Office of Management Services; Printed Construction Cancellation of a Standard Form by the Department of Defense

AGENCY: Office of Management Services, GSA.

ACTION: Notice.

SUMMARY: Because of low usage only the padded, cutsheet version of the following Standard Form is cancelled by the Department of Defense: SF 153, COMSEC Material Report (NSN 7540-00-042-8528).

The 4-part marginally punched set form (NSN 7540-00-935-5860) is still current and available from the Federal Supply Service.

DATES: Effective July 8, 2002.

FOR FURTHER INFORMATION CONTACT: Ms. Barbara Williams, General Services Administration, (202) 501-0581.

Dated: June 17, 2002.

Barbara M. Williams,

Deputy Standard and Optional Forms Management Officer, General Services Administration.

GENERAL SERVICES ADMINISTRATION

Notice of Availability (NOA) of the Final Environmental Impact Statement (FEIS) for the Future Master Plan Development for the Centers for Disease Control (CDC) in Chamblee, GA

Pursuant to the requirements of the National Environmental Policy Act (NEPA) of 1969, and the President's Council on Environmental Quality Regulations (40 CFR parts 1500-1508),

as implemented by General Services Administration (GSA) Order PBS P 1095.4D, GSA announces its Notice of Availability (NOA) of the Final EIS for the proposed development and future build out for the CDC in Chamblee, Georgia. The proposed action includes the expansion of facilities and will include replacement buildings, additional buildings, parking structures, and infrastructure on Government-owned property located in Chamblee located south of Tucker Road between Peachtree Dekalb Airport and Buford Highway. The EIS has examined the impacts of this proposed development on the natural and human environment and included impacts to wetlands, floodplains, traffic, and other potential impacts identified by the community through the scoping process.

The EIS has addressed the potential impacts of two alternatives considered: the Proposed Action (Development Alternative), and No-Action Alternative (met facility requirements without full development on site). GSA solicited community input throughout this process, and incorporated comments into the decision process. Additional information is available from GSA at the following address: Mr. Phil Youngberg, Environmental Manager (4PT), General Services Administration (GSA), 77 Forsyth Street, Suite 450, Atlanta, GA 30303.

Dated: June 22, 2002.

Phil Youngberg,

Environmental Manager (4PT).

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Notice of Meeting

In accordance with section 10(d) of the Federal Advisory Committee Act (5 U.S.C., Appendix 2), announcement is made of a Health Care Policy and Research Special Emphasis Panel (SEP) meeting.

The Health Care Policy and Research Special Emphasis Panel is a group of experts in fields related to health care research who are invited by the Agency for Healthcare Research and Quality (AHRQ), and agree to be available, to conduct, on an as needed basis, scientific reviews of applications for AHRQ support. Individual members of the Panel do not meet regularly and do not serve for fixed terms or long periods of time. Rather, they are asked to

participate in particular review meetings which require their type of expertise.

Substantial segments of the upcoming SEP meeting listed below will be closed to the public in accordance with the Federal Advisory Committee Act, section 10(d) of 5 U.S.C., Appendix 2 and 5 U.S.C. 552b(c)(6). A grant application for a Small Research Grant Award is to be reviewed and discussed at this meeting. These discussions are likely to include personal information concerning individuals associated with the application. This information is exempt from mandatory disclosure under the above-cited statutes.

SEP Meeting on: Health Services Research Small Research Grant on Quality of Care.

Date: July 8, 2002 (Open on July 8 from 4:00 p.m. to 4:10 p.m. and closed for remainder of the teleconference meeting).

Place: Agency for Healthcare Research and Quality, 2101 East Jefferson Street, 4th Floor, ORREP, Office of Director, Division of Scientific Review, Rockville, MD 20852.

Contact Person: Anyone wishing to obtain a roster of members or minutes of this meeting should contact Mrs. Bonnie Campbell, Committee Management Officer, Office of Research Review, Education and Policy, AHRQ, 2101 East Jefferson Street, Suite 400, Rockville, Maryland 20852, Telephone (301) 594-1846.

"This notice is being published less than 15 days prior to the July 8 meeting due to the time constraints of reviews and funding cycles."

Agenda items for this meeting are subject to change as priorities dictate.

Dated: June 28, 2002.

Carolyn M. Clancy,

Acting Director.

Centers for Disease Control and Prevention

[Program Announcement 02152]

Dissertation Awards for Doctoral Candidates for Violence-Related Injury Prevention Research in Minority Communities; Notice of Availability of Funds; Amendment

A notice announcing the availability of Fiscal Year 2002 grant funds for Program Announcement Number 02152, entitled "Dissertation Awards for Minority Doctoral Candidates for Violence-Related Injury Prevention Research" was published in the **Federal Register** on May 9, Vol. 67, No. 90, pages 31344-31348. The notice is amended primarily to (1) open the

program for all doctoral candidates for violence-related injury prevention research (2) change the application submission and deadline to August 7, 2002, (3) adjust the Evaluation Criteria section, and (4) emphasize the targeted minority population. The announcement is amended in most sections to identify the eligible dissertation candidates. Therefore, the entire amended announcement is submitted below.

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 2002 funds for an extramural grant program for Dissertation Awards to Doctoral Candidates for Violence-Related injury prevention research. This program addresses the "Healthy People 2010" focus areas of injury and violence prevention.

Measurable outcomes of the program will be in alignment with one or more of the following performance goals for The National Center for Injury Prevention and Control (NCIPC):

1. Reduce the risk of youth violence in minority communities.
2. Reduce violence against women in minority communities.
3. Enhance the capacity of states to implement effective rape prevention and education programs for minority communities.
4. Increase external input on the research priorities, policies, and procedures related to the extramural research supported by CDC.

The purposes of this program are to:

1. Stimulate and encourage doctoral candidates from a variety of academic disciplines and programs, including, but not limited to public health, health care, criminal justice, and behavioral and social sciences, to conduct violence-related injury prevention research.
2. Assist students in the completion of their dissertation research on a violence-related topic.
3. Encourage investigators to build research careers related to the prevention of violence-related injuries, disabilities, and deaths.

A dissertation represents the most extensive research experience formulated and carried out by a doctoral candidate, with the advice and guidance of a mentor (the chair of the dissertation committee or other academic advisor). Dissertation research involves a major investment of the doctoral student's time, energy, and interest and its substance is often the basis for launching a research career. This research initiative is aimed at providing students with assistance to complete

their dissertation research on a violence-related topic and thereby increase their representation in violence-related injury research.

Deaths and injuries associated with interpersonal violence and suicidal behavior are a major public health problem in the United States and around the world. In 1999, more than 46,000 people died from homicide and suicide in the United States. Among 15 to 24 year olds, homicide ranked as the second and the third leading causes of death. Violent deaths are the most visible consequence of violent behavior in our society. Morbidity associated with physical and emotional injuries and disabilities resulting from violence, however, also constitute an enormous public health problem. For every homicide that occurs each year there are more than 100 non-fatal injuries resulting from interpersonal violence. For every completed suicide it is estimated that there are 20 to 25 suicide attempts. The mortality and morbidity associated with violence are associated with a variety of types of violence including child maltreatment, youth violence, intimate partner violence, sexual violence, elder abuse, and self-directed violence or suicidal behavior.

Violence has a disproportionate impact on racial and ethnic minorities. In 1999, homicide was the leading cause of death for African Americans and the second leading cause of death for Hispanics between the ages of 15 and 34. Suicide was the second leading cause of death for American Indians and Alaskan Natives and Asian and Pacific islanders 15 to 34 years of age. It is important to note that existing research indicates that race or ethnicity, per se, is not a risk factor for violent victimization or a cause of violent behavior. Rather, racial or ethnic status is associated with many other factors, such as poverty, that do influence the risk of becoming a victim or behaving violently. Nevertheless, racial and ethnic minorities in the United States are at high risk for both violent victimization and perpetration. A better understanding of the factors that contribute to this vulnerability or protection from such risk is important to furthering effective violence prevention programs that address racial and ethnic minorities.

There is a critical need for highly qualified scientists to carry out research on violence that can help in the development, implementation, and evaluation of effective violence prevention programs. In particular, scientists are needed that bring an understanding and sensitivity to the problems of violence as they affect
