

various characteristics of migratory bird populations. The North American Woodcock Singing-Ground Survey is an essential part of the migratory bird management program. This survey is conducted annually by State and Federal conservation agencies to provide the necessary data to determine the population status of the woodcock. In addition, the information is vital in assessing the relative changes in the geographic distribution of the woodcock. The information is used primarily by us to develop recommendations for hunting regulations. It is also used by us, State conservation agencies, University associates and other interested parties for various research and management projects. Without information on the population's status, we might promulgate hunting regulations that were too liberal thus causing harm to the woodcock population, or too conservative, thus unduly restricting recreational opportunities afforded by woodcock hunting.

Title: North American Woodcock Singing Ground Survey.

Approval Number: 1018-0019.

Service Form Number: 3-156.

Frequency of Collection: Annually.

Description of Respondents: State, local, tribal, provincial, or Federal employees.

Total Annual Burden Hours: The reporting burden is estimated to average 0.67 hours per respondent. With an estimated 40% entering data electronically, the reporting burden is estimated to average 0.75 hours per respondent. The Total Annual Burden hours is 527 hours.

Total Annual Responses: About 750 individuals are expected to participate in the survey.

We invite comments concerning this renewal on: (1) Whether the collection of information is necessary for the proper performance of our migratory bird management functions, including whether the information will have practical utility; (2) the accuracy of our estimate of the burden of the collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and, (4) ways to minimize the burden of the collection of information on respondents. The information collections in this program are part of a system of record covered by the Privacy Act (5 U.S.C. 552(a)).

Sincerely,

Anissa Craghead,

Collections Clearance Officer.

Gettysburg National Military Park Advisory Commission

AGENCY: National Park Service, Interior.

ACTION: Notice of October 17, 2002 meeting.

SUMMARY: This notice sets forth the date of the October 17, 2002 meeting of the Gettysburg National Military Park Advisory Commission.

DATE: The public meeting will be held on October 17, 2002 from 7 p.m. to 9 p.m.

Location: The meeting will be held at the Cyclorama Auditorium, 125 Taneytown Road, Gettysburg, Pennsylvania 17325.

Agenda: The October 17, 2002 meeting will consist of the Sub-Committee Reports from the Historical, Executive, and Interpretive Committees; Federal Consistency Reports Within the Gettysburg Battlefield Historic District; Operational Updates on Park Activities which consists of an update on Gettysburg National Battlefield Museum Foundation and National Park Service activities related to the new Visitor Center/Museum Complex, update on the 5-year plan for the Historic Landscape Rehabilitation; updating the schedule of repairs on the Pennsylvania Monument; Construction Updates such as the fire suppression project for 50 historic structures; the Gettysburg Borough Interpretive Plan which will consist of updates on the Wills House and the Train Station; Transportation which consists of the National Park Service and the Gettysburg Borough working on the shuttle system; Update on land acquisition within the park boundary or in the historic district; and the Citizens Open Forum where the public can make comments and ask questions on any park activity.

FOR FURTHER INFORMATION CONTACT: John A. Latschar, Superintendent, Gettysburg National Military Park, 97 Taneytown Road, Gettysburg, Pennsylvania 17325.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public. Any member of the public may file with the Commission a written statement concerning agenda items. The statement should be addressed to the Gettysburg National Military Park Advisory Commission, 97 Taneytown Road, Gettysburg, Pennsylvania 17325.

Dated: July 29, 2002.

John A. Latschar,

Superintendent, Gettysburg NMP/Eisenhower NHS.

BILLING CODE 4310-70-P

DEPARTMENT OF THE INTERIOR**National Park Service**

**Notice of Intent to Repatriate Cultural
Items in the Possession of the U.S.
Department of Justice, Federal Bureau
of Investigation (FBI), Louisville, KY**

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with the provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.10 (a)(3), of the intent to repatriate cultural items in the possession of the U.S. Department of Justice, Federal Bureau of Investigation (FBI), Louisville, KY, that meet the definition of "unassociated funerary object" under Section 2 of the Act.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these cultural items. The National Park Service is not responsible for the determinations within this notice.

On February 18, 1999, a search warrant was executed at the home of Sean Adam Long near Madisonville, KY. Twenty-six items were recovered by FBI agents during the search that have been determined to meet the definition of unassociated funerary objects. These cultural items are 14 animal bones, 1 item made from animal bone, 1 stone tubular pipe fragment, 1 fragment of a Caborn-Welborn ceramic pot (Late Mississippian Period), 1 coarse shell-tempered ceramic vessel with strap handles and with soot on exterior, 1 polished and drilled shell gorget, 1 polished bone tube, 1 box turtle carapace fragment, 1 marine gastropod, 1 Mississippian Plain water bottle, 1 polished stone atlatl weight, 1 cannel coal bead, and 1 black stone gorget.

In an interview with FBI officials, Mr. Long indicated that the above-mentioned items were originally recovered from specific burial sites located in Kentucky.

A detailed assessment of the unassociated funerary objects was made by University of Louisville Staff Archaeologist Philip J. DiBlasi in consultation with representatives of the Absentee-Shawnee Tribe of Indians of Oklahoma; Delaware Nation, Oklahoma; Delaware Tribe of Indians, Oklahoma; Eastern Band of Cherokee Indians of North Carolina; Eastern Shawnee Tribe of Oklahoma; Miami Tribe of Oklahoma; Peoria Tribe of Indians of Oklahoma; and Shawnee Tribe, Oklahoma.

Archeological evidence indicates that these items were most likely buried during the Prehistoric period (before A.D. 1740). Archeological and historical evidence indicates that the Native American population that lived in Kentucky during the Prehistoric period is ancestral to the present-day Delaware Nation, Oklahoma; Delaware Tribe of Indians, Oklahoma; Eastern Band of Cherokee Indians of North Carolina; Miami Tribe of Oklahoma; and Peoria Tribe of Indians of Oklahoma.

On March 7, 2001, Sean Adam Long pleaded guilty in U.S. District Court in Owensboro, KY to three counts of illegal trafficking in Native American human remains [18 U.S.C. 1170 (a)] and one count of knowingly making a materially false, fictitious, or fraudulent statement or representation [18 U.S.C. 1001]. A single count of trafficking in interstate or foreign commerce in archaeological resources the excavation, removal, sale, purchase, exchange, transportation or receipt of which was wrongful under State or local law [16 U.S.C. 470ee (c)] was dismissed in return for Long's plea to making a false statement to FBI agents.

Based on the above-mentioned information, FBI officials determined that, pursuant to 43 CFR 10.2 (d)(2)(ii), these 26 cultural items are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of a death rite or ceremony and are believed to have been removed from specific burial sites of Native American individuals. FBI officials determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these unassociated funerary objects and the Delaware Nation, Oklahoma; Delaware Tribe of Indians, Oklahoma; Eastern Band of Cherokee Indians of North Carolina; Miami Tribe of Oklahoma; and Peoria Tribe of Indians of Oklahoma.
