## DEPARTMENT OF TRANSPORTATION

### Maritime Administration

[Docket Number: MARAD-2002-13177]

#### Requested Administrative Waiver of the Coastwise Trade Laws

**AGENCY:** Maritime Administration, Department of Transportation.

**ACTION:** Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel NIKE.

**SUMMARY:** As authorized by Pub. L. 105-383, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a description of the proposed service, is listed below. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines that in accordance with Pub. L. 105-383 and MARAD's regulations at 46 CFR part 388 (65 FR 6905; February 11, 2000) that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels, a waiver will not be granted.

**DATES:** Submit comments on or before September 25, 2002.

**ADDRESSES:** Comments should refer to docket number MARAD-2002-13177. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. DOT Dockets, Room PL-401, Department of Transportation, 400 7th St., SW., Washington, DC 20590-0001. You may also send comments electronically via the Internet at <http://dmses.dot.gov/submit/>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and

all documents entered into this docket is available on the World Wide Web at <http://dms.dot.gov>.

**FOR FURTHER INFORMATION CONTACT:** Kathleen Dunn, U.S. Department of Transportation, Maritime Administration, MAR-832 Room 7201, 400 Seventh Street, SW., Washington, DC 20590. Telephone 202-366-2307.

**SUPPLEMENTARY INFORMATION:** Title V of Pub. L. 105-383 provides authority to the Secretary of Transportation to administratively waive the U.S.-build requirements of the Jones Act, and other statutes, for small commercial passenger vessels (no more than 12 passengers). This authority has been delegated to the Maritime Administration per 49 CFR 1.66. Delegations to the Maritime Administrator, as amended. By this notice, MARAD is publishing information on a vessel for which a request for a U.S.-build waiver has been received, and for which MARAD requests comments from interested parties. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

#### Vessel Proposed for Waiver of the U.S.-Build Requirement

(1) Name of vessel and owner for which waiver is requested.

*Name of vessel:* NIKE. *Owner:* Elizabeth M. Solberg.

(2) Size, capacity and tonnage of vessel. *According to the applicant:* "Length—44.1 ft, 13.0 tons."

(3) Intended use for vessel, including geographic region of intended operation and trade. *According to the applicant:* "Charter service; Southern Florida Keys."

(4) Date and Place of construction and (if applicable) rebuilding. *Date of construction:* 1990. *Place of construction:* Taiwan.

(5) A statement on the impact this waiver will have on other commercial passenger vessel operators. *According to the applicant:* "There should not be any negative impact on other vessel operators since most charters carry more than twelve passengers and operate on half day to full day charters staying close to port."

(6) A statement on the impact this waiver will have on U.S. shipyards. *According to the applicant:* "There will be no negative impact on U.S. shipyards. We will use local shipyards for all major maintenance, supplies, etc.

to keep this vessel operating under full compliance with all local and federal laws; *i.e.* U.S. Coastguard vessel regulations."

Dated: August 20, 2002.

By Order of the Maritime Administrator.

**Christine S. Gurland,**

*Acting Secretary.*

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2002-13019]

#### Notice of Receipt of Petition for Decision That Nonconforming 2003 Harley Davidson VRSCA Motorcycles Are Eligible for Importation

**AGENCY:** National Highway Traffic Safety Administration, DOT.

**ACTION:** Notice of receipt of petition for decision that nonconforming 2003 Harley Davidson VRSCA motorcycles are eligible for importation.

**SUMMARY:** This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 2003 Harley Davidson VRSCA motorcycles that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for sale in the United States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

**DATES:** The closing date for comments on the petition is September 25, 2002.

**ADDRESSES:** Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.]

**FOR FURTHER INFORMATION CONTACT:** Luke Loy, Office of Vehicle Safety Compliance, NHTSA (202-366-5308).

#### SUPPLEMENTARY INFORMATION:

##### Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA

has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Milwaukee Motorcycle Imports, Inc. of Milwaukee, Wisconsin ("MMI") (Registered Importer 99-192) has petitioned NHTSA to decide whether non-U.S. certified 2003 Harley Davidson VRSCA motorcycles are eligible for importation into the United States. The vehicles which MMI believes are substantially similar are 2003 Harley Davidson VRSCA motorcycles that were manufactured for sale in the United States and certified by their manufacturer, Harley Davidson Motor Company, as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2003 Harley Davidson VRSCA motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

MMI submitted information with its petition intended to demonstrate that non-U.S. certified 2003 Harley Davidson VRSCA motorcycles, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2003 Harley Davidson VRSCA motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 106 *Brake Hoses*, 111 *Rearview Mirrors*, 116 *Brake Fluid*, 119 *New Pneumatic Tires for Vehicles other than*

*Passenger Cars*, 122 *Motorcycle Brake Systems*, and 205 *Glazing Materials*.

The petitioner also states that vehicle identification number (VIN) plates that meet the requirements of 49 CFR part 565 are already affixed to non-U.S. certified 2003 Harley Davidson VRSCA motorcycles and that each vehicle's 17-digit VIN is stamped onto its headstock at the time of manufacture.

Petitioner additionally contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: (a) Installation of U.S. model headlamp assemblies which incorporate headlamps that are certified to meet the standard; (b) replacement of all stop lamp and directional signal bulbs with bulbs that are certified to meet the standard; (c) replacement of all lenses with lenses that are certified to meet the standard; and (d) replacement of all rear reflectors with red rear reflectors that are certified to meet the standard. The petitioner states that although there are no daytime running lights on the non-U.S. certified version of the vehicle, its headlamp and tail lamp are activated when the ignition is turned on.

Standard No. 120 *Tire Selection and Rims for Vehicles other than Passenger Cars*: installation of a tire information label that displays the recommended tire size, rim size, and cold inflation pressure. The petitioner states that the vehicle is equipped with rims that are certified to meet the standard.

Standard No. 123 *Motorcycle Controls and Displays*: installation of a U.S. model speedometer calibrated in miles per hour and a U.S. model odometer that measures distance traveled in miles. The petitioner states that the components installed will include a resettable trip meter with diagnostic capabilities, fuel gauge, low fuel light, oil pressure indicator light, cooling temperature light, engine diagnostic light, and security alarm light.

The petitioner states that when the vehicle has been brought into conformity with all applicable Federal motor vehicle safety standards, a certification label that meets the requirements of 49 CFR part 567 will be affixed to the front of the motorcycle frame.

Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and

will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

**Authority:** 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: August 21, 2002.
