Information Collection Request

Title: 46 CFR Subchapter Q: Lifesaving, Electrical, and Engineering Equipment, Construction, and Materials.

OMB Control Number: 2115-0141.

Summary: The Coast Guard needs to collect this information so it can ensure compliance with rules governing specific types of safety equipment and material installed on commercial vessels and pleasure craft. Manufacturers must submit drawings, specifications, and laboratory test reports to the Coast Guard before it grants any approval.

Need: 46 U.S.C. 2103, 3306, 3703, and 4302 authorize the Coast Guard to establish rules for safety equipment and material. 46 CFR parts 159 to 164 contain these rules. This information will help the Coast Guard determine whether manufacturers are in compliance with these rules. When the Coast Guard approves any safety equipment or material for use on a commercial vessel or pleasure craft, it issues the manufacturer a Certificate of Approval.

Respondents: Manufacturers of safety equipment and materials.

Frequency: On occasion.

Burden: The estimated burden is 16,880 hours a year.
