

customers on a firm basis under Natural's Rate Schedule "Nominated Storage Service" (NSS). One new non-affiliated shipper has signed a binding precedent agreement for the full volume for a term of not less than ten years with a negotiated rate for service on Natural's Gulf Coast system. The project will result in an aggregate maximum daily quantity of 146,666 Dth of additional NSS. Furthermore, Natural proposes that the NSS service will be available by the summer of 2003 and requests that the Commission issue a certificate in this docket by November 2002.

Any questions regarding this application should be directed to Floyd Hofstetter, Vice President, Storage Operations, Natural Gas Pipeline Company of America, 747 East 22nd Street, Lombard, Illinois 60148, phone (630) 691-3660.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before July 30, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and

two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the nonparty commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

[Docket No. EC02-87-000]

### Wisvest Corporation; Wisvest-Connecticut LLC; PSEG Fossil LLC; Notice of Filing

July 9, 2002.

Take notice that on June 28, 2002, Pursuant to Section 203 of the Federal Power Act ("FPA"), 16 U.S.C. 824b (2000), and Part 33 of the Commission's regulations thereunder, 18 CFR Part 33, Wisvest Corporation (Wisvest or Seller), Wisvest-Connecticut, LLC (Wisvest-Connecticut) and PSEG Fossil LLC (PSEG Fossil or Buyer) (together, the Applicants) filed an application with the Federal Energy Regulatory Commission (Commission) for approval to permit Wisvest to transfer and PSEG Fossil to acquire 100% of the membership interests Wisvest currently

holds in Wisvest-Connecticut, a public utility subject to the Commission's jurisdiction under the FPA. The proposed transaction will result in PSEG Fossil indirectly acquiring control over Wisvest-Connecticut's two generating stations, a 553 MW coal and oil fired generating facility in Bridgeport, Connecticut and a 466 MW oil and gas-fired generating facility in New Haven, Connecticut, as well as associated jurisdictional facilities, wholesale power sales contracts and Wisvest-Connecticut's market-based rate schedule on file with the Commission.

PSEG Fossil is a new market entrant in New England that, together with its affiliates, owns only de minimis electric generation in New England, all of which is fully committed under long-term power sales agreements. The Applicants, therefore, request a shortened notice period and expedited Commission approval within 60 days of filing in order to achieve closing of the proposed transaction on or before October 1, 2002.

Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's rules of practice and procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.
