**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Therefore, the FAA solicits comments on the following current collections of information in order to evaluate the necessity of the collection, the accuracy of the agency's estimate of the burden, the quality, utility, and clarity of the information to be collected, and possible ways to minimize the burden of the collection in preparation for submission to renew the clearances of the following information collections.

1. *2120-0007, Flight Engineers and Flight Navigators—FAR 63.* The information collected will be used to determine compliance of applicants with the provisions of FAR Part 63, which prescribes the requirements of eligibility for flight navigator and flight engineer certification and training course requirements for those airmen. The current estimated annual reporting burden is 1,009 hours.

2. *2120-0576, Kansas City Center Customer Satisfaction Questionnaire.* The information collected on this form represents customer feedback concerning the quality of service provided to the users of Kansas City ARTCC airspace.
