#### Rental Fee Waivers for Noncommercial, Educational Broadcasters and State and Local Entities Holding Leases or Permits for Communications Uses on National Forest System Lands

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of issuance of agency interim directive.

**SUMMARY:** The Forest Service is issuing an interim directive (ID) to provide internal guidance to its employees in implementing a rental fee waiver for noncommercial, educational sectarian broadcasters that hold a Forest Service lease or special use permit to occupy National Forest System lands for telecommunications purposes. Based on an analysis of applicable case law, the Forest Service is modifying its fee waiver policy to exempt from a rental fee those sectarian broadcasters that have a Forest Service lease or special use permit, are licensed by the Federal Communications Commission (FCC) as a noncommercial, educational broadcaster, and have nonprofit status under section 501(c)(3) of the Internal Revenue Code. Additionally, the ID clarifies that the Forest Service rental fee calculation for facility owners and facility managers does not include sectarian broadcasters in their facilities that can verify their nonprofit status under section 501(c)(3) of the Internal Revenue Code and their classification by the FCC as noncommercial, educational sectarian broadcasters. The Forest Service is also clarifying its current fee waiver policy to provide that States and local governmental entities are not to be granted a fee waiver when their authorized use on the National Forest is commercial in nature or is intended to generate a profit. The interim directive is issued to the Forest

Service Special Uses Handbook, FSH 2709.11, Chapter 30, Fee Determination, as ID number 2709.11-2002-2.

**DATES:** The interim directive is effective July 15, 2002.

**ADDRESSES:** The interim directive is available electronically from the Forest Service via the World Wide Web/Internet at <http://www.fs.fed.us/im/directives>. Single paper copies of the interim directive also are available by contacting Mark Scheibel, Forest Service, USDA, Lands Staff (Mail Stop 1124), 1400 Independence Avenue, SW., Washington, DC 20250-1124 (telephone 202-205-1264).

RBS plans to use cooperative agreements with the 1890 Institutions to strengthen the capacity of these communities to undertake innovative, comprehensive, citizen led, long-term strategies for community and economic development. The cooperative agreements will be for an outreach effort to promote RBS programs and shall include, but not limited to:

#### Use of Funds

Funds may be used to pay up to 75 percent of the costs for carrying out relevant projects. Applicants' contributions may be in cash or in-kind contributions and must be from non-Federal funds. Funds may not be used to: (1) Pay more than 75 percent of relevant project or administrative costs; (2) pay costs of preparing the application package; (3) fund political activities; (4) pay costs prior to the effective date of the cooperative agreement; (5) proposals may not provide for revolving funds; (6) construction; (7) any activities where there are or may appear to be a conflict of interest; (8) paying obligations before the date of the cooperative agreement; or (9) purchasing real estate.

Based on Section 708 Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2002, (Pub. L. 107-76, Nov. 28, 2001) "No funds appropriated by this Act may be used to pay indirect cost rates on cooperative agreements or similar arrangements between the United States Department of Agriculture and nonprofit institutions in excess of 10 percent of the total cost of the agreement when the purpose of such cooperative arrangement is to carry out programs of mutual interest between the two parties."

#### Available Funds and Award Limitations

The total amount of funds available in FY 2002 for support of this program is approximately \$1.5 million. Applicants should request a budget commensurate with the project proposed. Total funds to be awarded will be distributed to the 1890 Institutions competitively, for the purpose of conducting outreach and providing technical assistance to small

rural communities. This outreach initiative includes, but is not limited to, technical assistance in economic and community development, feasibility studies, research, market development, loan packaging, conducting workshops and seminars in the area of business and economic development, and developing and providing access to computer web sites in the targeted population and communities. The actual number of cooperative agreements funded will depend on the quality of proposals received and the amount of funding requested. Maximum amount of Federal funds awarded for any one proposal will be \$150,000. It is anticipated that a typical award would range from \$75,000 to \$150,000.

#### Eligible Applicants and Beneficiaries

Eligible applicants are 1890 Institutions. Eligible applicants must provide matching funds equal to at least 25 percent of the amount provided by RBS in the cooperative agreement. Matching funds must be spent in proportion to the spending of funds received from the cooperative agreement. Applicant, and the assigned personnel, must also have expertise and experience in providing the recommended assistance. Applicants should also have a previous record of successful implementation of similar projects and must have the expertise in the use of electronic network technologies and/or a business information system network web site.

Eligible beneficiaries must be located in a rural area as defined in 7 U.S.C. 1991 (a)(b) with economic need. Economic need can be demonstrated by the methods delineated in the evaluation section of this notice. Location in an Empowerment Zone, Enterprise Community, or Champion Community is sufficient evidence of economic need. Eligible beneficiaries must also be located in communities that show significant community support for the proposal. Preference will be given for projects that operate in a multi-county service area.

#### Methods for Evaluating and Ranking Applications

Applications will be collectively evaluated at the end of the application period and will be rated and ranked by a review panel based on the criteria and weights found in the next section. If there is a tie score after the proposals have been rated and ranked, the tie will be resolved by lottery. If such a lottery is required, the names of all tied applicants will be entered into a drawing. The first applicant drawn will receive the highest rank among the ties,

with the next draw receiving the next rank.

**Evaluation Criteria and Weights**

Proposals will be evaluated using the following seven criteria. Each criterion is given the weight value shown with total points equal to 100. Points do not have to be awarded by RBS for each criterion. After all proposals have been evaluated, the Administrator may award an additional 10 discretionary points to any proposal to obtain the broadest geographic dispersion of the funds, insure a broad diversity of project proposals, or insure a broad diversity in the size of the awards.

1. *Support of Local Community (Up to 10 points)*—Proposals should have the support of local government, educational, community, and business groups. Higher points will be awarded for proposals demonstrating broad support from all four components of the community. Broad support is demonstrated by tangible contribution, such as volunteering human capital, computers, transportation and/or co-sponsoring workshops and conferences. Points will be awarded based on the level of tangible contribution in comparison to the size of the award.

2. *Matching Funds/Leveraging (Up to 15 points)*—Points will be awarded based upon the amount the proposal exceeds the minimum 25 percent matching requirement. Applicants will be required to provide matching funds or equivalent in-kind in support of this project. Evidence of matching funds availability must be provided. Funds or equivalent in-kind must be available at the time the cooperative agreement is entered into. Points will be awarded as follows:

25% to 35% Match .....	5 points.
>35% to 50% Match .....	8 points.
>50% to 75% Match .....	12 points.
>75% Match .....	15 points.

3. *Economic Need of Community (Up to 20 points)*—Projects entirely in Empowerment Zones, Enterprise Communities, and Champion Communities will automatically receive the full 20 points. Otherwise, points will be awarded for demonstrated economic need based on the local community 10-year average poverty rate as compared to the respective State 10-year average poverty rate. Applicants may use county poverty rates for served communities. When multi-communities proposals are submitted, the over-all average for all counties will be used. Applicants must provide 10 years of poverty data for each targeted community in their respective State. Points will be awarded based on the

amount the local community poverty rate exceeds the State average as following. Percents will be rounded to the next whole number.

Less than 10% .....	0 points.
10–15 .....	5 points.
16–20 .....	8 points.
21–25 .....	12 points.
26–30 .....	16 points.
Greater than 30 .....	20 points.

4. *Previous Accomplishments (Up to 10 points)*—A point will be awarded to those 1890 Institutions for each year they have been awarded a cooperative agreement under this program up to 8 years. An additional 2 points shall be given to each institution that has received a cooperative agreement for the last 5 years (1997–2001). This criterion is meant to reward those institutions that have repeatedly participated in this program and shown their expertise and commitment to the program. Applicants must provide evidence of satisfactorily completing the agreement for each year that they claim for credit.

5. *Service Area (Up to 10 points)*—This criterion will be evaluated based upon the number of people directly assisted in the targeted communities. “Directly assisted” means those people that attend classes, workshops, or conferences sponsored by the applicant or received direct one-on-one technical assistance such as loan packaging activities. Points will be awarded based upon the ratio of the number of people served to the total Federal dollars received through the cooperative agreement (number of people served/ Federal dollars). Higher points will be awarded to those proposals with the highest number of people served per Federal dollar ratio.

6. *Technology Outreach (Up to 15 points)*—This criterion is meant to evaluate the applicant’s level of outreach and capacity to provide innovative and effective computer technology outreach to the underserved targeted rural communities. Points will be awarded based on the number of computer-related classes, the number of hits made in a business information system network, and the number of people assisted in a one-on one computer technology training.

A maximum of 10 points will be awarded based upon ratio of number of people reached via technology using the above items to the total Federal dollars received through the cooperative agreement (number of people reached/ Federal dollars). Higher points will be awarded to those proposals with the highest number of people reached to Federal dollar ratio.

Up to 5 additional points may be awarded based on the qualification and subject skill level of the individuals directly conducting the technology outreach activities. Applicants must provide sufficient information for the evaluation panel to properly rate this technology criterion.

7. *Business Economic Development Activities (Up to 20 points)*—This criterion is meant to evaluate the applicant’s ability to impact business economic development by (saving or creating jobs), starting new businesses, and promoting USDA-Rural Development programs in targeted rural communities. This shall be done by conducting business-related classes for entrepreneurs and providing one-on-one technical help (such as preparing feasibility studies and packaging loans), and providing the type of technical assistance that will result in new businesses. Promoting USDA-Rural Development programs can be demonstrated by conducting workshops or conferences in the targeted communities using the agency’s published resources and, if possible personnel. Points will be awarded as follows:

- 1 point for every type of activity listed above up to 10 points
- 1 point for each outreach activity to promote RBS programs up to 5 points

Up to 5 additional points may be awarded for this criterion based on the qualification and subject skill level of the individual directly conducting the business economic development outreach activities. Applicants must provide sufficient information for the evaluation panel to properly rate this criterion.

Projected number of jobs saved or created, new business starts, and one on one assistance must be as realistic as possible. The Agency reserves the right to reduce applicant’s scores if it is determined that the numbers projected, quality of the courses taught or the resource materials used for conducting workshops and conferences are below the standards needed to achieve the stated objectives.

**Deliverables**

During the term of the negotiated agreements, the recipients will deliver quarterly reports of progress of the work to RBS and prepare and deliver a final report detailing all work done and results accomplished. In addition, all reports forwarded to RBS must be forwarded to the Rural Development State Office. proposals. RBS retains those rights delineated in 7 CFR 3019.36. Also, the recipients will deliver project outreach success stories and other project related information requested by RBS for use on the Web site (<http://BISNet.cmps.subr.edu>).

#### Award Amount

In the event that the applicant is to receive an award that is less than the amount requested, the applicant will be required to modify the application to conform to the reduced amount before execution of the cooperative agreement. RBS reserves the right to reduce or de-obligate any award if acceptable modifications are not submitted by the awardees within 10 working days from the date the application is returned to the applicant. Any modification must be within the scope of the original application.

**DEPARTMENT OF COMMERCE**

**Submission for OMB Review; Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* U.S. Census Bureau.

*Title:* Census Employment Inquiry.

*Form Number(s):* BC-170.

*Agency Approval Number:* 0607-0139.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 4,150 hours.

*Number of Respondents:* 16,600.

*Avg Hours Per Response:* 15 minutes.

*Needs and Uses:* The Census Bureau requests continued OMB approval for the BC-170, Census Employment Inquiry. We are also requesting minor modifications to the collection. The BC-170 is used to collect information such

as personal data and work experience from job applicants. Selecting officials review the information shown on the form to evaluate applicant's eligibility for employment and to determine the best qualified applicants to fill Census jobs.

The BC-170 is used throughout the census and intercensal periods for the Special Census, pretests, and dress rehearsals for short-term time limited appointments. Applicants completing the form for a census related position are applying for temporary jobs in office and field positions (clerks, enumerators, crew leaders, supervisors). In addition, as an option to the OF-612, Optional Application for Federal Employment, the BC-170 may be used when applying for temporary/permanent office and field positions (clerks, field representatives, supervisors) on a recurring survey in one of the Census Bureau's 12 Regional Offices (ROs) throughout the United States.

During the decennial census, the BC-170 is intended to expedite hiring and selection in situations requiring large numbers of temporary employees for assignments of a limited duration. The use of this form is limited to only situations which require the establishment of a temporary office and/or involve special, one-time or recurring survey operations at one of the ROs. The form has been demonstrated to meet our recruitment needs for temporary workers and requires significantly less burden than the Office of Personnel Management (OPM) Optional Forms that are available for use by the public when applying for Federal positions. In addition, during the next decade and before the 2010 decennial census, we expect to recruit approximately 176,000 applicants for census jobs (i.e., special censuses and decennial pretests and dress rehearsals).

A separate informational cover sheet will be attached to the BC-170 to provide applicants with a brief description of their prospective job duties with the Census Bureau; the cover sheet message will vary for decennial, special censuses, or recurring survey positions. The cover sheet and "Education" sections have been revised as necessary to reflect changes in administrative requirements.

*Affected Public:* Individuals or households.

*Frequency:* One time.

*Respondent's Obligation:* Required to obtain a benefit.

*Legal Authority:* Title 13 U.S.C., sections 23a & c.
