

health and the environment of regulatory actions under sections 6(b) and 25 (a) of FIFRA. Nominees should be identified by name, occupation, position, address, and telephone number. To be considered, all nominees should include a current resume providing the nominee's background, experience and qualifications.

The criteria for selecting scientists to serve on the SRB are that these persons be recognized experts in their fields; that they be as impartial and objective as possible; that they represent an array of backgrounds and perspectives (within their disciplines); and that they be available to participate fully in the review, which will be conducted over a relatively short time frame. Nominees will be asked to attend one public meeting and to participate in the discussion of key issues and assumptions at this meeting. Finally, they will be asked to review and to help finalize the products and outputs of the FIFRA SAP.

If a SRB nominee is considered to assist in a review by the SAP for a particular session, the SRB nominee is subject to the provisions of 5 CFR part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR part 6401. As such, the SRB nominee is required to submit a Confidential Financial Disclosure Report, which shall fully disclose, among other financial interests, the nominee's employment, stocks and bonds, and where applicable, sources of research support. EPA will evaluate the nominee's financial disclosure form prior to the nominee being appointed to a panel reviewing agency actions. This evaluation will identify conflicts that may arise between the member's financial interests and the agency actions under review. If the SRB nominee's financial disclosure form is approved by the EPA, the nominee will be assigned to a SAP session and be hired as a special government employee.

Nominations should be provided to the DFO listed under **FOR FURTHER INFORMATION CONTACT** by September 6, 2002. The Agency will not formally acknowledge or respond to nominations.
