

govern the sale of the REGT Transferred Facilities.

Ozark states that it and OGG have entered into an Asset Transfer Agreement, dated August 22, 2002, that will govern the transfer of the Moss Lateral Facilities, at net book value, from Ozark to OGG.

It is noted that the Kiamichi Facility may require natural gas transportation service on Ozark to test its facilities before the proposed abandonment, sale, purchase and construction will be completed. Accordingly, to provide for services to the Kiamichi Facility from October 1, 2002 until the earlier of July 1, 2003 or the commercial operation date of April 1, 2003, it is explained that Ozark and REGT have entered into an interruptible transportation service agreement under Ozark's Rate Schedule ITS for transportation of up to 240,000 MMBtu on the Ozark system. Similarly, to meet the Kiamichi Facility's need for firm service beginning on the earlier of July 1, 2003, or the commercial operation date of April 1, 2003, Ozark and REGT have entered into a firm transportation service agreement under Ozark's Rate Schedule FTS for transportation of up to 240,000 MMBtu on the Ozark system.

Any questions concerning this application may be directed to James F. Bowe, Jr., Hugh E. Hilliard, Dewey Ballantine LLP, 1775 Pennsylvania Avenue NW, Washington, DC 20006-4605, at (202) 862-1000 or fax (202) 862-1093; or Marla K. Adams, Manager, Governmental Affairs, Enogex Inc., 515 Central Park Drive, Suite 600, Oklahoma City, OK 73105, at (405) 557-5274 or fax (405) 557-7903.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before September 20, 2002, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.
