

LEO Order, was inadvertently omitted in the amended rules published in the **Federal Register** and sent for inclusion in the Code of Federal Regulations. The Commission subsequently amended § 25.136(a) to govern also earth station networks in the 2 GHz MSS band. See 65 FR 59140. In doing so, the failure to modify § 25.136(a) as ordered in the *Big LEO Order* was inadvertently carried over to the *2 GHz MSS Order*. This error is now corrected by revising § 25.136(a) to include aircraft cockpit communications as well as aircraft Cabin Communications, as originally ordered in the text of the *Big LEO Order*.

Second, the title of § 25.143 of the Commission's rules is corrected to include 2 GHz MSS systems in addition to 1.6/2.4 GHz MSS systems. The Commission ordered 2 GHz MSS systems to comply with § 25.143 as part of the 2 GHz MSS Order and amended § 25.143 to reflect this fact. These amendments were included in the final rules that were adopted in the 2 GHz MSS Order and published in the **Federal Register**. See 65 FR 59143. Although § 25.143 included 2 GHz MSS systems in the title when published in the *2 GHz MSS Order* and the **Federal Register**, the ordering language in the **Federal Register** inadvertently failed to include the necessary instructions to amend the title of § 25.143 to include 2 GHz MSS systems. See *id.* This omission is corrected by revising the title of § 25.143 to include 2 GHz MSS systems in addition to 1.6/2.4 GHz MSS systems.

Ordering Clause

Pursuant to § 0.261 of the Commission's rules, 47 CFR 0.261, §§ 25.136(a) and 25.143 of the Commission's rules, 47 CFR 25.136(a) and 25.143, are corrected as set forth further.

47 CFR Part 73

[DA 02-1546; MM Docket No. 01-147; RM-10162]

Radio Broadcasting Services; George West, TX

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document allots Channel 292A to George West, Texas, as that community's third local aural transmission service, in response to a petition for rule making filed by Katherine Pyeatt. See 66 FR 37633, July 19, 2001. The allotment of Channel 292A at George West, Texas, requires a site restriction 12.7 kilometers (7.9 miles) west of the community, utilizing coordinates 28-20-33 NL and 98-14-45 WL. As George West is located within 320 kilometers of the U.S.-Mexico border, concurrence of the Mexican government has been requested for Channel 292A at that community, but has not been received. Therefore, if a construction permit is granted for Channel 292A at George West, Texas, prior to receipt of final notification by the Mexican government, the construction permit will include the following condition: "Operation with the facilities specified herein is subject to modification, suspension or termination without right to a hearing if found by the Commission to be necessary in order to conform to the 1992 USA-Mexico FM Broadcast Agreement, or if specifically objected to by Mexico." With this action, this docketed proceeding is terminated.

DATES: Effective August 19, 2002. A filing window for Channel 292A at George West, Texas, will not be opened at this time. Instead, the issue of opening the allotment for auction will be addressed by the Commission in a subsequent Order.
