Agency for Healthcare Research and Quality

Preliminary Measure Set for the National Healthcare Quality Report

Request for Comments

The Agency for Healthcare Research and Quality (AHRQ) announces a request for public comment on the Preliminary Measure Set to be used in preparing the first National Healthcare Quality Report (NHQR). The NHQR is a congressionally mandated report (*see* 42 U.S.C. 299b-2(b)(2)) on national trends

with respect to health care quality. The legislation mandated that the Agency for Healthcare Research and Quality (AHRQ) submit this report on an annual basis beginning in 2003. The Preliminary Measure Set for the NHQR was generated through a call for measures to Federal agencies and private organizations. AHRQ issued a call for measures to Federal agencies, through the Quality Interagency Coordination Task Force (QuIC), from October 2000-February 2001. The Institute of Medicine issued the call to private organizations from June-July 2000. An interagency Department of Health and Human Services (DHHS) working group then reviewed and revised the candidate measures. AHRQ and the interagency working group are seeking comments on (1) the extent to which the proposed measures meet the criteria of importance, scientific soundness, and feasibility; (2) the balance, comprehensiveness, and robustness of the overall measure set; and (3) the appropriateness of the data sources.

Comments Deadline

Written comments will be accepted by September 18, 2002. For submission of written comments and additional information: Ed Kelley, Ph.D., Senior Service Fellow, National Healthcare Quality Report, Center for Quality Improvement and Patient Safety, Agency for Healthcare Research and Quality, 6011 Executive Boulevard, Suite 200, Rockville, MD 20852, Fax: (301) 594-2155, E-mail: *ekelley@ahrq.gov*.

Availability of Preliminary Measure Set

Copies of the Preliminary Measure Set are available from the AHRQ Web site at: <http://www.ahrq.gov/qual/measurix.htm>. For organizations without access to the Internet, AHRQ will make a paper version available either through overnight mail or by fax upon written request. Requests for paper versions of the preliminary measure set should be faxed to the above number.

Public Review of Comments

Comments and responses received will be available for public inspection at AHRQ's Information Resource Center (IRC) public reading room between the hours of 8:30 a.m. and 5 p.m. on regular business days at 2101 East Jefferson Street, Suite 500, Rockville, MD 20852. Arrangements for viewing public comments may be made by calling (301) 594-6349. Responses may also be accessed through AHRQ's Electronic Freedom of Information Reading Room

on AHRQ's Web site at <http://www.ahrq.gov/news/foiaindx.htm>.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498-1210. Send written comments to CDC, Desk Officer, Human

Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503. Written comments should be received within 30 days of this notice.

Proposed Project: Evaluation of Worker Notification Program—New—The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC). The mission of NIOSH is to promote safety and health at work for all people through research and prevention. NIOSH routinely notifies subjects about the results of epidemiologic studies and the implications of the results. The overall purpose of the proposed project is to gain insight into the effectiveness of NIOSH worker notification, in order to improve the quality and usefulness of the Institute's worker notification activities. Researchers from the NIOSH Division of Surveillance, Hazard Evaluations and Field Studies (DSHEFS) propose to provide notified workers with a Reader Response Form as an evaluation instrument for routinely assessing individual letter notification materials sent to them by NIOSH.

The results of this ongoing evaluation activity will be used to refine notification activities by standardizing and streamlining written notification materials, and to develop materials which are more readable, understandable, and informative to notified workers, their families, and other stakeholders. The findings from these evaluations may also allow the NIOSH worker notification program to help alleviate any negative impacts and enhance any positive impacts of risk communications.

The objective of the Reader Response Form, therefore, is to provide a structured reporting form which will capture the recipients' responses concerning the effectiveness of the NIOSH notification efforts and their impact on workers and other stakeholders.

The average number of letter-type notifications is estimated at 8,000 per year. Each form is estimated to take less than 10 minutes to complete. The annual burden for this data collection is 1,333 hours.

Respondents	Number of respondents	Number of responses/respondent	Avg. burden per response (in hours)
Reader Response Form	8000	1	10/60

University of Georgia Center for Leadership in Education and Applied Research in Mass Destruction Defense; Notice of Award of Funds

A. Purpose

The Centers for Disease Control and Prevention (CDC) announces the award of fiscal year (FY) 2002 funds for a cooperative agreement program for the University of Georgia Center for Leadership in Education and Applied Research in Mass Destruction Defense (CLEARMADD).

The purpose of the program is to facilitate the development of an integrated national system of Centers for Public Health Preparedness focused on improving the capacity of the front-line public health worker to respond to current, new and emerging public health threats. This program addresses the "Healthy People 2010" focus areas of Public Health Infrastructure.

B. Eligible Applicant

Assistance is provided only to the University of Georgia Center for Leadership in Education and Applied Research in Mass Destruction Defense. No other applications were solicited. The House of Representatives Conference Report accompanying the Departments of Labor, Health and Human Services, and Education and Related Agencies Appropriation Bill ending September 30, 2002, and For Other Purposes (H.R. 3061, 107th Congress), recognized the University of Georgia's unique qualifications for carrying out the activities specified in this grant (H.R. Rep. 107-342).

C. Funds

Approximately \$642,842 is being awarded in FY 2002. The award will begin on or about August 1, 2002 and will be made for a 12-month budget period within a one year project period.
