SUPPLEMENTARY INFORMATION: The Postal Service published a proposed rule on May 9, 2002, to amend 39 CFR part 265, Release of Information, giving new procedures for releasing the name and address of a particular holder of a postage meter license. The new procedures will ensure that legitimate expectations of individual privacy are met, while providing for the release of information needed for consumer protection. The new procedures remove the processing of requests for information about meter license holders from field locations, and enables Postage Technology Management at Postal Service Headquarters to ensure that information is released appropriately. Comments on the proposed rule were due on or before June 10, 2002. We received no comments objecting to the proposed rule or requesting any changes. Therefore, the rule is adopted as final without any changes.
