

that individual families will participate in the study ranges from 18 to 36 months depending on when they enter the evaluation.

Child and family outcomes of interest will be collected at intake and during subsequent follow-up sessions at six-month intervals. The outcome measures include the following: child symptomatology and functioning, family functioning, material resources, and caregiver strain. In addition, a treatment effectiveness study will examine the relative impact of an evidence-based treatment within one system of care.

The average annual respondent burden is estimated below. The estimate

reflects the average number of respondents in each respondent category, the average number of responses per respondent per year, the average length time it will take for each response, and the total average annual burden for each category of respondent, and for all categories of respondents combined.

This revision to the currently approved information collection activities involves: (1) Extension of the data collection period for an additional 18 months to cover an additional sixth year of grant funding in the 22 currently funded systems of care (and a six-month no-cost extension for the evaluation), (2)

the addition of a family-driven study to assess the extent of family involvement in service planning, (3) the addition of a sustainability study to assess the capacity of funded communities to continue system of care service provision after the termination of grant funding, and (4) the addition of a wraparound fidelity study to assess the implementation of wraparound services delivery in the context of a system of care. Although, the data collection period is being extended for an additional 18 months, the total average annual burden is reduced because the total number of responses for each individual remains the same.

Respondent (currently approved)	Number of respondents		Number of responses/ respondent		Average burden/ response		Total average annual burden	
	With revisions	Currently approved	With revisions	Currently approved	With revisions	Currently approved	With revisions	Currently approved

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information

are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Drug and Alcohol Services Information System (DASIS)—(OMB No. 0930-0106)—Revision—The DASIS consists of three related data systems: The Inventory of Substance Abuse Treatment Services (I-SATS); the National Survey of Substance Abuse Treatment Services (N-SSATS), and the Treatment Episode Data Set (TEDS). The I-SATS includes all substance abuse treatment facilities known to SAMHSA. The N-SSATS is an annual survey of all substance abuse treatment facilities listed in the I-SATS. The TEDS is a compilation of client-level admission data and discharge data submitted by States on clients treated in facilities that receive State funds. Together, the three DASIS components provide information on the location, scope and characteristics of all known drug and alcohol treatment facilities in the United States, the number of persons in treatment, and the characteristics of

clients receiving services at publicly-funded facilities. This information is needed to assess the nature and extent of these resources, to identify gaps in services, to provide a database for treatment referrals, and to assess demographic and substance-related trends in treatment.

The request for OMB approval will include only modest changes to the 2003 N-SSATS questionnaire, including the addition of several drugs to the pharmacotherapies list and the addition of services such as beds for dependent children of women in treatment to the "other services" list. The remaining sections of the N-SSATS questionnaire will remain unchanged except for minor modifications to wording.

Approval will also be requested for an additional component, the Mini-N-SSATS. The Mini-N-SSATS is a procedure for collecting services data from newly identified facilities between main cycles of the survey and will be used to improve the listing of treatment facilities in the on-line treatment facility Locator. The between-survey telephone calls to newly identified facilities allow facilities to be added to the Locator in a more timely manner. No significant changes are expected in the other DASIS activities.

Estimated annual burden for the DASIS activities is shown below:

Type of respondent and activity	Number of respondents	Responses per respondent	Hours per response	Total burden hours
States				
TEDS Admission Data	52	4	6	1,248
TEDS Discharge Data	35	4	6	840
I-SATS Update ¹	56	67	0.08	300
State subtotal	56	2,388
Facilities				
N-SSATS Questionnaire	17,000	1	.6	10,200
Pretest of N-SSATS revisions	50	1	1	50
Prescreening of newly-identified facilities	2,000	1	.08	160
Mini-N-SSATS	700	1	.4	280
Facility Subtotal	19,000	10,690
Total	19,056	13,078

¹ States forward to SAMHSA information on newly licensed/approved facilities and on changes in facility name, address, status, etc. This is done electronically by nearly all States.

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16-105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: August 21, 2002.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4734-N-40]

Notice of Submission of Proposed Loss Mitigation Evaluation

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: Comment Due Date: September 26, 2002.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval number (2502-0358) and should be sent to: Lauren Wittenberg, OMB Desk Officer, Office of Management and Budget, Room 10235, New Executive Office Building, Washington, DC 20503; Fax number (202) 395-6974; e-mail Lauren_Wittenberg@omb.eop.gov.

FOR FURTHER INFORMATION CONTACT: Wayne Eddins, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, Southwest, Washington, DC 20410; e-mail Wayne_Eddins@HUD.gov; telephone (202) 708-2374. This is not a toll-free number. Copies of the proposed forms and other available documents submitted to OMB may be obtained from Mr. Eddins.

SUPPLEMENTARY INFORMATION: The Department has submitted the proposal for the collection of information, as described below, to OMB for review, as required by the Paperwork Reduction Act (44 U.S.C. Chapter 35). The Notice lists the following information: (1) The title of the information collection proposal; (2) the office of the agency to collect the information; (3) the OMB approval number, of applicable; (4) the

description of the need for the information and its proposed use; (5) the agency form number, if applicable; (6) what members of the public will be affected by the proposal; (7) how frequently information submissions will be required; (8) an estimate of the total number of hours needed to prepare the information submission including number of respondents, frequency of response, and hours of response; (9) whether the proposal is new, an extension, reinstatement, or revision of an information collection requirement; and (10) the name and telephone number of an agency official familiar with the proposed and of the OMB Desk Officer for the Department.

This Notice also lists the following information:

Title of Proposal: Loss Mitigation Evaluation.

OMB Approval Number: 2502-0523.

Form Numbers: None.

Description of the Need for the Information and its Proposed Use: Mortgagees servicing HUD insured mortgages are required to document all lost mitigation efforts for delinquent loans.

Respondents: Business or other for-profit.

Frequency of Submission: On occasion, monthly.
