The ALJ held an evidentiary hearing from December 3, 2001, through December 19, 2001, and issued his final ID on June 21, 2002, in which he concluded that there was no violation of section 337, based on the following findings: (a) Complainants have failed to establish that the asserted claims 18–24, 26–28, 31–33, 36, 42–43, 48–50, 54, 57, 59–61, and 66 of U.S. Letters Patent 4,706,121 (the ‘121’ patent); claims 1, 3, 8, and 10 of United States Patent 5,479,268 (the ‘268’ patent); and claims 1, 3, 8, and 10 of U.S. Letters Patent 5,809,204 (the ‘204’ patent) are infringed by respondents; (b) respondents have failed to establish that the asserted claims are not valid; (c) respondents have established that the ‘121’ patent is unenforceable for failure to name a co-inventor; (d) complainants have engaged in patent misuse with respect the ‘121’ patent; (e) no industry exists in the United States, as required by subsection (a)(2) of section 337, that exploits each of the ‘121’, ‘268’, and ‘204’ patents in issue; and (f) there has been an importation of the set-top boxes which are the subject of this investigation.

On July 5, 2002, all parties to this investigation, including the Commission investigative attorney, filed petitions for review of various portions of the final ID. On July 12, 2002, all the parties filed responses to the petitions for review.

Having examined the record in this investigation, including the final ID, the petitions for review, and the responses thereto, the Commission determined that there is no violation of section 337 in this investigation.

This action is taken under the authority of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) and Subpart G of Part 210 of the Commission’s rules of practice and procedure (19 CFR Subpart G, Part 210).

By order of the Commission.

II. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burdens, conducts a pre-clearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). OSHA will be requesting approval from the Office of Management and Budget (OMB) for certain information collection requirements contained in the Strategic Partnerships for Worker Safety and Health. This notice initiates the process for OSHA to request OMB approval. The need to collect information in order to gauge program success is an integral part of OSHA's strategic planning processes, and partnerships, like other agency activities, are required to regularly provide information to the agency. The agency uses this information to assess the effectiveness of its programs, identify needed improvements, and ensure that its resources are being used to good and effective purpose.

III. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed collection of information is necessary for the proper performance of the Agency's functions, including whether the information will have practical utility;
- The accuracy of the Agency's estimate of the burden of the proposed

collection of information, including the validity of the methodology and assumptions used; and

- The quality, utility, and clarity of the information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

IV. Proposed Actions

OSHA proposed to extend OMB's approval of the collection of information requirements specified in 5 CFR 1320.8(d). OSHA will summarize the comments submitted in response to this notice, and will include this summary in its request to OMB to extend the approval of the information-collection requirements for the OSPP. The burden hour increase is a result of the increasing number of partnerships.

Type of Review: Extension of a currently approved information-collection requirement.

This action is taken pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)).
