

DEPARTMENT OF AGRICULTURE**Forest Service****Supplement to the Draft Environmental Impact Statement for the Drew Creek, Diamond Rock and Divide Cattle Allotments, Tiller Ranger District, Umpqua National Forest, Douglas County, OR**

AGENCY: Forest Service, USDA

ACTION: Notice of intent to supplement a draft environmental impact statement.

SUMMARY: The USDA Forest Service will prepare a Supplement to the Draft Environmental Impact Statement (EIS) for the Drew Creek, Diamond Rock and Divide Cattle Allotments. The draft EIS for the Drew Creek, Diamond Rock and Divide Cattle Allotments was released by former Forest Supervisor Don Ostby in May 2001 (Notice of Availability, May 25, 2001). Based on comments received on the draft EIS, Forest Supervisor James H. Caplan decided to prepare a supplement pursuant to 40 CFR 1502.9(c)(1)(ii). This supplement will provide additional information, as well as another alternative, to the existing analysis.

ADDRESSES: Send written comments and suggestions concerning the scope of this supplement to Jill A. Dufour, District Range, Tiller Ranger District, 27812 Tiller-Trail Highway, Tiller, Oregon 97484.

FOR FURTHER INFORMATION CONTACT: Wes Yamamoto, Resource Assistant, Tiller Ranger District, 27812 Tiller-Trail Highway, Tiller, Oregon 97484, or (541) 825-3201.

RESPONSIBLE OFFICIAL: Forest Supervisor James A. Caplan is the responsible official for this EIS. Mr. Caplan may be contacted at Umpqua National Forest, P.O. Box 1008, Roseburg, OR 97470.

SUPPLEMENTARY INFORMATION: The purpose of the supplement is to provide an additional alternative, which was submitted by the South Umpqua Grazing Association. It also will provide additional information on the social and economic environments that would be affected by the proposal. The supplement will be prepared and circulated in the same manner as the draft EIS (40 CFR 1502.9). Comments received on the supplement will be considered in the preparation of the Final Environmental Impact Statement (FEIS). The supplement to the draft EIS is expected to be available for public review and comment in August 2002. The comment period on the supplement will be 45 days from the date the Environmental Protection Agency's

notice of availability appears in the **Federal Register**.

The Forest Service believes it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of supplemental draft EIS must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objection that could be raised at the draft EIS stage, but are not raised until the completion of the final EIS, may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F. 2d 1016, 1002 (9th Cir, 1986), and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Sup. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is important that those interested in this proposed action participate by the close of the 45-day comment period so substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final EIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the supplemental draft EIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the supplemental draft EIS. Comments may also address the adequacy of the supplemental draft EIS or the merits of the alternatives formulated and discussed in the statement. (Reviewers may wish to refer to the Council of Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.)

In the final EIS, the Forest Service is required to respond to substantive comments and responses received during the comment period that pertain to the environmental consequences discussed in the supplemental draft EIS, as well as applicable laws, regulations and policies considered, in making a decision regarding the proposal. The final EIS is scheduled to be completed in November 2002. The Responsible Official is James A. Caplan, Forest Supervisor for the Umpqua National Forest. The Responsible Official will document the decision and rationale for the decision in the Record of Decision. That decision is subject to appeal under 36 CFR Part 215.

Dated: July 2, 2002.

James A. Caplan,

Forest Supervisor, Umpqua National Forest.

BILLING CODE 3410-11-M

DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Business and Professional Classification Report.

Form Number(s): SQ-CLASS.

Agency Approval Number: 0607-0189.

Type of Request: Revision of a currently approved collection.

Burden: 9,448.

Number of Respondents: 43,600.

Avg Hours Per Response: 13 minutes.

Needs and Uses: The Census Bureau sponsors the SQ-CLASS, "Business and Professional Classification Report," to collect information needed to keep the retail, wholesale, and service samples current with the business universe. Because of rapid changes in the marketplace caused by the emergence of new businesses, the death of others, and changes in company organization, the Census Bureau canvasses by mail a sample of new Employer Identification Numbers (EINs) obtained from the Internal Revenue Service (IRS) and the Social Security Administration (SSA). Each firm selected in this sample is canvassed once for data on the establishment(s) associated with the new EIN. From the perspective of the business firms, this is a one-time collection of data on newly assigned EINs. A different sample of EINs is canvassed four times a year.

We plan to revise the SQ-CLASS form to improve the assignment of kind-of-business codes based on the new North American Industry Classification System (NAICS). Questions have been rearranged on the form to improve the flow. One question has been removed and respondents are asked to provide two additional percentages. We do not expect these inquiries to increase burden.

The completed SQ-CLASS form provides sales, receipts or revenue, company organization, new or refined NAICS codes, and other key information needed for sampling to maintain proper coverage of the universe. Based on the

collected information, EINs meeting the criteria for inclusion in the Bureau's retail, wholesale, or service surveys are subjected to a second sampling. The retail and wholesale EINs selected in this second sampling are placed on a panel to report in our monthly surveys. An additional panel of selected units are included in the annual surveys. The selected service cases report on an annual basis.

Affected Public: Businesses or other for-profit, Not-for-profit institutions.

Frequency: One time only.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 182.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6608, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 11, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Current Population Survey, October 2002 School Enrollment Supplement.

Form Number(s): None.

Agency Approval Number: 0607-0464.

Type of Request: Revision of a currently approved collection.

Burden: 4,275 hours.

Number of Respondents: 57,000.

Avg Hours Per Response: 4 minutes and 30 seconds.

Needs and Uses: The Census Bureau requests OMB clearance for the

supplemental inquiry concerning school enrollment to be conducted in conjunction with October 2002 Current Population Survey (CPS) interviewing. Selected items which monitored changes in the types of vocational education have been removed since the supplement was last conducted in 2001 and new items have been added to investigate the fields of study for post-secondary degrees and the use of public libraries.

This data series has existed for 40 years and provides basic information on enrollment status of various segments of the population necessary as background for policy formation and implementation. The CPS October supplement is the only annual source of data on public/private elementary and secondary school enrollment and characteristics of private school students and their families, which are used for tracking historical trends and for policy planning and support. It is the only source of national data on the age distribution and family characteristics of college students and the only source of demographic data on preprimary school enrollment. As part of the federal government's efforts to collect data and provide timely information to local governments for policymaking decisions, this survey provides national trends in enrollment and progress in school.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., section 182 and Title 29 U.S.C., sections 1-9.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6608, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 11, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

BILLING CODE 3510-07-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Current Industrial Reports (Wave III Mandatory & Voluntary Surveys).

Form Number(s): M311H, M311L, M311M, M311N, M336G, MQ313D, MQ313T, MA311D, MA315D, MA327E, MA333D, MA333F, MA333N, MA334P, MA334R and MA335L.

Agency Approval Number: 0607-0476.

Type of Request: Revision of a Currently approved collection.

Burden: 10,274 hours.

Number of Respondents: 5,995.

Avg Hours Per Response: 1.7 hours.

Needs and Uses: The Census Bureau conducts a series of monthly, quarterly, and annual surveys as part of the Current Industrial Reports (CIR) program. The CIR program focuses primarily on the quantity and value of shipments of particular products and occasionally with data on production and inventories; unfilled orders, receipts, stocks and consumption; and comparative data on domestic production, exports, and imports of the products they cover. Primary users of these data are Government agencies, business firms, trade associations, and private research and consulting organizations. The Federal Reserve Board uses CIR data in its monthly index of industrial production as well as its annual revision to the index. The Bureau of Economic Analysis (BEA) and the Bureau of Labor Statistics (BLS) use the CIR data in the estimate of components of gross domestic product (GDP) and the estimate of output for productivity analysis, respectively. Many Government agencies, such as the International Trade Commission, Department of Agriculture, Food and Drug Administration, Department of Energy, Federal Aviation Administration, BEA, and International Trade Administration, use the data for industrial analysis, projections, and monitoring import penetration. Private business firms and organizations use the data for trend projections, market analysis, product planning, and other economic and business-oriented analysis.

Due to the large number of surveys in the CIR program, for clearance purposes,
