BILLING CODE 6712-01-P

DEPARTMENT OF DEFENSE

48 CFR Part 237

[DFARS Case 2001-D018]

Defense Federal Acquisition Regulation Supplement; Performance of Security Functions

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has adopted as final, without change, an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement section 1010 of the USA Patriot Act. Section 1010 provides an exception to the prohibition on contracting for security functions at a military installation or facility. The exception applies during the period of time that United States armed forces are engaged in Operation Enduring Freedom and 180 days thereafter.

EFFECTIVE DATE: August 30, 2002.

FOR FURTHER INFORMATION CONTACT: Ms. Sandra Haberlin, Defense Acquisition Regulations Council, OUSD(AT&L)DP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0289; facsimile (703) 602-0350. Please cite DFARS Case 2001-D018.

SUPPLEMENTARY INFORMATION:

A. Background

10 U.S.C. 2465 prohibits DoD from entering into contracts for the performance of firefighting or security-guard functions at military installations or facilities, unless certain exceptions apply. Section 1010 of the USA Patriot Act (Public Law 107-56) adds another exception to this prohibition, to apply during the period of time that United States armed forces are engaged in Operation Enduring Freedom and 180 days thereafter. The additional exception permits award of contracts for security functions to proximately located local and State governments. This DFARS rule implements section 1010 of Public Law 107-56.

DoD published an interim rule at 67 FR 11438 on March 14, 2002. Two sources submitted comments on the interim rule, and both supported the rule. Therefore, DoD is converting the interim rule to a final rule without change.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule applies only to military installations and facilities and proximately located local and State governments.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

List of Subjects in 48 CFR Part 237

Government procurement.

Michele P. Peterson,

Executive Editor, Defense Acquisition Regulations Council.

Interim Rule Adopted as Final Without Change

Accordingly, the interim rule amending 48 CFR Part 237, which was published at 67 FR 11438 on March 14, 2002, is adopted as a final rule without change.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 011218304-1304-01; I.D. 082202A]

Fisheries of the Exclusive Economic Zone Off Alaska; Shallow-Water Species Fishery by Vessels Using Trawl Gear in the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for species that comprise the shallow-water species fishery by vessels using trawl gear in the Gulf of Alaska (GOA), except for vessels fishing for pollock using pelagic trawl gear in those portions of the GOA open to directed fishing for pollock. This action is necessary because the fourth seasonal apportionment of the 2002 Pacific halibut bycatch allowance specified for the shallow-water species fishery in the GOA was reached during the third seasonal apportionment.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 1, 2002, until 1200 hrs, A.l.t., October 1, 2002.

FOR FURTHER INFORMATION CONTACT: Andrew Smoker, 907-586-7228, or Andy.Smoker@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The Pacific halibut bycatch allowance for the GOA trawl shallow-water species fishery, which is defined at § 679.21(d)(3)(iii)(A), was established by an emergency rule implementing 2002 harvest specifications and associated management measures for the groundfish fisheries off Alaska (67 FR 956, January 8, 2002, and 67 FR 34860, May 16, 2002) for the fourth season, the period September 1, 2002, through October 1, 2002, as 150 metric tons. Section 679.21(d)(5)(iv) specifies that if a seasonal apportionment of a halibut

PSC limit specified for trawl, hook-and-line, or pot gear is exceeded, the amount by which the seasonal apportionment is exceeded will be deducted from the respective apportionment for the next season during a current fishing year. Current data indicate that the Pacific halibut bycatch allowance for the fourth season was taken during the third seasonal allocation. Therefore, there is no fourth seasonal apportionment available for the GOA shallow-water species fishery by vessels using trawl gear.

Therefore, in accordance with § 679.21(d)(7)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the fourth seasonal apportionment of the 2002 Pacific halibut bycatch allowance specified for the trawl shallow-water species fishery in the GOA was reached during the third seasonal apportionment. Consequently, NMFS is prohibiting directed fishing for the shallow-water species fishery by vessels

using trawl gear in the GOA, except for vessels fishing for pollock using pelagic trawl gear in those portions of the GOA open to directed fishing for pollock. The species and species groups that comprise the shallow-water species fishery are: pollock, Pacific cod, shallow-water flatfish, flathead sole, Atka mackerel, and "other species."

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the closure of

the fishery, lead to exceeding the fourth seasonal halibut bycatch allowance specified for the shallow water species fishery in the GOA, and therefore reduce the public's ability to use and enjoy the fishery resource.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 27, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
