

grounds. *Union Electric Co., v. U.S. EPA*, 427 U.S. 246, 255–66 (1976); 42 U.S.C. 7410(a)(2).

Unfunded Mandates

Under section 202 of the Unfunded Mandates Reform Act of 1995 (“Unfunded Mandates Act”), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated costs to State, local, or tribal governments in the aggregate; or to the private sector, of \$100 million or more. Under section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the action proposed does not include a Federal mandate that may result in estimated costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action proposes to take action on a State rule submitted to comply with a statutory requirement. It does not establish any Federal mandate with which the State must comply.

For the same reasons, EPA has determined that this rule contains no regulatory requirements that might significantly affect small governments.

National Technology Transfer and Advancement Act

Section 12 of the National Technology Transfer and Advancement Act (NTTAA) of 1995 requires Federal agencies to evaluate existing technical standards when developing a new regulation. To comply with NTTAA, EPA must consider and use “voluntary consensus standards” (VCS) if available

and applicable when developing programs and policies unless doing so would be inconsistent with applicable law or otherwise impractical. The EPA believes that VCS are inapplicable to this action. Today’s action does not require the public to perform activities conducive to the use of VCS.

40 CFR Part 272

[FRL–7232–5]

New York: Incorporation by Reference of State Hazardous Waste Management Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to codify in the regulations entitled “Approved State Hazardous Waste Management Programs”, New York’s authorized hazardous waste program. EPA will incorporate by reference into the Code of Federal Regulations (CFR) those provisions of the State regulations that are authorized and that EPA will enforce under the Solid Waste Disposal Act, as amended, commonly referred to as the Resource Conversation and

Recovery Act (RCRA). In the “Rules and Regulations” section of this **Federal Register**, the EPA is codifying and incorporating by reference the State’s hazardous waste program as an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe these actions are not controversial and do not expect comments that oppose them. We have explained the reasons for this codification and incorporation by reference in the preamble to the immediate final rule. Unless we get written comments which oppose this incorporation by reference during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we get comments that oppose these actions, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send written comments by September 3, 2002.

ADDRESSES: Send written comments to Michael Infurna, Division of Environmental Planning and Protection, EPA Region 2, 290 Broadway, 22nd Floor, New York, NY 10007.

FOR FURTHER INFORMATION CONTACT: Michael Infurna at (212) 637–4177 and at the address listed in **ADDRESSES**.

SUPPLEMENTARY INFORMATION: For additional information, please see the immediate final rule published in the “Rules and Regulations” section of this **Federal Register**.

Dated: May 30, 2002.

William J. Muszynski,

Acting Regional Administrator, EPA Region 2.
