

permits, and would therefore reduce the potential for incidental take associated with urban development.

In August 2001, (66 FR 43267), two water agencies, Reclamation District No. 1000 (RD 1000), and Natomas Central Mutual Water Company (Natomas Mutual), decided to join the City of Sacramento and Sutter County as applicants for permits and participated in drafting the Plan. At this time, RD 1000 and Natomas Mutual have chosen not to submit an application for an incidental take permit. They may decide to apply at a later time and commit to the terms of the Plan, and through issuance of a permit by the Service, join as full permittees at a future date. It should be noted that because of RD 1000 and Natomas Mutual's previous participation as potential applicants, and the possibility that they may decide to apply for a permit at some future date, the description of and analysis of the two water agencies as permittees has remained in both the Plan and the EIR/EIS. Should the water agencies apply for a permit in the future, then additional notification and documentation may be needed pursuant to the National Environmental Policy Act.

The Service invites the public to comment on the Plan and Draft EIR/EIS during a 60-day public comment period. This notice is provided pursuant to section 10(a) of the Endangered Species Act and Service regulations for implementing the National Environmental Policy Act of 1969 (40 CFR 1506.6). The Service will evaluate the application, associated documents, and comments submitted thereon to prepare a Final EIR/EIS. A decision on the permit applications will be made no sooner than 30 days after the publication of the Final EIR/EIS.
