AGENCY: Federal Communications Commission.

ACTION: Proposed rule; dismissal.

SUMMARY: At the request of Auburn Network, Inc., the Commission dismisses the petition for rule making proposing the allotment of Channel 263A at Auburn, Alabama, as the community's second local FM transmission service (RM-10103). See 16 FCC Rcd 8937 (2001). We dismiss the counterproposal filed by Radio South, Inc., proposing the reallocation of Channel 263C1 from Northport to Helena, Alabama, and the modification of Station WLXY(FM)'s license accordingly (RM-10323). To accommodate the reallocation to Helena, proponent also requested the reallocation of Channel 225C1 from Tuscaloosa to Northport, Alabama, and the modification of the license for Station WTUG(FM) accordingly as a replacement service. We also dismiss the counterproposal filed by Cox Radio, Inc., and its wholly-owned subsidiary CXR Holdings, Inc., proposing the substitution of Channel 247C2 for Channel 247A at Homewood, Alabama, the reallocation of Channel 247C2 from Homewood to Gardendale, Alabama, required channel substitutions and site changes, and the modification of Station WRLR-FM's license accordingly (RM-10324). We find that both counterproposals are technically defective because they violate section 73.208(a)(1)(i) of the Commission's Rules and our policy against acting upon contingent proposals.
