AGENCY: International Trade Commission.

ACTION: Notice of proposed information collection and request for comment.

EFFECTIVE DATE: August 9, 2002.

SUMMARY: Pursuant to the Paperwork Reduction Act of 1995, the U.S. International Trade Commission intends to seek approval from the Office of Management and Budget (OMB) for renewal of a currently approved collection (OMB No.: 3117-0188) for the purpose of obtaining feedback from readers of Commission reports to help meet regular program assessment requirements. Persons are not required to respond to a collection of information unless it displays a currently valid OMB control number (5 CFR 1320.8(b)(3)(vi)). Under Pub. L. 103-62, the Government Performance and Results Act of 1993, the U.S. International Trade Commission is seeking a long-term, continuing means for conducting program evaluations by using the proposed one-page collection, *USITC Reader Satisfaction Survey*, to help determine the extent to which USITC reports effectively meet the needs of

customers. Comments concerning the proposed information collection are requested in accordance with 5 CFR 1320.8(d).

DATES: To be assured of consideration, written comments must be received at the Commission no later than 5:15 p.m. on October 9, 2002.

SUPPLEMENTARY INFORMATION:

Request for Comments

Comments are solicited as to: (1) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used; (3) the quality, utility, and clarity of the information to be collected; and (4) minimization of the burden of the proposed information collection on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other forms of information technology, e.g., permitting electronic submission of responses.

Summary of the Proposed Information Collection

Pub. L. 103-62, the Government Performance and Results Act of 1993, enacted on August 3, 1993, sets forth objectives for Federal agencies to, among other things, initiate measures to improve information on program performance and, specifically, to focus

on evaluating results, quality, and customer satisfaction. The one-page survey asks for voluntary input from respondents by circling responses that indicate an assessment of reader satisfaction regarding the value and quality of Commission reports. The "tear-out" survey is being placed inside the cover of certain reports (and is included with the PDF format placed on the USITC Internet site) issued by the Commission (excluding Title VII reports for which a separate survey is being designed), including all public studies requested by the Congress and the United States Trade Representative, or reports conducted by the USITC on its own motion, pursuant to section 332 of the Tariff Act of 1930 (19 U.S.C. 1332(g)), and other public reports that meet agency program requirements for a research program set forth in its Strategic Plan (available on the agency's World Wide Web site at <http://www.usitc.gov>). Following are highlights of the proposed information collection:

- (1) *Number of forms to be submitted:* One single-page form.
- (2) *Title of form:* USITC Reader Satisfaction Survey.
- (3) *Type of request:* Proposed renewal of a currently approved collection.
- (4) *Frequency of use:* Annual or on occasion information gathering.
- (5) *Description of Respondents:* Interested parties receiving most public reports issued by the USITC, with the exception of Title VII reports.
- (6) *Estimated number of respondents:* 600 annually.
- (7) *Estimated total number of hours to complete the forms:* 100 hours annually.
- (8) *Recordkeeping burden:* There is no retention period for recordkeeping required.
- (9) *Response burden:* Less than 10 minutes for each individual respondent.
- (10) *Summary of the collection of information:* Single-page survey requests readers' comments about value and quality of USITC reports.
- (11) Information requested on a voluntary basis is not proprietary in nature, but rather for program evaluation purposes and is not intended

to be published. Commission treatment of questionnaire responses will be followed; responses will be aggregated and will not be presented in a manner that will reveal the individual parties that supplied the information.

Although the *USITC Reader Satisfaction Survey* will be made available on the Commission's Web site, comments on the survey must be in paper form.

By order of the Commission.
Issued: August 9, 2002.

Marilyn R. Abbott,
Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-747 (Review)]

Fresh Tomatoes From Mexico

AGENCY: International Trade Commission.

ACTION: Termination of review.

SUMMARY: On July 30, 2002, the Department of Commerce terminated its

review of the suspended investigation on fresh tomatoes from Mexico (67 FR 50858, August 6, 2002). The basis for the termination is the withdrawal from the suspension agreement by Mexican tomato growers which account for a significant percentage of all fresh tomatoes imported into the United States from Mexico. Because the suspension agreement no longer covers substantially all imports of fresh tomatoes from Mexico, the Department of Commerce terminated the suspension agreement, terminated the review, and resumed the antidumping investigation.

Accordingly, the U.S. International Trade Commission gives notice of the termination of its review involving imports from Mexico of fresh tomatoes, provided for in subheadings 0702.00 and 9906.07.01 through 9906.07.09 of the Harmonized Tariff Schedule of the United States.

EFFECTIVE DATE: July 30, 2002.
