The International Trade Administration's (ITA), Import Administration, AD/CVD Enforcement, implements the U.S. antidumping and countervailing duty law. Under section 1320 of the Omnibus Trade and Competitiveness Act of 1988, a domestic producer of an article that is like a component part of a downstream product may petition the Department of Commerce to designate the downstream product for monitoring. Section 1320, and the Department's rule 19 CFR 351.223, requires that the petitioner identify the downstream product to be monitored, the relevant component part, and the likely diversion of foreign exports of the component part into increased exports of the downstream product to the United States.
