

and Order, such provision shall be fully severable. The rest of the Settlement Agreement and Order shall remain in full effect, unless the Commission and Briggs & Stratton determine that severing the provision materially impacts the purpose of the Settlement Agreement and Order.

34. This Settlement Agreement and Order shall not be waived, changed, amended, modified, or otherwise altered, except in writing executed by the party against whom such amendment, modification, alteration, or waiver is sought to be enforced, and approved by the Commission.

35. This Settlement Agreement may be used in interpreting the Order. Agreements, understandings, representations, or interpretations made outside of his Settlement Agreement and Order may not be used to vary or to contradict its terms.

Dated: August 7, 2002.
Briggs & Stratton Corporation.

Thomas R. Savage,
Vice President.

The Consumer Product Safety Commission.

Alan H. Schoem,
Director, Office of Compliance.

Eric L. Stone,

Director Legal Division, Office of Compliance.

Dated: August 7, 2002.

Ronald G. Yelenick,
Trial Attorney, Legal Division, Office of Compliance.

United States of America Consumer Product Safety Commission

In the Matter of Briggs & Stratton Corporation, a corporation

[CPSD Docket No. 02-C0006]

Order

Upon consideration of the Settlement Agreement between Respondent Briggs & Stratton Corporation, a corporation, and the staff of the Consumer Product Safety Commission, and the Commission having jurisdiction over the subject matter and over Briggs & Stratton Corporation, and it appearing the Settlement Agreement is in the public interest, it is

Ordered, that the Settlement Agreement be, and hereby is, accepted, and it is

Further Ordered, that Briggs & Stratton shall pay to the order of the U.S. Treasury a civil penalty in the amount of four hundred thousand dollars (\$400,000.00), payable within twenty (20) calendar days after service of this Final Order upon Briggs & Stratton Corporation.

Provisionally accepted and Provisional Order issued on the 8th day of August, 2002.

By Order of the Commission.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-M

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Availability for Donation of the Patrol Combatant ex-CANON (PG 90)

AGENCY: Department of the Navy, DOD.
ACTION: Notice.

SUMMARY: The Department of the Navy hereby gives notice of the availability for donation, under the authority of 10 U.S.C. section 7306, of the patrol combatant ex-CANON (PG 90) located at the NAVSEA Inactive Ships On-Site Maintenance Office (NISMO), Philadelphia, PA. Eligible recipients include: (1) Any state, commonwealth, or possession of the United States or any municipal corporation or political subdivision thereof; (2) the District of Columbia; or (3) any organization incorporated as a non-profit entity under section 501 of the Internal Revenue Code. The transfer of a ship for donation under 10 U.S.C 7306 shall be made at no cost to the United States Government. The donee will be required to maintain the ship as a static museum/memorial in a condition that is satisfactory to the Secretary of the Navy. Prospective donees must submit a comprehensive application that addresses the significant financial, technical, environmental and curatorial responsibilities associated with donated Navy ships. Further application information can be found on the Navy Ship Donation Program website at www.navsea.navy.mil/ndp.

Other ships that are currently available for donation include:

- Destroyer ex-CONOLLY (DD 979), Philadelphia, PA.
- Cruiser ex-STERETT (CG 31), Benecia, CA.
- Guided Missile Frigate ex-OLIVER HAZARD PERRY (FFG 7), Philadelphia, PA.
- Heavy Cruiser ex-DES MOINES (CA 134), Philadelphia, PA.
- Destroyer ex-FORREST SHERMAN (DD 931), Philadelphia, PA

FOR FURTHER INFORMATION CONTACT:
Commander, Naval Sea Systems

Command, ATTN: Ms. Gloria Carvalho (PMS 333G), 1333 Isaac Hull Ave SE Stop 2701, Washington Navy Yard, DC 20376-2701, telephone number (202) 781-0485.

Dated: August 1, 2002.

R. E. Vincent II,
Lieutenant Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810-FF-U

DEPARTMENT OF ENERGY

[DE-PS07-02ID14308]

Glass Industry of the Future

AGENCY: Idaho Operations Office, DOE.
ACTION: Notice of Competitive Financial Assistance Solicitation.

SUMMARY: The U.S. Department of Energy (DOE) Idaho Operations Office (ID) is seeking applications for cost-shared research, development and demonstration of innovative glass technologies that will reduce energy consumption, reduce environmental impacts, and enhance economic competitiveness in the U.S. glass industry.

The proposed research and development (R&D) projects must address priorities as identified in the Glass Industry Technology Roadmap (<http://www.oit.doe.gov/glass/pdfs/glass2002roadmap.pdf>). Proposals must address at least one of the four priority areas in the Roadmap: Production Efficiency, Energy Efficiency, Environmental Performance and Innovative Uses, and must have a high-energy efficiency component.

DATES: The issuance date of Solicitation Number DE-PS07-02ID14308 will be on or about August 5, 2002. The application, SF 424, technical proposal, and the Energy Savings Estimator Impact Table, must have an IIPS transmission time stamp of not later than 3 p.m. MST on Friday, September 27, 2002. Late applications will not be considered.

ADDRESSES: Completed applications are required to be submitted via the U.S. Department of Energy Industry Interactive Procurement System (IIPS) at the following URL: <http://e-center.doe.gov>.

FOR FURTHER INFORMATION CONTACT:
Elizabeth Dahl, Contract Specialist at dahlee@id.doe.gov, facsimile at (208) 526-5548, or by telephone at (208) 526-7214.

SUPPLEMENTARY INFORMATION: DOE anticipates making approximately 4 to 6

cooperative agreement awards under this solicitation with a maximum estimated DOE funding of \$350,000 per year for each cooperative agreement up to a three-year period, subject to the availability of funds. Approximately \$5 million in federal funds are expected to be available to fund selected research projects over the three-year period. A minimum 50% non-federal cost share is required for research and development projects over the life of the project. The solicitation is available in its full text via the Internet at the following address: <http://e-center.doe.gov>. The statutory authority for this program is the Federal Non-Nuclear Energy Research and Development Act of 1974 (Pub. L. 93-577). The Catalog of Federal Domestic Assistance (CFDA) Number for this program is 81.086, Conservation Research and Development.

Issued in Idaho Falls on August 5, 2002.

R. J. Hoyles,

Director, Procurement Services Division.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Office of Science Financial Assistance Program Notice 02-25; Plasma Physics Junior Faculty Development Program

AGENCY: U.S. Department of Energy.

ACTION: Notice inviting grant applications.

SUMMARY: The Office of Fusion Energy Sciences (OFES) of the Office of Science (SC), U.S. Department of Energy (DOE), hereby announces its interest in receiving grant applications for support under its Plasma Physics Junior Faculty Development Program. Applications should be from tenure-track faculty investigators who are currently involved in experimental or theoretical plasma physics research and should be submitted through a U.S. academic institution. The purpose of this program is to support the development of the individual research programs of exceptionally talented scientists and engineers early in their careers.

DATES: To permit timely consideration for awards in Fiscal Year 2003, formal applications in response to this notice must be received on or before January 7, 2003.

ADDRESSES: We encourage you to submit formal applications in response to this solicitation electronically through DOE's Industry Interactive Procurement System (IIPS) at: <http://e-center.doe.gov>. IIPS provides for the posting of solicitations and receipt of applications

in a paperless environment via the World Wide Web. Applications must be submitted through IIPS in PDF format by an authorized institutional business official. Questions regarding the operation of IIPS may be e-mailed to the IIPS Help Desk at: HelpDesk@e-center.doe.gov or you may call the help desk at (800) 683-0751. Further information on the use of IIPS by the Office of Science is available at: <http://www.sc.doe.gov/production/grants/grants.html>.

If you are unable to submit the application through IIPS, formal applications may be sent to: Director, Grants and Contracts Division, Office of Science, SC-64/Germantown Building, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-1290. ATTN: Program Notice 02-25. When submitting applications by U.S. Postal Service Express, any commercial Mail delivery service, or when hand carried by the applicant the following address must be used: U.S. Department of Energy, Office of Science, Grants and Contracts Division, SC-64, 19901 Germantown Road, Germantown, Maryland 20874-1290, ATTN: Program Notice 02-25.

FOR FURTHER INFORMATION CONTACT: Dr. Ronald McKnight, U.S. Department of Energy, Office of Fusion Energy Sciences, Science Division, SC-55/Germantown Building, 1000 Independence Avenue, SW, Washington, DC 20585-1290. Telephone: (301) 903-4597. E-mail: ronald.mcknight@science.doe.gov.

SUPPLEMENTARY INFORMATION: The Plasma Physics Junior Faculty Development Program was started in Fiscal Year 1997. A principal goal of this program is to identify exceptionally talented plasma faculty members early in their careers and assist and facilitate the development of their research programs. Eligibility for awards under this notice is, therefore, restricted to tenure-track regular academic faculty investigators who are conducting experimental or theoretical plasma physics research. Those Junior Faculty members presently holding career development awards will not be considered under this announcement.

Applications from Junior Faculty involved in any areas of plasma physics research, not only magnetic fusion, are welcomed and encouraged. Emphasis is to be placed on basic plasma science research. For applications to be considered for funding, certification of the status of the applicant as a tenure-track regular academic faculty member by the head of the applicant's academic department or other university/college

certifying official will be required before the grant is awarded. Awards made under this program will help to maintain the vitality of university plasma physics research and assure continued excellence in the teaching of plasma physics and related disciplines.

It is anticipated that annual funding levels up to \$150,000 per award may be made available for grants under this notice during Fiscal Year 2003, contingent upon the availability of appropriated funds. Funding for equipment above this level will be considered on a case-by-case basis. The number of awards during Fiscal Year 2003 will depend on the number of meritorious applications and the availability of appropriated funds. Multiple year funding of grant awards is expected, with funding provided on an annual basis subject to availability of funds. The usual duration of these grants is three years and they will not normally be renewed after the project period is completed. It is anticipated that at the end of the grant period, grantees will submit new grant applications to continue their research to the Department of Energy or other Federal funding agencies. For the Office of Science, these applications should follow the usual application process. Applications will be subjected to scientific merit review and will be evaluated against the following criteria, which are listed in descending order of importance as set forth in 10 CFR part 605:

1. Scientific and/or technical merit of the project;
2. Appropriateness of the proposed method or approach;
3. Competency of applicant's personnel and adequacy of proposed resources; and
4. Reasonableness and appropriateness of the proposed budget.

An additional review criteria will address educational aspects of the proposed work including the involvement of graduate and undergraduate students. These aspects should be discussed in the application.

General information about development and submission of applications, eligibility, limitations, evaluations and selection processes, and other policies and procedures are contained in the Application Guide for the Office of Science Financial Assistance Program and 10 CFR part 605 which is available on the World Wide Web at: <http://www.sc.doe.gov/production/grants/grants.html>. DOE is under no obligation to pay for any costs associated with the preparation or submission of applications if an award is not made.
