Availability of NPRMs

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, Manager, Airspace Branch, ASO—520, Air Traffic Division, P.O. Box 20636, Atlanta, Georgia 30320. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRMs should also request a copy of Advisory Circular No. 11–2A which describes the application procedure.

The Proposal

The FAA is considering an amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class E5 airspace at Franklin, NC. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of 14 CFR 71.1 of Federal Aviation Administration Order 7400.9J, dated August 31, 2001, and effective September 16, 2001, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

   § 71.1 [Amended]

   2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9J, Airspace Designations and Reporting Points, dated August 31, 2001, and effective September 16, 2001, is amended as follows: Paragraph 6005 Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

RIN 1545–AX10

Excise Taxes; Definition of Highway Vehicle

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Extension of time for comments and requests for a public hearing.

SUMMARY: This document provides notice of an extension of time for submitting comments and requests for a public hearing concerning the notice of proposed rulemaking relating to the definition of a highway vehicle. This document extends the period for the submission of comments and requests for a public hearing to December 4, 2002.

DATES: Written or electronic comments and requests for a public hearing must be received by December 4, 2002.

ADDRESSES: Send submissions to: CC:ITA:RU (REG–103829–99), room 5226, Internal Revenue Service, POB 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand delivered Monday through Friday between the hours of 8 a.m. and 5 p.m. to: CC:ITA:RU (REG–103829–99), Courier’s Desk, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, DC. Alternatively, taxpayers may submit electronic comments directly to the IRS Internet site at http://www.irs.gov/regs.

SUPPLEMENTARY INFORMATION: On June 6, 2002, a notice of proposed rulemaking (REG–103829–99) was published in the Federal Register (67 FR 38913) relating to the definition of highway vehicle requesting submissions of comments and requests for a public hearing on September 4, 2002. The deadline for submitting comments and requests for a public hearing is extended to December 4, 2002.

Cynthia E. Grigsby, Chief, Regulations Unit, Associate Chief Counsel, (Income Tax and Accounting).

30 CFR Part 917

[KY–241–FOR]

Kentucky Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: We are announcing receipt of a proposed amendment to the Kentucky regulatory program (the “Kentucky program”) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). Kentucky proposes additions to its rules about sedimentation ponds and intends to revise its program to be consistent with the corresponding Federal regulations. This document gives the times and locations that the Kentucky program and proposed amendment to that
program are available for your inspection, the comment period during which you may submit written comments on the amendment, and the procedures that we will follow for the public hearing, if one is requested.

DATES: We will accept written comments on this amendment until 4 p.m., e.s.t. September 16, 2002. If requested, we will hold a public hearing on the amendment on September 10, 2002. We will accept requests to speak at a hearing until 4 p.m., e.s.t. on September 3, 2002.

ADDRESSES: You should mail or hand deliver written comments and requests to speak at the hearing to William J. Kovacic at the address listed below.

You may review copies of the Kentucky program, this amendment, a listing of any scheduled public hearings, and all written comments received in response to this document at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the amendment by contacting OSM's Lexington Field Office.

William J. Kovacic, Lexington Field Office, Office of Surface Mining Reclamation and Enforcement, 2675 Regency Road, Lexington, Kentucky 40503; Telephone: (859) 260–8400. E-mail: bkovacic@osmre.gov.

Department of Surface Mining Reclamation and Enforcement, 2 Hudson Hollow Complex, Frankfort, Kentucky 40601; Telephone: (502) 564–6940.

FOR FURTHER INFORMATION CONTACT: William J. Kovacic, Telephone: (859) 260–8400. Internet: bkovacic@osmre.gov.

SUPPLEMENTARY INFORMATION:
I. Background on the Kentucky Program
II. Description of the Proposed Amendment
III. Public Comment Procedures
IV. Procedural Determinations

I. Background on the Kentucky Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of the Act * * *; and rules and regulations consistent with regulations issued by the Secretary pursuant to the Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Kentucky program on May 18, 1982. You can find background information on the Kentucky program, including the Secretary’s findings, the disposition of comments, and conditions of approval of the Kentucky program in the May 18, 1982, Federal Register (47 FR 21404). You can also find later actions concerning Kentucky’s program and program amendments at 30 CFR 917.11, 917.12, 917.13, 917.15, 917.16, and 917.17.

II. Description of the Proposed Amendment

By letter dated June 25, 2002 (Administrative Record No. KY–1544), Kentucky sent us a proposed amendment to its program under SMCRA (30 U.S.C. 1201 et seq.). Kentucky sent the amendment in response to our request for additional information in a letter dated February 23, 2001 (Administrative Record No. KY–1503). Kentucky added a new section to its sedimentation pond regulations at 405 Kentucky Administrative Regulations (KAR) 16:090 and 18:090 to establish performance standards for “other treatment facilities.” New section 6 follows in its entirety:

“(1)(a) This section applies to “other treatment facilities” as defined in 405 KAR 16:001 (or 18:001).

(b) Other treatment facilities may be used in conjunction with sedimentation ponds.

(c) Other treatment facilities may be used in place of sedimentation ponds, if specifically approved by the cabinet for that purpose on a case by case basis.

(2) Other treatment facilities shall be designed to treat the 10-year, 24-hour precipitation event unless a lesser design event is approved by the cabinet based on terrain, climate, other site-specific conditions and a demonstration by the permittee that the efficient limitations of 405 KAR 16:070 (or 18:070) section 1(1)(g) will be met.

(3) Other treatment facilities shall meet all requirements for sedimentation ponds, if the requirements can be appropriately applied to other treatment facilities. The cabinet shall determine the applicable requirements on a case by case basis depending upon the type of other treatment facilities. In every case, the other treatment facilities shall be designed, constructed, and maintained to: (a) Be located as near as possible to the disturbed area and out of perennial streams unless approved by the cabinet; (b) provide adequate sediment storage volume, as approved on a case by case basis by the cabinet based upon the anticipated volume of sediment to be collected during the design precipitation event and a feasible plan for clean-out operations; (c) provide adequate detention time so that the discharges shall meet the requirements of 405 KAR 16:070 (or 18:070) section 1(1)(g); (d) minimize short circuiting to the extent possible; and (e) provide periodic sediment removal sufficient to maintain adequate volume for the design event. The proposed plan for clean-out operations shall be included in the design and shall be approved if the cabinet determines it is feasible. The plan shall include a time schedule or clean-out elevations, or an appropriate combination thereof, sufficient to maintain adequate volume for the sediment to be collected during the design precipitation event.”

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the State program.

Written Comments

Send your written or electronic comments to OSM at the address given above. Your written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of your recommendations. We will not consider or respond to your comments when developing the final rule if they are received after the close of the comment period (see DATES). We will make every attempt to log all comments into the administrative record, but comments delivered to an address other than the Lexington Field Office may not be logged in.

Electronic Comments

Please submit Internet comments as an ASCII or Word file avoiding the use of special characters and any form of encryption. Please also include “Attn: SPATS No. KY–241–FOR” and your name and return address in your Internet message. If you do not receive a confirmation that we have received your Internet message, contact the Lexington Field Office at (859)260–8400.

Availability of Comments

We will make comments, including names and addresses of respondents, available for public review during normal business hours. We will not consider anonymous comments. If individual respondents request confidentiality, we will honor their
request to the extent allowable by law. Individual respondents who wish to withhold their name or address from public review, except for the city or town, must state this prominently at the beginning of their comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public review in their entirety.

**Public Hearing**

If you wish to speak at the public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4 p.m., e.s.t. September 3, 2002. If you are disabled and need special accommodations to attend a public hearing, contact the person listed under **FOR FURTHER INFORMATION CONTACT**. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold a hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at the public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

**Public Meeting**

If only one person requests an opportunity to speak, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT**. All such meetings are open to the public and, if possible, we will post notices of meetings at the locations listed under **ADDRESSES**. We will make a written summary of each meeting a part of the administrative record.

**IV. Procedural Determinations**

**Executive Order 12686—Regulatory Planning and Review**

This rule is exempted from review by the Office of Management and Budget under Executive Order 12686.

**Executive Order 12988—Civil Justice Reform**

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 and has determined that this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments because each program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and the Federal regulations at 30 CFR 730.11, 732.15, and 732.17(b)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR parts 730, 731, and 732 have been met.

**Executive Order 13132—Federalism**

This rule does not have Federalism implications. SMCRA delineates the roles of the Federal and State governments with regard to the regulation of surface coal mining and reclamation operations. One of the purposes of SMCRA is to “establish a nationwide program to protect society and the environment from the adverse effects of surface coal mining operations.” Section 503(a)(1) of SMCRA requires that State laws regulating surface coal mining and reclamation operations be “in accordance with” the requirements of SMCRA. Section 503(a)(7) requires that State programs contain rules and regulations “consistent with” regulations issued by the Secretary pursuant to SMCRA.

**Executive Order 13211—Regulations That Significantly Affect the Supply, Distribution, or Use of Energy**

On May 18, 2001, the President issued Executive Order 13211 which requires agencies to prepare a Statement of Energy Effects for a rule that is (1) considered significant under Executive Order 12866, and (2) likely to have a significant adverse effect on the supply, distribution, or use of energy. Because this rule is exempt from review under Executive Order 12866 and is not expected to have a significant adverse effect on the supply, distribution, or use of energy, a Statement of Energy Effects is not required.

**National Environmental Policy Act**

This rule does not require an environmental impact statement because section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

**Paperwork Reduction Act**

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 et seq.).

**Regulatory Flexibility Act**

The Department of the Interior certifies that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the counterpart Federal regulations.

**Small Business Regulatory Enforcement Fairness Act**

This rule is not a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. This rule: (a) Does not have an annual effect on the economy of $100 million; (b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local governmental agencies or geographic regions; and (c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises. This determination is based upon the fact that the State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an analysis was prepared and a determination made that the Federal regulation was not considered a major rule.
Unfunded Mandates

This rule will not impose an unfunded mandate on State, local, or tribal governments or the private sector of $100 million or more in any given year. This determination is based upon the fact that the State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an analysis was prepared and a determination made that the Federal regulation did not impose an unfunded mandate.

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 948

[67 FR 38919]

West Virginia Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule; reopening of public comment period.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSM) are reopening the public comment period on an amendment to the West Virginia surface mining regulatory program (the West Virginia program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). The program amendment consists of changes to the Code of State Regulations as contained in House Bill 4163. We are reopening the comment period to provide an opportunity to review and comment on additional amendments provided by the State and provisions that we inadvertently omitted identifying as being part of the State’s original submittal of this amendment. The amendment is intended to improve the effectiveness of the West Virginia program.

This document gives the times and locations that the West Virginia program and the proposed amendment to that program are available for your inspection, the comment period during which you may submit written comments on the amendment, and the procedures that we will follow for the public hearing, if one is requested.

DATES: We will accept written comments on this amendment until 4 p.m. (local time), September 16, 2002. If requested, we will hold a public hearing on the amendment on September 10, 2002. We will accept requests to speak at a hearing until 4 p.m. (local time), on September 3, 2002.

ADDRESSES: You should mail or hand deliver written comments and requests to speak at the hearing to Mr. Roger W. Calhoun at the address listed below.

You may review copies of the West Virginia program, this amendment, a listing of any scheduled public hearings, and all written comments received in response to this document at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. You may receive one free copy of the amendment by contacting OSM’s Charleston Field Office.

Mr. Roger W. Calhoun, Director, Charleston Field Office, Office of Surface Mining Reclamation and Enforcement, 1027 Virginia Street, East, Charleston, West Virginia 25301, Telephone: (304) 347–7158. E-mail: chfo@osmre.gov.

West Virginia Department of Environmental Protection, 10 McJunkin Road, Nitro, West Virginia 25143, Telephone: (304) 759–0515.

The proposed amendment will be posted at the West Virginia Department of Environmental Protection’s Internet page: http://www.dep.state.wv.us.

In addition, you may review copies of the proposed amendment during regular business hours at the following locations:

Office of Surface Mining Reclamation and Enforcement, Morgantown Area Office, 75 High Street, Room 229, P.O. Box 886, Morgantown, West Virginia 26507, Telephone: (304) 291–4004 (By appointment only).

FOR FURTHER INFORMATION CONTACT: Mr. Roger W. Calhoun, Director, Charleston Field Office, Telephone: (304) 347–7158. Internet address: chfo@osmre.gov.

SUPPLEMENTARY INFORMATION:

I. Background on the West Virginia Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of the Act” * * *. and rules and regulations consistent with regulations issued by the Secretary pursuant to the Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the West Virginia program on January 21, 1981. You can find background information on the West Virginia program, including the Secretary’s findings, the disposition of comments, and conditions of approval of the West Virginia program in the January 21, 1981 Federal Register (46 FR 5915). You can also find later actions concerning West Virginia’s program and program amendments at 30 CFR 948.10, 948.12, 948.13, 948.15, and 948.16.

II. Description of the Proposed Amendment

By letter dated April 9, 2002 (Administrative Record Number WV–1296), the West Virginia Department of Environmental Protection (WVDEP) sent us a proposed amendment to its program under SMCRA (30 U.S.C. 1201 et seq.). The proposed amendment consists of several changes to the Code of State Regulations (CSR) at 38–2, and the addition of new CSR 38–4, the Coal Related Dam Safety Rule, as contained in House Bill 4163.

We announced the receipt and provided an opportunity to comment on the amendment in the June 6, 2002, Federal Register (67 FR 38919) (Administrative Record Number WV–1311). In that announcement, we inadvertently omitted identifying some of the changes submitted by the State, including the new Coal Related Dam Safety Rule at CSR 38–4. Therefore, we are taking this opportunity to identify and provide an opportunity to comment on those amendments.

By letter and electronic mail dated June 19, 2002, WVDEP sent us additional amendments to its program that are contained in Senate Bill 2002 concerning changes to CSR 38–2 (Administrative Record Number WV–1316). Senate Bill 2002 was signed by the governor on June 21, 2002. Two of these amendments are intended to
