

the Coastwise Trade Laws for the vessel NETWORKER.

SUMMARY: As authorized by Public Law 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Public Law 105-383 and MARAD's regulations at 46 CFR part 388 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.

DATES: Submit comments on or before September 3, 2002.

SUPPLEMENTARY INFORMATION: Title V of Public Law 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66, Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested

parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Vessel Proposed for Waiver of the U.S.-Build Requirement

(1) Name of vessel and owner for which waiver is requested. Name of vessel: NETWORKER. Owner: Steven R. Stanfield/Janet S. Valenty.

(2) Size, capacity and tonnage of vessel. According to the applicant: "Gross Tonnage: 37, Net Tonnage: 30, Length 44.3 ft, Breadth: 15.8 ft, Depth: 8.0 ft."

(3) Intended use for vessel, including geographic region of intended operation and trade. According to the applicant: "The vessel will be used for sportfishing charters carrying no more than 6 (six) passengers. It will be operated on a full-time basis out of DANA Wharf Sportfishing in Dana Point, California. The intended geographic region of operation is within 100 nautical miles of the coast from Point Conception, CA to the US/ Mexico border."

(4) Date and Place of construction and (if applicable) rebuilding. Date of construction: 1997. Place of construction: Tao Yuan Taiwan, Republic of China.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. According to the applicant: "To the best of my knowledge there are over 100 six-pak sportfishing charter boats operating in this geographic region. (The term "Six-pak" describes uninspected vessels carrying six or less passengers.) They carry passengers to various near shore locations for rod and reel fishing of bass, barracuda, rockfish, shark and other coastal species. Some take sport fishermen out to various offshore locations for tuna, billfish, and other offshore species. The majority of these boats operate on a part-time basis doing little or no advertising and very limited numbers of charters. Of these there are 22 boats which are operated full-time and advertised in the South Coast Sportfishing Charter Boat Directory. Of these 22, most are independent owner/operators of only one vessel, however two operators own two vessels each. I believe the granting of this waiver will have very little or no impact on the existing operators."

(6) A statement on the impact this waiver will have on U.S. shipyards. According to the applicant: "I believe

the granting of this waiver will have no impact of U.S. shipyards."

Dated: July 26, 2002.

By Order of the Maritime Administrator.

Joel C. Richard,

Secretary, Maritime Administration.

[STB Finance Docket No. 34133]

S.D. Warren Company d/b/a Sappi Fine Paper North America—Acquisition and Operation Exemption—Maine Central Railroad Company and the Springfield Terminal Railway Company

On July 3, 2002, the S.D. Warren Company d.b.a. Sappi Fine Papers North America (Sappi), a non-carrier, filed a verified notice of exemption under 49 CFR 1150.31 to acquire from Maine Central Railroad Company and the Springfield Terminal Railway Company (collectively, Guilford) certain joint operating rights over a portion of the Guilford main line of railroad between milepost 8.55 and milepost 9.80 (line) in Skowhegan, ME, a distance of approximately 1.25 miles.

In its verified notice, Sappi states that its use of the line will be limited to movement of its own traffic and that its agreement with Guilford does not give it the right or the obligation to conduct common carrier operations on the line. Sappi has therefore filed a motion to dismiss the notice. The motion will be addressed by the Board in a subsequent decision.

Sappi also states that, while it has already executed an agreement with Guilford, it will not consummate this transaction until this notice becomes effective or is dismissed.

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to reopen the proceeding to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34133, must be filed with the Surface Transportation Board, 1925 K Street, NW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Briana K. O'Regan, Sappi Fine Paper North America, 225 Franklin Street, Boston, MA 02110.

Decided: July 25, 2002.

By the Board, David M. Konschnik,
Director, Office of Proceedings.

Vernon A. Williams,
Secretary.
