

The FEIS is an informational document only. The purpose of the FEIS is to provide the public and decision makers' information on the potential environmental effects of the alternatives under consideration. The RUS, along with the USFWS and USACE, will consider information contained in the FEIS in rendering their respective decisions, which will be published in each agency's respective Record of Decision (ROD). A copy of the RUS ROD will be available online at the previously identified web site. A notice of availability of the ROD will be published in the **Federal Register** and in local Alaska newspapers.

Dated: July 1, 2002.

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for emergency clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* Office of the Secretary.

*Title:* DOC Postsecondary Internship

Program Intern Evaluation Survey.

*Form Number(s):* CD-577.

*OMB Approval Number:* None.

*Type of Request:* Emergency submission.

*Burden Hours:* 75.

*Number of Respondents:* 150.

*Average Hours Per Response:* 30 minutes.

*Needs and Uses:* The Office of Executive Budgeting and Assistance Management (OEBAM) manages the U.S. Department of Commerce (DOC) Postsecondary Internship Program. The program is competitively awarded and funded by cooperative agreements with the purpose of providing experiential training opportunities for postsecondary students at DOC and other partner federal agencies. The program is administered through a partnership between DOC and non-profit and/or educational institutions. The information collected from the survey will assist in program improvements and implement performance measures for strategic planning.

*Affected Public:* Individuals or households, not-for-profit institutions.

*Frequency:* Three times per year, during summer, fall and spring sessions.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:* David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6608, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [MCclayton@doc.gov](mailto:MCclayton@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent by July 25, 2002 to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: July 3, 2002.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-570-822]

#### Certain Helical Spring Lock Washers from the People's Republic of China; Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Preliminary Results of Antidumping Duty Administrative Review.

**SUMMARY:** We preliminarily find that helical spring lock washers from the People's Republic of China are not being sold in the United States below normal value by the Hangzhou Spring Washer Plant (also known as Zhejiang Wanxin Group, Ltd.). Interested parties are invited to comment on these preliminary results.

**EFFECTIVE DATE:** July 10, 2002.

**FOR FURTHER INFORMATION CONTACT:** Sally Hastings, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-3464.

**SUPPLEMENTARY INFORMATION:**

#### Applicable Statute

Unless otherwise indicated, all citations to the statute are references to

the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930, as amended (the Act) by the Uruguay Round Agreements Act. Unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR part 351 (2001).

#### Background

On October 19, 1993, the Department published the antidumping duty order on certain helical spring lock washers (HSLWs) from the People's Republic of China (PRC) (58 FR 53914). The Department notified interested parties of the opportunity to request an administrative review of this order on October 1, 2001 (66 FR 49923). The petitioner, Shakeproof Assembly Components Division of Illinois Tool Works, Inc., requested that the Department conduct an administrative review of Hangzhou Spring Washer Plant (also known as Zhejiang Wanxin Group Co. Ltd. (ZWG)), the predecessor firm to Hang Zhou Spring Washer Co., Ltd. (collectively Hangzhou), on October 30, 2001. The notice of initiation of this administrative review was published on November 21, 2001 (66 FR 58432).

On February 15, 2002, the petitioner timely requested verification for "good cause" pursuant to 19 CFR 351.307(b)(iv). On March 8, 2002, Hangzhou responded to the Department's January 4, 2002, questionnaire. The Department, on April 18, 2002, provided parties with an opportunity to submit information regarding appropriate surrogate values. On May 9, 2002, both petitioner and Hangzhou submitted surrogate value comments. The Department issued a supplemental questionnaire to Hangzhou on June 3, 2002. Hangzhou submitted its supplemental questionnaire responses on June 17, 2002.

The Department is conducting this administrative review in accordance with section 751 of the Act.

#### Scope of the Order

The products covered by the order are HSLWs of carbon steel, of carbon alloy steel, or of stainless steel, heat-treated or non-heat-treated, plated or non-plated, with ends that are off-line. HSLWs are designed to: (1) function as a spring to compensate for developed looseness between the component parts of a fastened assembly; (2) distribute the load over a larger area for screws or bolts; and, (3) provide a hardened bearing surface. The scope does not include internal or external tooth washers, nor does it include spring lock
