Coast Guard

33 CFR Part 117

[CGD01-02-070]

Drawbridge Operation Regulations: Little Harbor, NH

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the SR1B Bridge, mile 1.0, between New Castle and Rye, New Hampshire. This deviation from the regulations, effective from July 15, 2002 through July 16, 2002, allows the bridge to remain in the closed position for vessel traffic. This temporary deviation is necessary to facilitate scheduled maintenance repairs at the bridge.

DATES: This deviation is effective from July 15, 2002 through July 16, 2002.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364.

SUPPLEMENTARY INFORMATION: The existing drawbridge operating regulations are listed at 33 CFR 117.699.

The bridge owner, New Hampshire Department of Transportation (NHDOT), requested a temporary deviation from the drawbridge operating regulations to facilitate necessary electrical repairs at the bridge.

This deviation to the operating regulations, effective from 7 a.m. on July 15, 2002 through 3:30 p.m. on July 16, 2002, allows the SR1B Bridge to remain in the closed position for vessel traffic. There have been few requests to open this bridge in past years since this is a back channel to the Piscataqua River. Vessels may take an alternative route on the Piscataqua River to transit.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

[CGD01-02-071]

Drawbridge Operation Regulations: Hampton River, NH

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the SR1A Bridge, mile 0.0, across the Hampton River in New Hampshire. This deviation from the regulations, effective from December 2, 2002 through January 30, 2003, allows the bridge to remain in the closed position for vessel traffic. This temporary deviation is necessary to facilitate scheduled maintenance on the bridge.

DATES: This deviation is effective from December 2, 2002 through January 30, 2003.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364.

SUPPLEMENTARY INFORMATION: The existing drawbridge operating regulations are listed at 33 CFR 117.697.

The bridge owner, New Hampshire Department of Transportation (NHDOT), requested a temporary deviation from the drawbridge operating regulations to facilitate necessary mechanical repairs at the bridge.

This deviation to the operating regulations, effective from December 2, 2002 through January 30, 2003, allows the SR1A Bridge to not open for vessel traffic. This repair work will be performed during the winter months when the bridge has few requests to open.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

33 CFR Part 117

[CGD01-02-076]

Drawbridge Operation Regulations: Eastchester Creek, NY

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations governing the operation of the South Fulton Avenue Bridge, mile 2.9, across Eastchester Creek in New York. This deviation allows the bridge owner to keep the bridge in the closed position from 8 a.m. on Monday through 4:30 p.m. on Thursday, from July 22, 2002 through August 22, 2002. This action is necessary to facilitate structural maintenance on the bridge.

DATES: This deviation is effective from July 22, 2002 through August 22, 2002.

FOR FURTHER INFORMATION CONTACT: Joseph Schmied, Project Officer, First Coast Guard District, at (212) 668-7165.

SUPPLEMENTARY INFORMATION: The South Fulton Avenue Bridge has a vertical clearance of 6 feet at mean high water, and 13 feet at mean low water in the closed position. The existing drawbridge operating regulations are listed at 33 CFR 117.793.

The bridge owner, Westchester County Department of Public Works, requested a temporary deviation from the drawbridge operating regulations to facilitate scheduled structural maintenance, sidewalk replacement, at the bridge.

This deviation from the operating regulations allows the bridge owner to keep the bridge in the closed position from 8 a.m. on Monday through 4:30 p.m. on Thursday, July 22, 2002 through August 22, 2002.

This work is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: June 25, 2002.

V.S. Crea,

*Rear Admiral, U.S. Coast Guard, Commander,
First Coast Guard District.*

RIN 2115-AA97

Safety Zone: Sag Harbor Fireworks Display, Sag Harbor, NY

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for a fireworks display located in Sag Harbor Bay, Southampton, NY. This action is necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in a portion of Sag Harbor Bay.

DATES: This rule is effective from 9:30 p.m. on July 6, 2002, until 10:30 p.m. on July 7, 2002.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket (CGD01-02-065) and are available for inspection or copying at Coast Guard Group/Marine Safety Office, 120 Woodward Ave., New Haven, CT 06512, between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: BM2 R.L. Peebles, Marine Events Petty Officer, Coast Guard Group/MSO Long Island Sound (203) 468-4408.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM and for making the rule effective less than 30 days following publication. An NPRM was considered unnecessary because the safety zone is a local event that will have minimal impact on the waterway. The zone is only enforced for 1 hour and vessels can be given permission to transit the zone during all but about 15 minutes of this time. Vessels may transit around the zone at all times. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or

recreational piers in the vicinity of the zone. Interests of public safety compel prompt establishment of this zone to protect waterway users from the hazards associated with this scheduled fireworks display.

Background and Purpose

The Coast Guard proposes to establish a temporary safety zone in the waters of Sag Harbor Bay. The safety zone encompasses all waters of Sag Harbor Bay within a 1200 foot radius of approximate position 41°00'29" N, 072°17'33" W (NAD 1983). The proposed safety zone is intended to protect boaters from the hazards associated with fireworks launched from a barge in the area. This safety zone covers the minimum area needed and imposes the minimum restrictions necessary to ensure the protection of all vessels.

Discussion of Rule

The safety zone is for a fireworks display in Sag Harbor Bay, sponsored by Sag Harbor Yacht Club. The safety zone will be in effect from 9:30 p.m. to 10:30 p.m. on July 6, 2002. In the event of inclement weather on July 6, 2002, this rule will be enforced from 9:30 p.m. until 10:30 p.m. on July 7, 2002. The safety zone encompasses all waters of Sag Harbor Bay within a 1200 foot radius of approximate position 41°00'29" N, 072°17'33" W (NAD 1983).

Public notifications will be made prior to the event via the Local Notice to Mariners and Marine Information Broadcasts. Marine traffic will be allowed to transit around the safety zone at all times. Vessels will not be precluded from mooring at or getting underway from recreational or commercial piers in the vicinity of the zone. No vessel may enter the safety zone without permission from the Captain of the Port, Long Island Sound.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979).

The Coast Guard expects the economic impact of this final rule to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. This finding is based on the minimal time that vessels

will be restricted from the zone, the opportunity for vessels to transit around the zone during the event, the ability of vessels to moor at or get underway from commercial or recreational piers in the vicinity of the zone, and the advance notifications that will be made.

The size of this safety zone was determined using National Fire Protection Association and the Captain of the Port Long Island Sound Standing Orders for 12 inch mortars fired from a barge combined with the Coast Guard's knowledge of tide and current conditions in the area.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in a portion of Sag Harbor Bay during the times this zone is activated.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: it is a local event with minimal impact on the waterway, vessels may still transit around the zone during the event, the zone is only enforced for 1 hour and vessels can be given permission to transit the zone except for all but about 15 minutes during this time. Additionally, vessels would not be precluded from mooring at or getting underway from commercial or recreational piers in the vicinity of the zone. Before the effective period, public notifications will be made via Local Notice to Mariners and Marine Information Broadcasts.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule will affect your small business, organization, or governmental jurisdiction and you have questions
