

State's authorized hazardous waste program into the Code of Federal Regulations. We do this by referencing the authorized State rules in 40 CFR part 272. We reserve the amendment of 40 CFR part 272, subpart MM until a later date.

K. Administrative Requirements

The Office of Management and Budget has exempted this action from the requirements of Executive Order 12866 (58 FR 51735, October 4, 1993), and therefore, a decision to authorize Oregon's hazardous waste program for these revisions is not subject to review by OMB. This action authorizes State requirements for the purpose of RCRA 3006 and imposes no additional requirements beyond those imposed by State law. Authorization will not impose any new burdens on small entities. Accordingly, I certify that these revisions will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this action authorizes pre-existing requirements under State law and does not impose any additional enforceable duty beyond that required by State law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This action also does not have Tribal implications within the meaning of Executive Order 13175 (65 FR 67249, November 6, 2000).

This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999), because it merely authorizes State requirements as part of the State RCRA hazardous waste program without altering the relationship or the distribution of power and responsibilities established by RCRA. This action also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant and it does not make decisions based on environmental health or safety risks. This action is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply Distribution or Use" (66 FR 28344, May 22, 2001) because it is not a significant regulatory action under Executive Order 12866. The final rule does not include environmental justice issues that require

consideration under Executive Order 12898 (59 FR 7629, February 16, 1994).

Under RCRA 3006(b), EPA grants a State's application for authorization as long as the State meets the criteria required by RCRA. It would thus be inconsistent with applicable law for EPA, when it reviews a State authorization application, to require the use of any particular voluntary consensus standard in place of another standard that otherwise satisfies the requirements of RCRA. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272) do not apply. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. This final rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States prior to publication in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

List of Subjects in 40 CFR Part 271

Environmental protection, Administrative practice and procedure, Confidential business information, Hazardous waste, Hazardous waste transportation, Indian lands, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements.

Authority: This action is issued under the authority of sections 2002(a), 3006 and 7004(b) of the Solid Waste Disposal Act as amended 42 U.S.C. 6912(a), 6926, 6974(b).

Dated: August 30, 2002.

L. John Iani,

Regional Administrator, Region 10.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 63

[FCC 02-154]

2000 Biennial Regulatory Review: International Telecommunications Service, Correction

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: The Commission adopted a Report and Order amending several of the Commission's rules regarding the provision of international telecommunications services. Because an error was made in the publication of the final rule, this document contains a correction to the final rule document which was published in the **Federal Register** on July 9, 2002 (67 FR 45387).

DATES: Effective September 10, 2002.

FOR FURTHER INFORMATION CONTACT: Peggy Reitzel, Telecommunications Division, International Bureau, (202) 418-1499.

SUPPLEMENTARY INFORMATION: On July 9, 2002, the **Federal Register** published a summary of the final rule in the above captioned proceeding. Instruction 11 of the rules amended § 63.21 by removing paragraph (h) and redesignating paragraphs (i) and (j) and paragraphs (h) and (i). In redesignating paragraph (j) as paragraph (i), the instructions neglected to revise the reference to paragraph (i).

In rule FR DOC 02-16738 published on July 9, 2002 (67 FR 45391), in the second column, instruction 11 is corrected to read as follows:

11. Section 63.21 is amended by removing paragraph (h), redesignating paragraphs (i) and (j) as paragraphs (h) and (i), and by revising newly redesignated paragraph (i) to read as follows:

§ 63.21 Conditions applicable to all international Section 214 authorizations.

* * * * *

(i) An authorized carrier, or a subsidiary operating pursuant to paragraph (h) of this section, that changes its name (including the name under which it is doing business) shall notify the Commission by letter filed with the Secretary in duplicate within

30 days of the name change. Such letter shall reference the FCC file numbers under which the carrier's authorization was granted.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

BILLING CODE 6712-01-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 660

[Docket No. 020430101-2101-01; I.D. 082802A]

Fisheries Off West Coast States and in the Western Pacific; West Coast Salmon Fisheries; Inseason Action No. 8—Closure of the Commercial Fishery From Humbug Mountain, OR, to the Oregon-California Border

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure; request for comments.

SUMMARY: NMFS announces that the commercial fishery for all salmon except coho in the area from Humbug Mountain, OR to the Oregon-California Border was closed at midnight on July 26, 2002. The Northwest Regional Administrator, NMFS (Regional Administrator), determined that the quota of 1,500 chinook salmon had been reached. This action was necessary to conform to the 2002 management goals.

DATES: Closure in the area from Humbug Mountain to the Oregon-California border, effective 2359 hours local time (l.t.), July 26, 2002, until 0001 hours l.t., August 1, 2002. Comments will be accepted through September 25, 2002.

ADDRESSES: Comments on these actions must be mailed or faxed to D. Robert Lohn, Regional Administrator, Northwest Region, NMFS, NOAA, 7600 Sand Point Way N.E., Bldg. 1, Seattle, WA 98115-0070, facsimile 206-526-6376; or

Rod McInnis, Acting Regional Administrator, Southwest Region, NMFS, NOAA, 501 W. Ocean Blvd., Suite 4200, Long Beach, CA 90802-4132, facsimile 562-980-4018.

Comments will not be accepted if submitted via e-mail or the Internet. Information relevant to this document is available for public review during business hours at the Office of the

Regional Administrator, Northwest Region, NMFS.

FOR FURTHER INFORMATION CONTACT: Christopher Wright, 206-526-6140.

SUPPLEMENTARY INFORMATION: The Regional Administrator closed the commercial fishery in the area from Humbug Mountain, OR to the Oregon-California Border effective at midnight on Friday, July 26, 2002. Information provided on July 26, 2002, estimated that the quota of 1,500 chinook salmon had been reached. Automatic season closures based on quotas are authorized by regulations at 50 CFR 660.409(a)(1).

In the 2002 annual management measures for ocean salmon fisheries (67 FR 30616, May 7, 2002), NMFS announced that the commercial fishery for all salmon except coho in the area from Humbug Mountain, OR to the Oregon-California Border would open July 1, 2002, through the earlier of July 30, 2002, or a 1,500-chinook quota. The fishery would then reopen on August 1, 2002, through the earlier of August 29, 2002, or a 3,000-chinook quota; and September 1, 2002, through the earlier of September 30, 2002, or a 2,000-chinook quota.

On July 26, 2002, the Regional Administrator consulted with representatives of the Pacific Fishery Management Council and Oregon Department of Fish and Wildlife (ODFW) by conference call. Information related to catch to date, the chinook catch rate, and effort data indicated that it was likely that the quota had been reached. As a result, the State of Oregon recommended, and the Regional Administrator concurred, that the commercial fishery in the area from Humbug Mountain, OR to the Oregon-California Border close effective at midnight on Friday, July 26, 2002. All other regulations that apply to this fishery remain in effect as announced in the 2002 annual management measures and subsequent inseason actions.

The Regional Administrator determined that the best available information indicated that the catch and effort data, and projections, supported the above inseason action recommended by the ODFW. The states manage the fisheries in state waters adjacent to the areas of the U.S. exclusive economic zone in accordance with this Federal action. As provided by the inseason notice procedures of 50 CFR 660.411, actual notice to fishers of the above described action was given prior to the effective date by telephone hotline number 206-526-6667 and 800-662-9825, and by U.S. Coast Guard Notice to Mariners broadcasts on Channel 16 VHF-FM and 2182 kHz.

This action does not apply to other fisheries that may be operating in other areas.

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds that good cause exists for this notification to be issued without affording prior notice and opportunity for public comment under 5 U.S.C. 553(b)(B), or delaying the effectiveness of this rule for 30 days under 5 U.S.C. 553(d)(3), because such notification and delay would be impracticable and contrary to the public interest. As previously noted, actual notice of this action was provided to fishers through telephone hotline and radio notification. This action complies with the requirements of the annual management measures for ocean salmon fisheries (67 FR 30616, May 7, 2002) and the West Coast Salmon Plan. Prior notice and opportunity for public comment is impracticable because NMFS and the state agencies have insufficient time to allow for prior notice and the opportunity for public comment between the time the fishery catch and effort data are collected to determine the extent of the fisheries, and the time the fishery closure must be implemented to avoid exceeding the quota. Moreover, such prior notice and the opportunity for public comment is contrary to the public interest because not closing the fishery upon attainment of the quota would allow the quota to be exceeded, resulting in fewer spawning fish and reduced yield of the stocks. The 30-day delay in effectiveness required under U.S.C. 553(d)(3) is also hereby waived due to the immediate need to stop a fishery upon attainment of a quota.

This action is authorized by 50 CFR 660.409 and 660.411 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
