

351.212(b)(1), we have calculated an exporter/importer (or customer)-specific assessment rate for merchandise subject to this review. The Department will issue appropriate assessment instructions directly to the Customs Service within 15 days of publication of these final results of review. We will direct the Customs Service to assess the resulting assessment rates against the entered customs values for the subject merchandise on each of the importer's/customer's entries during the review period.

Cash Deposit Requirements

The following deposit rates shall be required for merchandise subject to the order entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(1) and 751(a)(2)(B) of the Act: (1) The cash deposit rate for LKTLC will be zero; (2) the cash deposit rate for PRC exporters for whom the Department has rescinded the review or for whom a review was not requested for this POR will continue to be the rate assigned in an earlier segment of the proceeding or the PRC-wide rate of 43.32 percent; (3) the cash deposit rate for all other PRC exporters will continue to be 43.32 percent; and (4) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1), 751(a)(2)(B), and 777(i) of the Act and 19 CFR 351.213 and 351.214.

Dated: August 14, 2002.

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's regulations are to 19 CFR Part 351 (2001).

Background

On February 1, 2002, the Department published in the **Federal Register** (67 FR 4945) a notice of "Opportunity To Request Administrative Review" of the antidumping duty order on certain preserved mushrooms from the People's Republic of China ("PRC") for the period February 1, 2001, through January 31, 2002. On February 28, 2002, the Coalition of Fair Preserved Mushrooms Trade (the "petitioners") requested an administrative review of the above referenced antidumping duty order for the following companies:

China Processed Food Import & Export Company ("China Processed"); Compania Envasadora del Atlantico ("Compania Envasadora"); Gerber Food (Yunnan) Co., Ltd. ("Gerber"); Green Fresh Foods (Zhangzhou) Co., Ltd. ("Green Fresh"); Raoping Xingyu Foods Co., Ltd. ("Raoping Xingyu"); Shantou Hongda Industrial General Corporation ("Shantou Hongda") and Shenxian Dongxing Foods Co., Ltd. ("Shenxian Dongxing"). On March 27, 2002, the Department published a notice of initiation of an administrative review of the antidumping duty order with respect to these companies. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 67 FR 14696.

Partial Rescission of Review

On June 11, 2002, the petitioners requested an extension of the deadline to withdraw their requests for review. On June 21, 2002, the Department granted the petitioners' request and extended the deadline until July 9, 2002. On July 9, 2002, the petitioners withdrew their request for an administrative review of Compania Envasadora and China Processed. On July 24, 2002, the petitioners submitted a further letter to the Department seeking to withdraw their request for an administrative review of Raoping Xingyu. On July 30, 2002, respondent Raoping Xingyu submitted a letter requesting that the Department reject the petitioners' request with regard to Raoping Xingyu. On August 2, 2002, the Department informed the respondent Raoping Xingyu of the Department's decision (as set forth below).

Pursuant to section 351.213 (d) of the Department's regulations, the Secretary will rescind an administrative review in whole or in part if a party that requested the review withdraws its request within ninety days of publication of the **Federal Register** notice that initiated the review. Section 351.213(d)(1) further provides that the Secretary may extend this time limit if the Secretary decides that it is reasonable to do so.

Accordingly, we are rescinding in part this review of the antidumping duty order on certain preserved mushrooms from the People's Republic of China as to Compania Envasadora, China Processed and Raoping Xingyu. This review will continue with respect to Gerber, Green Fresh, Shantou Hongda and Shenxian Dongxing.

This notice is published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).

Dated: August 12, 2002.

SUPPLEMENTARY INFORMATION:

I. Abstract

Under the provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), NOAA is responsible for management of the Nation's marine fisheries. In addition, NOAA must comply with the United States' obligations under the Atlantic Tunas Convention Act (16 U.S.C. 1801 *et seq.*). NOAA Fisheries collect information via dealer reports to monitor the U.S. catch of tuna in relation to the quota, thereby ensuring

that the United States complies with its international obligations to the International Commission for the Conservation of Atlantic Tunas (ICCAT). Provisions of the domestic regulations are also monitored through this collection of information, such as compliance with closures, fishing seasons, and subquotas by gear type and/or user group. This information provides the catch data necessary to assess the status of tuna resources. Assessments are conducted and presented to ICCAT annually. The data provide, in part, the basis for ICCAT management recommendations that become binding on member nations. In addition, dealer reports provide essential information for domestic management policy and rule-making. This collection also includes imports of Pacific bluefin tuna.

II. Method of Collection

Dealers who buy, sell, or receive for commercial purposes any large medium or giant size class Atlantic bluefin tuna are required to report all transactions to NOAA Fisheries via daily and biweekly reporting forms. These forms collect certain information for each Atlantic bluefin tuna that is sold at landing. Dealers who purchase any other types or sizes of Atlantic tunas, or Pacific coast dealers who export or import bluefin tuna, are required to submit biweekly reports only. Dealers must affix a tag to the tail of each bluefin tuna, record these tag numbers to the label of any packages of tuna parts to be transported for domestic use or export. Anglers who catch giant or large-medium size class Atlantic bluefin tuna must also submit daily reports.

III. Data

Form Number: NOAA 88-144.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations (tuna dealers), individuals or households.

Estimated Total Annual Burden Hours: 1,468.

Estimated Total Annual Cost to Public: \$1,096.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information

is still necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
