Proposed Settlement Agreement, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of two proposed settlement agreements. On July 15, 2002, the United States Environmental Protection Agency ("EPA") filed one settlement agreement with the United States Court of Appeals for the District of Columbia Circuit, and the other settlement agreement with the United States Court of Appeals for the First Circuit. These two settlement agreements address challenges to two separate final actions EPA took, determining that the one-hour ozone national ambient air quality standard ("NAAQS") no longer applied in different areas of the country. On August 8, 1998, Environmental Defense filed a petition for review pursuant to section 307(b) of the Act, 42 U.S.C. 7607(b), challenging EPA's June 5, 1998 rule determining that the one-hour ozone NAAQS no longer applied in approximately 2000 counties across the

country. *Environmental Defense v. EPA*, No. 98-1363 (DC Cir.). On August 9, 1999, Appalachian Mountain Club filed a petition for review under section 307(b) of the CAA, challenging EPA's June 9, 1999, final rule determining that the one-hour ozone standard no longer applied in an additional ten areas. *Appalachian Mountain Club v. EPA*, No. 99-1880 (1st Cir.).

DATES: Written comments on the proposed settlement agreements must be received by August 26, 2002.

ADDRESSES: Written comments should be sent to Jan M. Tierney, Air and Radiation Law Office (2344), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460. Copies of the proposed settlement agreements are available from Phyllis J. Cochran, (202) 564-5566. On July 15, 2002, a copy of the proposed settlement agreement with Environmental Defense was filed with the Clerk of the United States Court of Appeals for the District of Columbia Circuit and a copy of the proposed settlement agreement with Appalachian Mountain Club was filed with the Clerk of the United States Court of Appeals for the First Circuit.

SUPPLEMENTARY INFORMATION:

Environmental Defense and Appalachian Mountain Club (collectively referred to as "Petitioners") allege that EPA acted contrary to law by determining that the one-hour ozone standard no longer applied to the areas in the challenged actions.

The EPA promulgated the one-hour ozone standard in 1979. On July 18, 1997, EPA promulgated a revised ozone standard—the eight-hour ozone standard. At that time, EPA also promulgated a regulation providing that the one-hour standard would "no longer apply to an area once EPA determines that the area has air quality meeting the 1-hour standard." 62 FR 38856, codified at 40 CFR 50.9(b) (revised on July 20, 2000). In part, EPA based this approach on its interpretation that the provisions of subpart 2 of part D of title I of the CAA applied only for purposes of the one-hour ozone standard. Thus, once an area attained the one-hour standard, EPA could determine the one-hour standard and thus, subpart 2, no longer applied to that area. Subsequently, EPA took three final actions in which it determined the one-hour standard no longer applied to most areas in the country. 63 FR 31014 (June 5, 1998); 63 FR 39432 (July 22, 1998); 64 FR 30911 (June 9, 1999). These actions are commonly referred to as "revoking" the one-hour standard.
