

Federal Assistance. Hard copies of Small Grant instructions (booklets) are no longer provided, except under special circumstances. However, the NAWCA Program website, <http://birdhabitat.fws.gov>, contains instructions for completing and submitting a Small Grant application, as well as forms and instructions for the Standard Form 424.

Small Grant proposals may be submitted prior to the due date but must be postmarked no later than Friday, November 29, 2002. Address submitted proposals as follows: Division of Bird Habitat Conservation, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Suite 110, Arlington, VA 22203, Attn: Small Grants Coordinator.

Applicants must submit *complete* grant request packages to the Division of Bird Habitat Conservation (DBHC), including *all* of the documentation of partners (partner letters) with funding pledge amounts. Information on funding in partner letters, i.e., amounts and description regarding use, must correspond with budget amounts in the budget table and any figures provided in the narrative.

With the volume of proposals received, we are not usually able to contact proposal sources to verify and/or request supplemental data and/or materials. Thus, those proposals lacking required information or containing conflicting information are subject to being declared ineligible and not further considered for funding.

For more information, call the DBHC office secretary at 703.358.1784, facsimile 703.358.2282, or send e-mail to R9ARW_DBHC@FWS.GOV. Small Grant application instructions may be available by E-mail as a WordPerfect® file, upon special request.

In conclusion, we require that, upon arrival in the DBHC, proposal packages must be: complete with regard to the information requested, presented in the format requested, and be presented according to the established deadline.

The Service has submitted information collection requirements to the Office of Management and Budget (OMB) for review and approval under the Paperwork Reduction Act of 1995, Public Law 104-13. On May 26, 1999, OMB gave its approval for this information collection and confirmed the approval number as 1018-0100. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The information collection solicited: is necessary to gain a benefit in the form of a grant, as determined by the North American Wetlands

Conservation Council and the Migratory Bird Conservation Commission; is necessary to determine the eligibility and relative value of wetland projects; results in an approximate paperwork burden of 80 hours per application; and does not carry a premise of confidentiality. The information collections in this program will not be part of a system of records covered by the Privacy Act (5 U.S.C. 552(a)).
