (AL), is seeking applications for research and development for a new project to deploy solar dish-engine systems at a site in southern Nevada. The Project, entitled The Nevada Solar Dish Power Project, is sponsored by the DOE's Concentrating Solar Power (CSP) Program to provide a "bridge" from R&D to commercialization of solar dish technology. Therefore, it is aimed at deploying systems that have established operational credentials not at performing R&D on system designs. The two project objectives are (1) to fabricate and field 1 megawatt or more of solar dish-engine systems in a power plant environment, and (2) to develop a project development, installation, and O&M database for dish-engine systems. We expect the installation and testing of the systems to start in late 2002 or early 2003 and to continue through 2004–2005. Since this is a pre-commercial deployment, we plan for dish-engine power plant to continue to operate in a sustainable manner following the completion of the project. We anticipate the authorization project funding in FY2002 and subsequent years, subject to Congressional appropriations. The financial assistance award(s) will be made on a competitive basis, utilizing an objective merit review process, and may consist of multiple cooperative agreements. A written proposal that includes technical and cost volumes will be solicited. A DOE technical panel will perform a scientific and engineering evaluation of each responsive application to determine the

merit of the approach. DOE anticipates issuing one or more financial assistance instruments from this solicitation. Funding in the amount of \$500,000 is anticipated to be available. Cost sharing by the applicant is desired.

DATES: Applications are to be received no later than 3 p.m. local prevailing time on August 1, 2002. Any application received after the due date will not be evaluated.

FOR FURTHER INFORMATION CONTACT:

Martha L. Youngblood, Contracting Officer, DOE/AL, at (505) 845-4268 or by e-mail at

MYOUNGBLOOD@DOEAL.GOV

SUPPLEMENTARY INFORMATION: The solicitation will be available on the Internet on or about July 1, 2002 at the following web site: <http://e-center.doe.gov/>. Applications must be prepared and submitted in accordance with the instructions and forms contained in the solicitation. For profit and not-for-profit organizations, state and local governments, Indian tribes, and institutions of higher learning are eligible for awards under this solicitation. Collaboration between industry, industry organizations, and universities are encouraged.

Issued in Albuquerque, New Mexico June 21, 2002.

Martha L. Youngblood,

Contracting Officer, Complex Support Branch, Contracts and Procurement Division.

Federal Energy Regulatory Commission

[Docket No. CP02-392-000]

Consumers Energy Company; Notice of Application

July 1, 2002.

Take notice that on June 28, 2002, Consumers Energy Company submitted an amendment to its original application in this proceeding, under section 204 of the Federal Power Act. The amendment seeks a waiver of the competitive bidding and negotiated placement requirements at 18 CFR 34.2 related to issuances used to refinance and replace its revolving credit facility.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and

385.214). All such motions and protests should be filed on or before the comment date. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

Comment Date: July 8, 2002.

Linwood A. Watson, Jr.,

Deputy Secretary.

[Docket No. CP02-392-000]

Ozark Gas Transmission, L.L.C.; Notice of Application

July 1, 2002.

Take notice that on June 21, 2002, Ozark Gas Transmission, L.L.C. (Ozark), 515 Central Park Drive, Oklahoma City, Oklahoma 73105, filed in Docket No. CP02-392-000 an application pursuant to Section 7(c) of the Natural Gas Act (NGA) for a certificate of public convenience and necessity authorizing the construction of an upgrade to an existing delivery point in Arkansas, all as more fully set forth in the application which is on file with the Commission and open to public inspection. Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (call (202) 208-2222 for assistance).

Ozark proposes to upgrade its existing delivery point serving the Thomas B. Fitzhugh Generating Station (Fitzhugh) in Franklin County, Arkansas, in order to provide natural gas service to Arkansas Electric Cooperative Corporation (AECC). It is stated that AECC is re-powering the
