

of the competitive review, will recommend applications for funding to the ASH. The ASH reserves the option of discussing applications with other funding sources when this is in the best interest of the Federal government. The ASH may also solicit and consider comments from Public Health Service Regional Office staff and others within DHHS in making funding decisions. The ASH makes final decisions regarding the applications to be funded.

The OPHS does not release information about individual applications during the review process. When final decisions have been made, successful applicants will be notified by letter of the outcome of the final funding decisions. The official document notifying an applicant that a project as been approved for funding is the Notice of Grant Award (NGA), which sets forth the amount of funds granted, the terms and conditions of the award, the effective date of the grant, the budget period for which initial support will be given, and the total project period for which support is contemplated. The ASH will notify an organization in writing when its application will not be funded. Every effort will be made to notify all unsuccessful applicants as soon as possible after final decisions are made.

Dated: July 22, 2002.
