SUPPLEMENTARY INFORMATION: 5 CFR 1320.12(a) requires that we provide a 60-day notice in the *Federal Register* concerning a collection of information to solicit comments on:

(a) Whether the collection of information is necessary for the proper functioning of the agency, including whether the information will have practical utility;

(b) the accuracy of our estimates of the information collection burden, including the validity of the methodology and assumptions we use;

(c) ways to enhance the quality, utility, and clarity of the information collected; and

(d) ways to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

BLM makes payments in lieu of taxes to units of local governments for certain Federal lands within their boundaries through authority provided under the Payment in Lieu of Taxes Act of October 20, 1976 (90 Stat. 2662, 31 U.S.C. 6901-6907). The implementing regulations (43 CFR part 1881) require the Governor

of each State to furnish BLM with a listing of payments made to local governments by the State on behalf of the Federal Government under 11 receipt-sharing statutes. BLM provides the States with a printout matrix designed to facilitate recording the requested information. BLM uses the information provided by the States to compute the PILT payments to local governments within the State.

Based on BLM's experience in administering the PILT program, we estimate the public reporting burden is 20 hours. The respondents already maintain this information for their own record keeping purposes and need only transfer the information to the printout matrix that BLM will provide. The respondents are offices designated by the Governor of each State, usually the Treasurer's Office. The frequency of response is once annually, reporting on the previous fiscal year revenues. The number of responses per year is 50. We estimate the total annual burden is 1,000 hours.

BLM will summarize all responses to this notice and include them in the request for OMB approval. All comments will become a matter of public record.

Dated: July 11, 2002.

Bureau of Land Management, Information Collection Clearance Officer.
