

declines in sales and production at the subject firm are attributed to a worldwide slow down in the airline industry during the relevant period, which thus impacted the retrofitting aerospace interior components business. The events of September 11, 2001 further impacted the demand for the subject firm's products.

Therefore, imports from Canada or Mexico of products "like or directly competitive" with what the subject plant produced did not "contribute importantly" to the layoffs at the subject plant.

### Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, DC, this 5th day of July 2002.

Petitions for transitional adjustment assistance under the North American Free Trade Agreement—Transitional Adjustment Assistance Implementation Act (Pub. Upon notice from a Governor that a NAFTA-TAA petition has been received, the Director of the Division of Trade Adjustment Assistance (DTAA), Employment and Training Administration (ETA), Department of Labor (DOL), announces the filing of the petition and takes action pursuant to paragraphs (c) and (e) of Section 250 of the Trade Act.

The purpose of the Governor's actions and the Labor Department's investigations are to determine whether the workers separated from employment on or after December 8, 1993 (date of enactment of Public Law 103-182) are eligible to apply for NAFTA-TAA under Subchapter D of the Trade Act because of increased imports from or the shift in production to Mexico or Canada.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing with the Director of DTAA at the U.S. Department of Labor (DOL) in Washington, D.C. provided such request is filed in writing with the Director of DTAA not later than July 29, 2002.
