**SUPPLEMENTARY INFORMATION:** On January 2, 2001, Elmore County was granted a R&PP lease on 2 $\frac{1}{2}$  acres of public land, for a senior citizen's center and snowmobile groomer shed. Elmore County has filed an application to amend this lease to accommodate a slightly different placement for the snowmobile groomer shed. This land will be developed and managed for community and recreational purposes, as described in the development plan submitted by Elmore County on March 10, 2002. We have determined that the lease or conveyance of the lands for the proposed community center and shed are in the public interest.

Publication of this notice in the **Federal Register** will segregate the above described public lands from the operation of the public land laws and the mining laws, except for mineral leasing and leasing or conveyance under the R&PP Act. In the absence of any adverse comments, the classification will become effective October 11, 2002. The segregative effect will automatically expire on February 12, 2004.

*Comments:* Comments may address whether the lands being classified are physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning or zoning, or if the use is consistent with State or Federal programs. Comments may also address the specific use proposed in the application or plan of development, whether the BLM followed proper administrative procedures in reaching the decision to lease the land under the R&PP Act, or any other factor not directly related to the suitability of the land for the stated purpose. Adverse comments will be reviewed by the District Manager.

The lease of the lands will not occur until after the classification becomes effective, and will be subject to the following terms, conditions, and reservations:

1. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

2. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove the minerals.

4. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

Dated: May 31, 2002.
