

video programming distributor? We seek information on the development of the Internet as a means through which some video retailers are selling their videos. Further, we seek information on the development of companies offering PVR services in conjunction with video programming distributors, equipment manufacturers, advertisers, and programmers.

Internet Video

29. Finally, we seek information on the types of video services currently being offered over the Internet and fact-based projections of when Internet video will become a viable competitor in the market for the delivery of video programming. We also solicit information on the technological, legal, and competitive factors that may promote or impede the provision of video over the Internet.

Procedural Matters

Ex Parte

30. There are no ex parte or disclosure requirements applicable to this proceeding pursuant to 47 CFR 1.1204(b)(1).

Filing of Comments and Reply Comments

31. Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments on or before July 29, 2002, and reply comments on or before August 30, 2002. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).

32. Comments filed through the ECFS can be sent as an electronic file via the Internet to <<http://www.fcc.gov/e-file/ecfs.html>>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send an e-mail to ecfs@fcc.gov, and should include the following words in the body of the message, "get form <your e-mail address>." A sample form and directions will be sent in reply.

33. Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appear in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Vistrionix, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, NE., Suite 110, Washington, DC 20002. The filing hours at this location are 8 a.m. to 7 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW., Washington, DC 20554. All filings must be addressed to the Commission's Secretary, Marlene H. Dortch, Office of the Secretary, Federal Communications 445 12th Street, SW., Room TW-A325, Washington, DC 20554. The Media Bureau contact for this proceeding is Anne Levine at (202) 418-7027, or at alevine@fcc.gov.

Ordering Clause

34. This Notice is issued pursuant to authority contained in sections 4(i), 4(j), 403, and 628(g) of the Communications Act of 1934, as amended.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712-01-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to

comment on proposed revised information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the Elevation Certificate and the Floodproofing Certificate. The Elevation certificate is required by the NFIP to certify the elevations of the buildings so the policy can be properly rated. It also provides documentation to verify the community's enforcement of building ordinances, which is important to the NFIP mitigation and floodplain management activities.

ADDRESSES: Interested persons should submit written comments to Muriel B. Anderson, Chief, Records Management Section, Program Services and Systems Branch, Facilities Management and Services Division, Administration and Resource Planning Directorate, Federal Emergency Management Agency, 500 C Street, SW., Room 316, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Contact Jhun de la Cruz, Insurance Examiner, Federal Insurance and Mitigation Administration, (202) 646-2650 for additional information. You may contact Ms. Anderson for copies of the proposed collection of information at telephone number (202) 646-2625 or facsimile number (202) 646-3347 or e-mail muriel.anderson@fema.gov.

SUPPLEMENTARY INFORMATION: The National Flood Insurance Program (NFIP) regulations require the elevation or floodproofing of newly constructed structures in designated special flood hazard areas. As part of the agreement for making flood insurance available in a community, the NFIP requires the community to adopt a floodplain management ordinance containing certain minimum requirements intended to reduce future flood losses. One such requirement is that the community require that residential buildings be elevated to above the base flood elevation and, to enforce this requirement, obtain the elevation of the lowest floor (including basement) of all new and substantially improved structures, and maintain a record of all such information. These data should be generated and retained as part of the community's permit issuance and building inspection processes. The Elevation Certificate is one convenient way for a community to comply with this requirement; however, it is not prescribed. The Floodproofing Certificate may similarly be used to establish the required record in those instances when floodproofing for non-residential structures is a permitted practice.

The Elevation Certificate/Floodproofing Certificate is an adjunct to the application for flood insurance and is required for proper rating of Post-FIRM structures, which are buildings constructed after publication of the Flood Insurance Rate Map (FIRM), for flood insurance in Special Flood Hazard Areas (44 CFR 61.7,61.8). In addition, the Elevation Certificate is needed for Pre-FIRM structures being rated under Post-FIRM flood insurance rules. The standardized format of the Elevation

Certificate and Floodproofing Certificate for Non-Residential Structures (FEMA Forms 81-31 and 81-65) provide the community officials and others documents, which may be used to readily record needed information.

Collection of Information

Title: Post Construction Elevation Certificate/FloodProofing Certificate.

Type of Information Collection: Revision of a currently approved collection.

OMB Number: 3067-0077.

Form Numbers: FEMA Form 81-31, Elevation Certificate, and FEMA Form 81-65, Flood Proofing Certificate.

Abstract: The Elevation Certificate and Floodproofing Certificate are adjuncts to the application for flood insurance. The certificates are required for proper rating of post Flood Insurance Rate Map (FIRM) structures, which are buildings constructed after publication of the FIRM, for flood insurance in Special Flood Hazard Areas. In addition, the Elevation Certificate is needed for pre-FIRM structures being rated under post-FIRM flood insurance

rules. The certificates provide community officials and others standardized documents to readily record needed information.

The certificates are supplied to insurance agents, community officials, surveyors, engineers, architects, and NFIP policyholders/applicants. The community officials or other professionals provided the elevation data required to document conformance with floodplain management regulations and for the applicants so that actuarial insurance rates can be charged for insuring property against the flood hazard.

Affected Public: Individuals or Households, Business or Other For-Profit, Not-For-Profit Institutions, Farms, and State, Local or Tribal Governments.

ESTIMATED TOTAL ANNUAL BURDEN (C) HOURS

FEMA forms	Number of respondents (A)	Frequency of response (B)	Hours per response	Annual burden hours (A x B x C)
81-31	54,515	1	3	63,545
81-65	180	1	3.25	910
Total	54,695			164,455

Estimated Cost: The estimated annual cost to the respondents is approximately \$12,306,375 (54,695 x \$225 (average cost)). This estimated cost is based on a fee of \$150-\$300 charged to the applicant by the private sector professional completing the Elevation or Floodproofing certificates. The estimated annual cost to the Federal government to process, analyze and maintain this information is approximately \$77,485.

Comments: Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be

received within 60 days of the date of this notice.

Dated: July 3, 2002.

Reginald Trujillo,

Branch Chief, Program Services and Systems Branch, Facilities Management and Services Division, Administration and Resource Planning Directorate.
