

July 9, 2002, which is on file in the CRU.

We valued labor based on a regression-based wage rate, in accordance with 19 CFR 351.408(c)(3). This information is available on the Department's website at <http://ia.ita.doc.gov/wages/9>.

To value factory overhead, selling, general, and administrative expenses, and profit, we obtained data from the January 1997 *Reserve Bank of India Bulletin*.

#### Preliminary Results of Review

We preliminarily determine that the following margins exist for the period July 1, 2000, through June 30, 2001:

Manufacturer/exporter	Margin (percent)
Guangdong Import and Export Corporation .....	2.05
Sinochem Tianjin Import and Export Corporation .....	1.95
PRC-Wide Rate .....	243.40

The Department will disclose to parties the calculations performed in connection with these preliminary results within five days of the date of publication of this notice. Interested parties may request a hearing within 30 days of the publication. Any hearing, if requested, will be held 44 days after the publication of this notice, or the first workday thereafter. Interested parties may submit case briefs not later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than 35 days after the date of publication of this notice. The Department will publish a notice of the final results of this administrative review, which will include the results of its analysis of issues raised in any such written briefs, within 120 days of the publication of these preliminary results.

The Department will determine and the Customs Service shall assess antidumping duties on all appropriate entries. The Department will issue appropriate appraisal instructions directly to the Customs Service upon completion of this review. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated duties.

For assessment purposes, we do not have the information to calculate an estimated entered value. Accordingly, we have calculated importer-specific duty assessment rates for the merchandise by aggregating the dumping margins calculated for all U.S. sales and dividing this amount by the

total quantity of those sales. To determine whether the duty assessment rates were *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculated importer-specific ad valorem ratios based on the EPs.

Furthermore, the following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for Guangdong and Tianjin will be that established in the final results of this administrative review; (2) for a company previously found to be entitled to a separate rate and for which no review was requested, the cash deposit rate will be the rate established in the most recent review of that company; (3) the cash deposit rate for all other PRC exporters will be 243.40 percent, the PRC-wide rate established in the LTFV investigation; and (4) the cash deposit rate for a non-PRC exporter of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter. These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

#### Notification of Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

## DEPARTMENT OF EDUCATION

### Notice of Proposed Information Collection Requests

**AGENCY:** Department of Education.

**ACTION:** Correction notice.

**SUMMARY:** On July 31, 2002, the Department of Education published two 60-day public comment period notices for the information collections, "Guidance to SEAs Seeking to Use an Alternative Method to Distribute Title I Funds to LEAs with Fewer Than 20,000 Total Residents" and "Guidance to SEAs on Procedures for Adjusting ED-determined Title I Allocations to Local Educational Agencies (LEAs)." These notices were incorrectly published since comment period will be provided with the publication of the Notice of Proposed Rulemaking (NPRM) for Title I—Improving the Academic Achievement of the Disadvantaged. The comment period for these two information collections should coincide with the published NPRM. The Leader, Regulatory Information Management, Office of the Chief Information Officer, hereby issues a correction notice as required by the Paperwork Reduction Act of 1995.
